

Take Care of Your Telephone!

MANY repairs to telephones are made necessary by careless handling. A telephone instrument has more than a hundred parts and is built like a watch. Rough usage impairs its efficiency. Help us to conserve the supply of telephone material and skilled labor by always handling your telephone carefully to avoid costly breakages and repairs.

The Bell Telephone Co. of Canada

Agent for Fire, Life, Accident, Automobile and Animal Insurance. A share of your business solicited. Office at residence, Main street, Glencoe. Phone 74.

Peter L. Campbell has bought the house on Victoria street north occupied by John W. Mitchell and will be moving in this week. Mr. Mitchell has rented the Dobie house at the south end of the town, now occupied by Mrs. McLean and family, who are moving to the farm in Ekfrid which they recently purchased from W. J. Mawhinney. One of those arm chair farmers at Ottawa, who is employed in sending out articles to educate producers, was asked why he did not go farming himself, as he appeared to know all about it. He replied: "Great guns, I can't afford to: I have to do something to support my family." He probably knows something about farming after all.—Forest Free Press. Word was received on Sunday of the death at his home in British Columbia of Charlie Peachey, formerly of Glencoe. Mr. Peachey was a son of the late Josiah Peachey who was born in Glencoe. He was well known as a leader in musical circles and was instructor of the Glencoe brass band when it flourished some years ago. He married Miss Edith Rogers, daughter of W. S. Rogers of Glencoe. W. J. Mawhinney's clearing sale in Ekfrid last week was well attended, although the elements were adverse. Everything went off with the exception of an old seed drill. Mr. Mawhinney's cows were of a splendid type, and two of them sold at \$141 and \$138. A binder that had been used a few years sold for \$150. His two year-old steers were of good quality, though not large, and averaged about \$90 each; his driving mare sold for \$140. Miss Annie Turner of Ferguson's Crossing fell while getting out of the Kingscourt Branch train on Monday evening and fractured her left leg between the knee and ankle. She has been employed at Mark Walker's for some time and was returning from her home. The train usually stops up at the coal chutes opposite Mr. Walker's house, and with the object of saving some distance of a walk, she jumped from the train while it was still going at quite a speed. "The Dust of the Earth," a pleasing four-act drama, will be presented at the Glencoe Opera House on Friday evening, April 19th, by the Newbury Dramatic Club. The play has scored a most remarkable success at several places during the season and will doubtless attract a crowded house here. It is given here under the auspices of the Women's Christian Temperance Union for the benefit of their fund for cocoa, chocolate and soap for our soldiers in the trenches. The play, "The Sweet Girl Graduate," was repeated at the opera house on Friday evening by the St. John's Dramatic Club to a fair-sized audience. As before, the performers did themselves credit and the audience's entertainment was had. The specialties between the acts were popular songs well rendered by Mrs. McGeechie, Mr. Strachan, Stanley Humphries and Miss Hazel Strachan, and a pleasing piano duet by Misses Muriel Precious and Annie George. Receipts were \$30.25. Glencoe Presbyterian Young People's Guild closed an interesting series of winter meetings on Wednesday evening of last week, when a debate on the merits of College Education vs. Domestic Science was ably handled for the affirmative by Misses Muriel Precious and Earl McDonald, and for the negative by Miss Lizzie Grant and John McGregor. The judges decided that the speakers for college education had made out the better case and gave their decision for the affirmative. A pleasing programme of music interspersed the evening, including a vocal quartette by Messrs. Lloyd, McAlpine, Suttler and Strachan, a piano solo by Misses Pearl and Annie George. Alex. McEachren of Vancouver and Miss Florence Black, daughter of Alex. Black of Ekfrid, were united in marriage recently at the bride's home. Before Mr. and Mrs. McEachren left for the West a social evening was given in their honor by friends and neighbors and the bride presented with a handsome purse and a complimentary address. A Bible was also presented by the Sunday School, in which Miss Black was a teacher and a very earnest worker. Further recognition of her worth in the community in Red Cross work and other ways was expressed in addresses given during the evening by many of those present.

WESTON.—In Lorrie, Sask., on Tuesday, March 20th, 1918, to Mr. and Mrs. A. G. Weston (nee Miss K. Karrel Graham), a daughter—Jean. BORN. The girls are sewing and the boys are sewing. "It's nice to get up in the morning, but it's nicer to lie a-bed." The electric light commission will meet on Thursday evening at 8:30 in the council chamber. The country districts will continue to be regulated by the sun, and towns and cities by the clocks. The annual spring stallion show will be held on the fair grounds, Glencoe, on Wednesday, May 1st. The Weekly Sun advises caution in plowing-up the fall wheat. Last year many people were sorry they did it. When it comes to holding the line, a couple of women engaged in a telephone conversation can beat General Haig hands down. The matter of holding the usual big horse show and races in Glencoe on King's birthday in June is being considered by the Moss and Ekfrid Fair Board. John Strachan has received a letter from Pte. Isaac Kuns, formerly of the 135th Battalion, stating that he is now a stretcher-bearer in France and is in the best of health. Union intercessory services will be held alternately in the Glencoe churches on three successive Wednesday evenings, commencing this week in St. John's church. Nate Olliphant, employed at McCallum's garage, had his right wrist fractured while cranking a car a few days ago. Mr. Olliphant came here with his family recently from Dresden. It is suggested that business be suspended one-half day a week in Glencoe during the summer to give the townspeople opportunity to work their gardens or otherwise assist in the greater production campaign. In order to suit the farmers the officials of the Methodist church in Glencoe have decided to hold the Sabbath services at hours of 12 o'clock and 8 o'clock, instead of 11 and 7, leaving the Newbury service at 4 o'clock. A courtesy appreciated by your guests is to have their visits mentioned in the local paper. Whenever you go away your friends will be interested to learn of your visit through this page. Send any such news items to the Transcript office. Alvinston Free Press:—Dan, McKellar had a fine large barn 40x50 feet raised last week on his premises. J. J. Shields supplied the timbers which are of excellent quality. Duncan Mitchell of Glencoe is also deserving of praise for his excellent workmanship in the framing. Mrs. Robert Clanahan received word on Sunday afternoon of the death of her sister, Mrs. Mary Ann Farquhar, widow of the late John Farquhar, at the home of her daughter, Mrs. W. Edwards, Dorchester township. Deceased was the eldest surviving member of the family and was in her 90th year.

All book accounts must be settled at once.—W. T. Jelly. Let us learn how to tip our hats as politely to the young lady who sews for us as we do to the man who has a toll as to the one who teaches French or chews gum in seven different languages. Let us give a warm call to the hand of the tiller of the soil, the farmer, the tradesman as we do to the lawyer or doctor. Let us recognize honesty and industry wherever found and the time will soon come when there will be array of bright, intelligent, honest young men and women at the bottom of the ladder, ready to labor at any honest calling. Let us remember that the most beautiful lives have blossomed in the darkest places, as pure, white lilies full of fragrance in the slimy stagnant waters. Wealth, birth and official station may do and secure to their possessors an extreme, superficial courtesy; but they never did or never can command the reverence of heart. The most beautiful flowers are hidden in some shady nook; so the most beautiful lives are often found in the humble home at the foot of the ladder. Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infestations are removed, and satisfactory growth is assured. Behold the motorist! How well he knows when the roads are just right! The Transcript is agent for the Appinford Counter-Check Book Company. Why not give us your next order for check books? No matter what style of check book you are using, we can duplicate it at the same price. Give the local man the preference. CHAS. GEORGE, Secretary.

CASTORIA In Use For Over 30 Years Always bears the Signature of *Chas. H. Fletcher* Marriage licenses issued by D. H. McRae, Strathburn. 5411 Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even a brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and all at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

Notice re Cleaning Yards. Notice is hereby given by the Board of Health that all backyards and premises must be cleaned and put in a sanitary condition at once. Have all tins gathered in boxes and a wagon will call for them at only a small cost to you. After May 1st the Sanitary Inspector is authorized to make a thorough inspection, and places not cleaned before that date will be cleaned up at once at your expense. Section 74 of the Public Health Act states that the following shall be deemed nuisances under the meaning of this Act: (a) Any premises or part thereof so constructed or in such a state as to be injurious or dangerous to health. (b) Any street, pool, ditch, gutter, water-course, sink, cistern, water or earth closet, privy, urinal, cesspool, drain, dung pit or ash pit, so foul or in such a state, or so situated as to be injurious or dangerous to health. (c) Any well, spring or other water supply injurious or dangerous to health. (d) Any stable, byre or other building in which animals are kept in such a manner or in such numbers as to be injurious or dangerous to health. (e) Any accumulation or deposit of refuse, wherever situated, which is injurious or dangerous to health. (f) Any house or part of a house so overcrowded as to be injurious or dangerous to the health of the inmates or in which insufficient airspace is allowed for each inmate to comply with the regulations. CHAS. GEORGE, Secretary.

Reroof with Brantford Asphalt Roofing. Don't let a leaky roof damage the wall paper, carpets or furniture in your home, the crops in your barn or the goods in your store. Tear off the old shingles or other worn out roofing material and put on a lasting roof of Brantford Asphalt Roofing. This roofing is made of a blend of hard and soft asphalts on a long-fibred felt base. By blending the asphalts a roofing of remarkable elasticity is secured—one that is flexible, durable and capable of resisting all kinds of severe climatic extremes. Brantford Asphalt Roofing is, in addition, surfaced with silica sand on both sides, which adds to its weight, fire-resistance and durability. You may be offered other sanded roofing, but it will not have the quality of material or weight of saturation of Brantford Asphalt Roofing. Made in three weights—60 lb., 70 lb., 80 lb. per square. Brantford Ruober Roofing is the same quality as Brantford Asphalt, but has a smooth, rubbery surface instead of the sand. It is particularly suitable for verandah decks and floor coverings. Three weights—40 lb., 50 lb., and 60 lb. per square. Standard Mohawk Roofing consists of the same grade of materials as Brantford Asphalt Roofing but is lighter in weight—a thoroughly reliable roofing at a low price. Tested for years and has given entire satisfaction. Sanded on one side. One weight—40 lb. per square. Mohawk Rubber Roofing The same quality as Standard Mohawk but with a smooth surface. Used for all classes of temporary work—sheds, bunk-houses, camp sites, even dugouts in the trenches. 35 lb., 45 lb., and 55 lb. weights. Leatheroid Roofing Slightly lower quality than Mohawk Rubber. Used for same purposes. 35 lb., 45 lb., and 55 lb. weights. Samples of all of these roofings and prices will be furnished by either the makers or their agents in this locality. Brantford Roofing Co. Limited Head Office and Factory, Brantford, Canada Branches at Toronto, Montreal, Halifax For Sale by McPherson & Clarke

SHERWIN-WILLIAMS PAINTS & VARNISHES

"COMMONWEALTH" BARN RED

The Paint for Barns, Roofs, Fences, Etc. S-W Commonwealth Barn Red is a bright, rich Red, that works easily, covers well and dries with a fine, smooth, durable finish. Put up in convenient sized cans, all full Imperial Measure. Why not try it this year to protect your barn against the weather? You have a heavy investment in farm machinery, implements, wagons, etc. Increase their life and usefulness by protecting them against rust and decay, by using Sherwin-Williams Wagon and Implement Paint. The longer they last the less they cost. It is economy to use S-W Buggy Paint on your buggies and carriages, and S-W Auto Enamel on your car. They give entire satisfaction and are easy to apply. Color schemes and suggestions for any part of your building furnished by expert decorators, free upon application and without any obligation. We carry a complete line of Sherwin-Williams Paints and Varnishes. Ask us for Color Cards, prices or any other information you may require.

JAS. WRIGHT & SON, GLENCOE. The girls are sewing and the boys are sewing. "It's nice to get up in the morning, but it's nicer to lie a-bed." (d) Any stable, byre or other building in which animals are kept in such a manner or in such numbers as to be injurious or dangerous to health. (e) Any accumulation or deposit of refuse, wherever situated, which is injurious or dangerous to health. (f) Any house or part of a house so overcrowded as to be injurious or dangerous to the health of the inmates or in which insufficient airspace is allowed for each inmate to comply with the regulations. CHAS. GEORGE, Secretary.

Reroof with Brantford Asphalt Roofing. Don't let a leaky roof damage the wall paper, carpets or furniture in your home, the crops in your barn or the goods in your store. Tear off the old shingles or other worn out roofing material and put on a lasting roof of Brantford Asphalt Roofing. This roofing is made of a blend of hard and soft asphalts on a long-fibred felt base. By blending the asphalts a roofing of remarkable elasticity is secured—one that is flexible, durable and capable of resisting all kinds of severe climatic extremes. Brantford Asphalt Roofing is, in addition, surfaced with silica sand on both sides, which adds to its weight, fire-resistance and durability. You may be offered other sanded roofing, but it will not have the quality of material or weight of saturation of Brantford Asphalt Roofing. Made in three weights—60 lb., 70 lb., 80 lb. per square. Brantford Ruober Roofing is the same quality as Brantford Asphalt, but has a smooth, rubbery surface instead of the sand. It is particularly suitable for verandah decks and floor coverings. Three weights—40 lb., 50 lb., and 60 lb. per square. Standard Mohawk Roofing consists of the same grade of materials as Brantford Asphalt Roofing but is lighter in weight—a thoroughly reliable roofing at a low price. Tested for years and has given entire satisfaction. Sanded on one side. One weight—40 lb. per square. Mohawk Rubber Roofing The same quality as Standard Mohawk but with a smooth surface. Used for all classes of temporary work—sheds, bunk-houses, camp sites, even dugouts in the trenches. 35 lb., 45 lb., and 55 lb. weights. Leatheroid Roofing Slightly lower quality than Mohawk Rubber. Used for same purposes. 35 lb., 45 lb., and 55 lb. weights. Samples of all of these roofings and prices will be furnished by either the makers or their agents in this locality. Brantford Roofing Co. Limited Head Office and Factory, Brantford, Canada Branches at Toronto, Montreal, Halifax For Sale by McPherson & Clarke

CASTORIA In Use For Over 30 Years Always bears the Signature of *Chas. H. Fletcher* Marriage licenses issued by D. H. McRae, Strathburn. 5411 Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even a brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and all at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

Notice re Cleaning Yards. Notice is hereby given by the Board of Health that all backyards and premises must be cleaned and put in a sanitary condition at once. Have all tins gathered in boxes and a wagon will call for them at only a small cost to you. After May 1st the Sanitary Inspector is authorized to make a thorough inspection, and places not cleaned before that date will be cleaned up at once at your expense. Section 74 of the Public Health Act states that the following shall be deemed nuisances under the meaning of this Act: (a) Any premises or part thereof so constructed or in such a state as to be injurious or dangerous to health. (b) Any street, pool, ditch, gutter, water-course, sink, cistern, water or earth closet, privy, urinal, cesspool, drain, dung pit or ash pit, so foul or in such a state, or so situated as to be injurious or dangerous to health. (c) Any well, spring or other water supply injurious or dangerous to health. (d) Any stable, byre or other building in which animals are kept in such a manner or in such numbers as to be injurious or dangerous to health. (e) Any accumulation or deposit of refuse, wherever situated, which is injurious or dangerous to health. (f) Any house or part of a house so overcrowded as to be injurious or dangerous to the health of the inmates or in which insufficient airspace is allowed for each inmate to comply with the regulations.
