23 8 5 14 - 7 5 18
13 1 14 25 - 9 19 -
4 5 6 5 1 20 5 4

Can you work this out? Do you want to know how it was decided long before peace came when the war would be over? The answer is contained within the 48 squares above. What is this answer? Solve it and valuable prizes await you.

HOW TO SOLVE IT
The above squares hold the answer. It is in one sentence of nine words, containing forty letters. Each letter is represented by a number, and that number is the position of the letter in the alphabet. For instance, A is represented by the figure 1, as it is first in the alphabet, and so on. Now, to help you get started, we will tell you that the first letter in the puzzle is 'W' because W is the 23rd letter in the alphabet. Get to work and find out the words in the sentence, and try to find the answer to the great question, 'When will the war be over?' It is not easy, but it is worth while trying for.

THE AUTO-MAN EVERYWOMAN'S WORLD, Dept. 306 TORONTO, ONT.

Save Time and Money by Painting Your Own Car
You can do a satisfactory job with our Motor Car Enamels, which are waterproof, durable coatings made by combining high grade automobile varnish with permanent colors. One coat both colors and varnishes. Eight permanent colors, and intense black, easy to apply, flows freely, so it does not show brush marks and dries perfectly in forty-eight hours. Just follow the simple directions on the can and you will have no trouble. One quart is sufficient to do a small runabout.

\$1,000,000 a Month
If you had an income of a million dollars a month and spent it all you would not be so well off at the end of the year as the man who gets twenty dollars a week and puts a little of it regularly in our Savings Department. One Dollar opens an account; interest added twice a year.

Safety Deposit Boxes for the secure keeping of valuables to rent for a trifling charge.
