WANTED.—Fresh picked full grown tomatoes.—Apply to S. Vaughan, Wolfville.

Dr. Wickwire, of Halifax, a native of this county, has been elected a vice president of the Canadian Medical Association.

One case St. Croix Gingham, fine quality, at 10c per yard at BURPEE WITTER'S.

PERSONAL.—Mr. Chas. S. Hamilton, a native of this county, and now practising law at New Haven, Conn., is spending a few weeks in Wolfville. He is a son of the late Edward Hamilton, of Grand Pre.

Mr. Wm. Follett, Sr., brought into our office yesterday a curiosity in the shape of a cluster of six apples on the end of a small limb. A quarter of an inch cut off the end of the limb supported all six of the apples.

EAGLES.—Large numbers of eagles have been seen in this vicinity this year and our sportsmen are vying with each other to get one. Some of them are pretty large.

BRUN.—A fine sheep owned by Albert Mitchell, of Wolfbrook, was killed by a bear on Friday last. Albert Finch went on the trail and came up with and killed his bear on Sunday morning. The animal weighed upwards of 350 pounds. We understand that Mr. George Spiny has killed three bears already this season.

BARRELS.—J. D. Martin wishes to inform his patrons that apple barrels can be obtained in Wolfville, from Edward Paine who is acting as his agent, in this place.

NEW PRINCIPAL.—Miss Wadsworth, of Boston, a lady very highly recommended, has been appointed principal of Acadia Seminary in place of Miss Graves, who resigned last spring. The departure of Miss Graves was deeply regretted by all, as during her residence in Wolfville she had made many friends. We have no doubt of the continued success of the Seminary under the control of the new principal.

"RAMPART."—Dr. Bowles' "Rampart" filly is now in the hands of Al Sloop, of Truro, the popular horse-trainer. It is Mr. Sloop's intention to take her to New Brunswick, and enter her for all the colts' races; after which he will also enter her at the different fall meetings of the various Nova Scotia tracks. We understand that the Dr. has been offered by an American lover of horse-flesh, quite an amount for his filly.

Having recently imported a "Perfection" Sheep Sharpener, I am prepared to sharpen and put in first-class order shears and scissors of every description. Perfect satisfaction guaranteed. J. M. SHAW, 35 Wolfville.

GRAND DEPART.—Your correspondent "Gabriel" in last week's issue gave us a correct account of the improvements in the Lower Horton Methodist church, but forgot to give credit to our local mechanic, Mr. Martin Duncanson, who planned and affected the mechanical attractions in the pulpit and platform. That wonderful sign for Mr. Patterson was built by him in his shop at Grand Pre, where it was lettered by Mr. Bishop. While great credit is due your Wolfville artist, Mr. Bishop, our resident workmen should not be neglected. BELFONSTAIN.

Stor in the East, is discharging coal for Londonderry Stove Works.—Schr. Gleamer cleared for Tennycape yesterday.—A vessel is discharging at Cranberry.—Work is progressing on Gt. Village canal. Will the Guardians find anything in this to fill up his local column? If so, we suggest he leave out any reference to the ring of the anvil.—I. O. O. F. Manchester Unity intend having a big time at Truro this week.—The Taylor Quintette Club gave a concert at Economy, a few weeks ago.—Big rain here Tuesday. If this finds a place you may hear again from.—B. G.

Halifax Items. The great event of the present week has been the excursion to Truro of the Oddfellows—Manchester Unity—which took place Tuesday. A special train of 12 cars, containing about 800 persons, left North St. Station about 9 1/2 o'clock, a. m., returning at 10 1/2, p. m. Many more excursionists would have gone but could not get train accommodation. Previous to their departure the members of the society marched in procession through the city, headed by the 66th volunteers' band. With banners and emblems gleaming in the sunlight, and in full regalia, they presented a fine appearance. Every thing passed off in an orderly and satisfactory manner. A fatal accident occurred at Richmond yesterday. An elderly man named Stephen Pollock, an employee of the I. C. R. being run over by an engine and instantly killed. He was fearfully mangled. Work on the Dry Dock is being pushed forward. Operations below the water-level have to be performed during the ebb of each tide, which requires a night and day gang of men. Dredging at the entrance to the dock has also been commenced. Tracks have been laid through the works for the conveyance of building material, etc. The inconvenience experienced by the travelling public, through the I. C. Weymouth, Sept. 14, 1885.

DR. NORTON: Dear Sir,—For twenty five years I have been afflicted with Salt Rheum, and last Summer my head and part of my body was one fearful sore. My husband employed at different times three doctors, which failed to do me any good. In August 1884 I commenced taking your Dr. O. W. Norton's Burdock Blood Purifier, and after taking three bottles, an entirely cured, as I have not the least symptoms of it since. The Blood Purifier has also cured Capt Brookes of Dyspepsia and Liver Complaint.

Yours truly, Mrs John
