

# THE HIGH SCHOOL DRAWING : COURSE

Authorized by the Minister of Education.

The course is now complete :

- No. 1—FREEHAND,
- No. 2—PRACTICAL GEOMETRY.
- No. 3—LINEAR PERSPECTIVE,
- No. 4—OBJECT DRAWING,
- No. 5—INDUSTRIAL DESIGN.

These books are all uniform in size and style, and constitute a complete uniform series. The same plan is followed through them all—the Text, the Problems, and opposite the Problems, in each case, the Exercises based upon them. The illustration is upon the same page with its own matter, and with the exercise, in every case, is a space for the student's work. Each copy, therefore, is a complete Text-book on its subject, and a Drawing Book as well, the paper on which the books are printed being first-class drawing paper. The student using these books, therefore, is not obliged to purchase and take care of a drawing book also. Moreover, Nos. 1, 4 and 5 are the only books on their subjects authorized by the Department. Therefore, if the student buys the full series, he will have a uniform, and not a mixed series, covering the whole subjects of the examinations, and edited by Mr. Arthur J. Reading, one of the best authorities in these subjects in this country, and recently Master in the School of Art.

Each book is in the direct line of the curriculum, and is authorized.

The examinations in High School Drawing will be set from the authorized books.

PRICE, ONLY 15c. PER COPY.

### CHARACTERISTIC.

On the 6th inst. papers giving particulars of the accidental death of Mr. O. C. Cummings, a highly respected merchant of Truro, N.S., were received by the North American Life Assurance Company of this city, and with customary promptness a cheque was forwarded on the same day for the full amount of the insurance policy he was carrying on his life. The cheque was in the hands of the estate on the 8th, two days later, and early this week the following letter was received in acknowledgment :

CUMMINGS & LOVETT, Queen's Building, Prince Street.  
Barristers, Solicitors, Notaries, etc.  
S. W. Cummings, LL.B. TRURO, N.S., October 8, 1891.  
H. A. Lovett, LL.B.  
WM. McCABE, ESQ., MAN. DIRECTOR  
North American Life Assurance Co., Toronto.  
Re Policy 5005.

MY DEAR SIR,—I beg to acknowledge receipt of your favour of the 6th inst., enclosing cheque in favour of Mrs. Cummings and myself for \$2,000, being the full amount of the claim under above policy on the life of my brother, the late Oliver C. Cummings. You will kindly accept the thanks of Mrs. Cummings and myself for the promptness in which you have attended to this matter and paid the claim. I communicated the contents of your letter to Mrs. Cummings, and she wished me to express to you her appreciation of your words of sympathy.

Regarding the promptness with which you have attended to this claim, I may say that proofs of death were delivered to your Company, the Confederation, and the Canada Life the same date, but your Company is ahead of all others in time of payment.

Herewith enclosed please find discharge executed as requested, and also Policy with last premium receipt.

Yours very truly,  
S. W. CUMMINGS.

## THIRD EDITION!

Indispensable to every live Teacher.

## Practical Problems

IN ARITHMETIC.

For First, Second and Third Classes.

By JAMES WHITE, Public School Teacher

EDMONTON, ONT.

This book has been prepared specially to suit the convenience of Public School Teachers. It contains about 700 Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors.

Read their Opinions.

From ALLAN EMBURY, ESQ., Inspector, Peel.

I have examined this little book of Arithmetical Problems, and can give it an unqualified endorsement. The questions are carefully graded, and are specially suited to the wants of our over-worked teachers who have not always the time to devote to the preparation of exercises upon the various subjects of the school curriculum. The questions are not stated in the form of propositions; but their statement is incidental, leaving the inner connection of the problems to be discovered by the pupil himself; and in this important feature lies their special adaptability as an educational force. I heartily recommend this book to all teachers wishing to economize time and labor in their preparation for ordinary school work.

From E. TROUGHT, ESQ., Teacher, Member County Board of Examiners, Inglewood.

I have examined with some care Practical Problems in Arithmetic for First, Second and Third Classes, by Mr. White, Edmonton. Without the slightest hesitation I say that they are the best I have ever seen—the best in selection, the best in grading, and above all, the best for developing the reasoning powers of the child, and for exercising his ingenuity. A special feature of the grading is that principles which have been introduced are being constantly made use of in the succeeding problems which are in their turn introducing new principles, so that the whole work may be said to be one unconscious review. It is a great boon to Teachers.

Price, Bound in Cloth, 25 cts.

26 & 28 Front St. West, Toronto.

### "PERFECTION"

### BUTTONLESS

These balls are made by the celebrated "McKeechie," and being the best production of the best maker in the world they ought to bear examination. We ask you to compare them. You will notice that they have only one intersecting seam, and therefore are less liable to rip than those with two such seams. They are perfect in shape, and filled with McIntosh's best rubbers, stamped, in fact, the second quality is equal to most Buttonless balls of other makers first quality.

FIRST QUALITY.

Rugby Match Ball, very superior, price \$2.75.

### ASSOCIATION FOOTBALLS COMPLETE

### A NEW EDITION

— OF —

## Arithmetical Problems

For Senior Classes and Candidates for Entrance to High Schools and Collegiate Institutes

By G. H. ARMSTRONG,  
First Assistant Master Wellesley School,  
Toronto.

Any typographical errors in the first edition have been corrected. The Entrance Paper for December, 1890, has been added. The answers to all the problems have been appended. No other work possesses these features. Teachers and Inspectors commend it.

I am highly pleased with your Arithmetical Problems for Senior Classes. It suits my Entrance candidates exactly. A book such as this is needed by every Fourth Class pupil.—GEO. KIRK, Head Master M.S. Chatham.

I have just examined your Arithmetical Problems for Senior Classes. The problems are very suitable and the collection must prove very valuable to teachers. I heartily commend it.—G. D. PLATT, B.A., P.S. Inspector, Prince Edward.

After a careful examination of your "Arithmetical Problems for Senior Classes," I find them well graded and very suitable for the purpose intended. The teacher who uses them for home or class work, will save himself a vast amount of labor, and in all probability secure to his pupils much better results.—J. S. DEACON, Inspector, Halton.

I have no hesitation in saying that for the purpose for which it is intended the work is infinitely the best with which I am acquainted. Its strong point, to my idea, is the logical sequence in the problems by which the pupil is almost insensibly led on step by step until he reaches quite a difficult style of question. The printer, too, has done his work very well, and there are but few typographical errors. I shall certainly recommend every teacher in my inspectorate to use a copy.—J. C. MORGAN, M.A., Inspector, Barrie.
