

SESSIONAL PAPER No. 29c

Q. series are taken from copies which have been carefully compared with the originals in the Public Records Office in London.

The statutes and journals of the Legislative Council and Assembly constitute the chief printed sources. The text of the Statutes has in every case been taken from the original edition published by authority of Parliament, while the minutes of the Legislative Council and the Journals of the House of Assembly of Lower Canada have been reproduced from the proceedings as published by authority of Parliament. The original printed journals of the House of Assembly of Upper Canada, for the early period covered by this volume, were many years ago destroyed by fire but a copy has been made from the manuscript copy of the Journals sent at the close of each session by the Lieutenant Governor to the Colonial Secretary in accordance with the Instructions to the Governor. The proceedings of the House of Assembly of Upper Canada are therefore reproduced from this subsequent copy.

The notes throughout this volume have been written to afford information regarding the documents themselves and the issues with which they are concerned. As in the first volume their functions may be classified as follows:—

(a) To furnish references to the sources of the documents reproduced. (b) To provide references where possible to all other papers referred to in the documents published. (c) To provide such information as will relate successive documents or series of documents each to the other. (d) To indicate the official position, and supply brief biographical information relating to the various parties between whom the correspondence published takes place or who are prominently mentioned in the course of such correspondence.
