

Health visitors dealing
Specially with tuberculosis
the treatment of infants.
My days are as usual very
full & very interesting. My social
evenings have been very success-
ful. We had Mr. Ebenezer
Howard founder of the Garden
City talking about Garden Cities
& Miss Constance Smith
one of the delegates to the
International Labour
Congress at Geneva on
International Labour Legislation.
I find those who come
greatly appreciate the social
intercourse they get. Some
come from quite a distance

the Lark on the Common. ^{5772 2}
I sat by your grave & a
dear little robin came close
to me & he fed & all round
the birds were singing.
It was very peaceful.
Another day I spent at
Hampton Heath. I
felt greatly refreshed in
mind & body by the scenery
& the rest & beauty.
I am sorry to say Mr. William
Broadbent has been getting
on very slowly for when he
was making good progress
he got a second attack of
influenza which has
