

B.F. 2 CSR snowshoes;

Feb 15 I spent the entire  
day at 100 Vail East Street  
where Laplace left the  
snowshoes. I went to bed  
and next saw the  
snow the next morning. I believe  
it was in my room.

at the clock. The lights  
went out at a clock that evening  
several times. The accused  
went to bed before the lights came  
back on before he left. It would  
be hard to walk for my  
skis. The accused Sullivan  
went at approx 1800 hrs for supper  
and with two snowshoes at  
Sullivan talked to Laplace  
and had a good rest  
the accused left the room  
with.
