ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in all cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa Ridge, Ill. says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with a putrid sore throat and asthma for some ten years. I saw your advertisement for the cure of this dreadful and tormenting disease. Asthma, and thought you had oversold yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full-size bottle."

REV. DR. MORRIS WECHSLER, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

Rev. Dr. Morris Wechsler, Medicine Co., Gentlemen—Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform, or ether. Very truly yours, Rev. Dr. Morris Wechsler.

Feb. 5, 1901.

Dr. Taft Bros. Medicine Co.

Gentlemen—I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My only has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I changed to see your sign upon your windows on 12th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,
O. D. PHELPS, M. D.

CHAINED FOR TEN YEARS

EVERY BRINGS RELIEF.

Feb. 5, 1901.

Dr. Taft Bros. Medicine Co.

Gentlemen—I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years I was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

Home address, 235 Rivington street, S. RAPHAEL.

67 East 129th street, New York City.

Trial bottle sent absolutely free on receipt of postal.

Do not delay. Write at once, addressing "DR. TAFT BROS. MEDICINE CO., 79 East 130th street, N. Y. City."

FATAL COLLISION

Eighteen Men of a British Steamer and One Spaniard Drowned.

London, Jan. 6.—The British steamer Alfonso, which sailed from Newport, Dec. 15, for Gibraltar, and the Spanish steamer Vileva, both loaded with coal, collided during the night of January 4 off Aveiro, Portugal. Both vessels sank. Eighteen men of the British steamer and one man belonging to the Spanish ship were drowned. Twenty-four members of the crew of the Vileva and the captain of the British steamer were picked up and landed at Matto Linhos.

BRITAIN'S TRADE

Chamberlain Says Prospects are Very Good—No Cause for Foreign Hatred

London, January 6.—In speaking at Birmingham to-night Joseph Chamberlain, the colonial secretary, referred to the hatred and jealousy of Great Britain which is entertained abroad and denied that this was due to the existence of a particularly wicked government.

"This is no new thing in history," he said, "and we must maintain our splendid isolation, surrounded and supported by our colonial kinsfolk."

Whilst fully admitting the necessity of finding new markets and keeping abreast of modern times and methods Mr. Chamberlain saw no sign of any imminent or pressing danger to British trade. He said: "During the last five years we have enjoyed an absolutely unparalleled condition of trade and for the future the prospects are exceedingly good."

The colonial secretary strongly deprecated any attempt on the part of the trades unions to restrict the output and reduce all workmen to a dead level of mediocrity. In this connection the speaker referred to the opinions of Senator Hanna and President Schwab, of the Steel Corporation, on this subject.

SURPRISING RESULTS

A Simple Internal Remedy Makes R. M. Kab's Cures of Catarrh.

People who have used sprays, inhalers, salves, and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant, internal remedy in tablet form; druggists everywhere admit that Stuart's Catarrh Tablets is the safest, most effective, and popular of all catarrh remedies. Nearly all cheap cough mixtures and throat lozenges contain opiates; these cheap medicines give a temporary relief, especially with little children, but they destroy nerve sensation; the irritation in throat, which causes coughing is temporarily removed, but by removing the cause, but by deadening the nerves of feeling the irritation is not felt although it is still there and will promptly return.

Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretion, whether in the nose, throat or stomach, because they are composed of

wholesome antiseptics like red gum, bid root, etc., when you use these tablets you know what you are putting into your system and not taking chances with cocaine, opiates or similar poisons found in so many catarrh cures and cough medicines.

Dr. Wainwright says: "I never hesitate to prescribe Stuart's Catarrh Tablets for Catarrhal Headaches and catarrhal deafness, because I know them to be perfectly safe for child or adult, and have seen many reliable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any good physician should not use them, because we should sieve upon the means of cure wherever found."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children, because they are pleasant to the taste, and may be used freely to break up severe colds and croup at the very beginning.

All druggists sell the remedy at 50 cents for full sized packages.

A little book on causes and cures of catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

Evolution can only end in the establishment of the greatest perfection and the most complete happiness.

LIVELY BRUSH WITH BURGHERS

Field Cornet and Ten Boers Killed and Thirty-five Captured.

New Force of Artillery Mounted Rifles—The Land Settlement—Railway work.

Bloemfontein, Orange River Colony, Jan. 6.—Bereford's force of constabulary encountered a force of Boers on January 4 in the central part of the Orange River Colony, killed Field Cornet Pretorius and ten men, and captured 35 burghers, including Field Cornet Leroux and Erasmus.

A NEW MOUNTED FORCE.

Johannesburg, Jan. 6.—Lord Kitchener has organized a new mounted force from the artillery. This command, which will be known as the Artillery Mounted Rifles, took the field to-day, 1,400 strong. It consists chiefly of gunners of the howitzer batteries with some others from the field batteries. The reduced forces of the Boers offer little scope for artillerymen, and it is believed that they can be used with greater effect as a mobile column to crush out the final resistance of the burghers.

LAND SETTLEMENT.

Bloemfontein, Jan. 6.—The Government is purchasing 80,000 morgen of land in the Ficksburg district in connection with the land settlement scheme. It has already bought 45,000 morgen in the Thaba Nchu district. The idea is to split the land into small holdings, and enable settlers to establish small communities and villages. The Government is also buying large tracts of land for the same purpose in the conquered territory. Eighty farms have already been allotted, and there are numerous applications for others.

NEARING COMPLETION.

The Harris-Smith Bethlehem Railway, 70 miles long, will shortly be completed. For 40 miles the line runs over breastworks that were constructed by the Boers before the war. Passenger traffic on the Bloemfontein-Sannas Post Railway, which hitherto has been used exclusively by the military, will commence to-morrow. The main line from Norval's Point to Viljoen's Drift will be relaid immediately to provide for the extra heavy traffic.

Coke as Fuel

The following letter from Mr. McLachlan, who has made thorough tests as to the relative merits of Coke and Coal as fuel for furnace, range and coal stove, will explain itself:—

Dear Sir:—In replying to your enquiry as to my opinion of the use of Coke for heating purposes, I can speak in nothing but the highest terms of it.

We have had considerable experience in heating large space and have made ample tests as to the comparative merits of Coke and Coal for heating purposes, with the result that we can recommend coke as having a most decided advantage, and I believe that if its heating facilities were better known it would be much more largely used than it is.

Yours sincerely,

D. McLACHLAN.

The demand for coke has always exceeded the supply in Chatham, but with the installation of new apparatus, a much greater quantity is being produced, so that we are now able to supply our customers promptly.

Coke is sold at \$3.25 and \$3.75 in different sizes, for a full cartload of 30 tons—less than half the price of the same quantity of coal—or will be sold in smaller quantities if desired. Try a load!

Tunza—Miss Etie Quinn.

Chorus of Turkish soldiers, sailors, Indians, natives, Mexicans and grand ballet.

Clothing and Science

Fine thing to be alive in these early years of the twentieth century. Pick up any newspaper nowadays and you find wonders growing like grass-blades. Pictures sent by telegraph—Marconi signaling round a great curve of the globe—dozens of fiery-thoughted inventors hard at work on models of controllable air-ships, and each confident of success—distance and time steadily shrinking; makes you dizzy to think of the tension and the splendor of it all.

Hardly a single branch of industry that science has not transformed in the last ten years. Labor-saving machines have done much towards the great revolution in the clothing business, and the end is not yet. We watch for more improvements, and shall be first to welcome them when they come. From its outset this business recognized the power and the possibilities of mechanical invention.

FORGOTTEN.

STORIES to rent—and stores cannot be rented. Stores are growing and stores are decaying—What does it mean? Business conditions—and business privileges. It's the oft-told story—"the survival of the fittest." The best service giving is the growing store—the practical store—the popular center—despite any location—any condition or any privilege. Ours is a growing store—bounding ahead as at no previous time in its history. The store is better this season than it was last—better this month than it was a month ago—better today than it was yesterday—for that matter. Ever so much better—in stocks—in service—in workmanship. It's the spirit of the management—caution, growth—goodness—prompted by your immediate acceptance. COME AND SEE US.
