was deposed, and the French overthrown, since maintained by the French and the complete subjugation of the French, are matters of course.

Piracy on Western waters has become so numerous known. The great spread over the great that pirates have no application of steam, a stop to this nefarious in times gone by guarded by the ship true that piracy still but even there it is ing; and indeed the are fast extinguishing their coveted booty each other.

It is always pleasant to hear of heroes, and it may be said that the life of second son of William Pitt born in the year 1725, navy, and accompanied age round the world. he soon distinguished from France, but no ance on the part of the mandated the Channel in with the French Ushant. A partial which the English a following morning, taking advantage of harbour of Brest. was attributed to Admiral Palliser with Keppel's dissatisfaction to the Sir Hugh Palliser, charge against Admiral acquitted by a court feeling was much e Palliser was fain to m at five o'clock in the insults of the mob. with great rejoicing windows of obnoxious was then tried and ce for his distinguished age. He subsequently as First Lord of the of October, 1786, great

THE IMPEACHMENT

(29.)—HENRY DUNDAS, of Lord Arncliffe, a royal offices under George First Lord of the Admiralty in 1805, a charge was preferred against him, and he was brought before the House of Commons, who, after refusing to impeach him, voted that he should be tried by a court of law.

* In the impeachment of which Dundas was one of the accusers, one of the strongest arguments of his day, and was quite regardless so far as stood alone or had the played great ability closing the proceedings satire with much power. Lord Melville had a tracing bank-notes. "If the history of all unravelling, what a history! All have heard of the adventures of a Guinea, a captive guinea could not it found its way from at the Navy Office; for
