

Concrete Hog Houses and Feeding Floors

Enable you to raise bigger hogs and better pork without heavier feeding. A concrete feeding floor permits the animals to clean up *all* the feed without waste, and eliminates the possibility of your hogs contracting disease. To you they

Mean Bigger Profits

Hog houses of concrete are sanitary, easily cleaned, maintain an even temperature and give plenty of light and air, which tend to better the quality of pork. Concrete will not rust or rot. Never needs repairs or painting. It will outwear any other material for farm structures. Write for this beautifully illustrated free book "What the Farmer can do with Concrete." It shows how to build Hog Houses, Feeding Floors and many other things the farmer needs.
