Don't Delay Buying a
DE LAVAL
Cream Separator
a single day longer

IF YOU ARE SELLING cream or making butter and have no separator or are using an inferior machine, you are wasting cream every day you delay the purchase of a De Laval.
THERE CAN BE ONLY two real reasons for putting off buying a De Laval; either you do not really appreciate how great your loss in dollars and cents actually is or else you do not believe the De Laval Cream Separator will make the savings claimed for it.
IN EITHER CASE THERE is one sensible answer: "Let the De Laval agent set up a machine for you on your

place and SEE FOR YOURSELF what the De Laval will do."
YOU HAVE NOTHING TO risk, and over a million other cow owners who have made this test have found they had much to gain.
YOU CAN'T AFFORD TO wait till spring. Let the De Laval start saving cream for you **RIGHT NOW**.
WHY NOT START 1915 right with a De Laval, and by spring it will have saved enough to go a long way toward paying for itself. Why not talk this over with the local De Laval agent? If you don't know him, write to our nearest office.
