## The First Line of Defence

A plentiful supply of ammunition is the first line of defence against the enemy. When waging war against the Potato Bug army, make sure that your first line of defence is impregnable by using Munro's Pure Paris Green—the only ammunition you'll need. When the first Potato Bug appears, spray the plants with a liquid solution of this old reliable Killer, and the enemy will be destroyed and your potato crop saved.

### MUNRO'S PURE PARIS GREEN

is a fine fluffy, rich green powder made to Government standard. It has been killing potato bugs for years, and this year will kill more than ever, because more people will use this old standby to make sure of getting a good crop of potatoes. Be sure you get Munro's from your Hardware, Drug, Grocery and General Store.
