H. GEORGE & SONS, CRAMPTON, ONT.

GOSSIP.

L. Williams, "Sunnyside Farm," Bromo Co., P. Q. "I consider the 'Farmer's Advocate' the best agricultural journal in Canada or in America."

Two valuable rams belonging to Mr. Neal Monroe and Mr. W. Weatherston, of Hubrey post office, near London, Ont., were instantly killed the other day. The sheep got into a field together and butted each other with such force that both were killed. The counter of the rams was not witnessed by anyone, but it is supposed that one contact caused death. The neck of one and the back of the other were broken.

A very successful sale of Shorthorns, the property of Mr. Alexander Henderson, of M. P. Buscot Park, Farrington, England, was held Oct. 1st. The average for sixty head was 142 lbs.; forty-six, including cows and calves, averaged 156. The top price was 275 gs., given by Captain Harrison for the bull, Prince Bates. Mr. Dennis took Buscot Wonder at 110 gs., and Mr. Hankens, 105 gs., for Red Prince. For cows the top price was 110 gs., for Baroness.

The Department of Agriculture at Ottawa has received summaries of the winnings of Canadian live stock at the Pan-American. A general summary of the winnings is as follows:

	United States.	Canada.
Cattle	\$3,813.40	\$3,111.60
Sheep	1,390.62	2,152.50
Swine	165.00	377.50
Total	\$5,369.02	\$5,641.60

Sunnyside Stock Farm is situated in the County of Oxford, about nine miles north of Embro station, on the C.P.R. running between Woodstock and London. The owner, Mr. James Gibb, whose P. O. is Brookside, has been breeding Shorthorn cattle for twenty years. The herd, which now numbers 45 head, of both imported and home-bred animals, was originally founded on White Rose, sired by imp. Alerteen, and belonging to the well-known Scotch-bred Miss Sime family. The families represented in the herd at present, besides the Miss Simes, are Nerissas, Rosebuds, Diamonds, and Beautys.

Among the sires that have been used on this herd were: imp. Baron, sweepstakes medal winner for two years; Chivalry 14339, by Prince Albert; Lord Lossie 6th 19947, by Conqueror; Maxon 24864, by British Flag; Trout Creek Barmpton, by Vice Regent, sold to go to the Argentine Republic last spring, as one of the highest-priced lots of bulls that ever left Canada's shores. The present stock bull is imp. Spicy Marquis 36118, bred by W. S. Marr, Uppermill, Aberdeenshire, Scotland, and imported by W. D. Platt. He is sired by Spicy Robin 69638, dam Maude 37th, by High Commissioner 69085. This bull is essentially an up-to-date animal, and when we say that he won first prize at London this fall, we feel that is all the recommendation he requires. There are in the herd a number of splendid heifers, in calf to him, for sale. Prominent among the many dams is the cow, imp. Diamond 18th, 18363, by Standard Bearer 55096. She is a slashing big, well-modeled cow. An extra good yearling heifer out of her, imported in dam and sired by Prince Cruickshank 32081, is Diamond 21st. This heifer will make a prizewinner, sure. Another cow of more than ordinary merit is imp. Rustic Beauty, sired by Clan Alpine 60495, dam Ruffy 2nd, by Queen's Guard, 57953. There is also an excellent yearling heifer out of her, imported in dam, sired by Clifton 74241. She is Rustic Belle, the bull, Bismarck 28313, now at the head of Mr. Jno. S. Robson's herd, at Manitow, Man., was bred on this farm. There are a number of heifers and bulls, sired by Trout Creek Barmpton, for sale. These young ones are a splendid lot, possessing both individuality and breeding of a high order, that should command ready sale. The cows are an exceptionally big, even lot, many of them showing grand form and symmetry of make-up.

LAST CALL FOR THE BROWN SHORTHORN SALE. Those of our readers who are interested in Shorthorn cattle, or who contemplate the founding of a herd of pure-breds, should not forget the date of the dispersion sale, to take place on Nov. 12th, of the excellent herd belonging to Messrs. A. & D. Brown, of Iona. Those who have seen the cattle speak in high terms of their quality, and any one who knows anything about breeding will see at a glance through the pedigrees of the animals that they are exceptionally well bred. There are, among others of the females, two that have been imported from Scotland within the last two years, besides a number bred from one of the best Cruickshank families, and others tracing to the favorite Scotch family known as the Simes, which has produced probably more prizewinners at leading shows in Canada in the last 20 years than any other. First-class Scotch-bred bulls have been continuously in use for many years, and the young stock is said to be of very fine character. There are also included in the sale a number of pure-bred Oxford Down sheep, which will be sold at the people's own prices. The farm is quite convenient to Iona station on the Michigan Central R. R., 12 miles from St. Thomas. Conveyances will meet the morning trains at Iona. Capt. T. E. Robson will conduct the sale, and he hopes to see a good gathering of farmers and breeders present on the occasion.

HIGHEST AWARD
Cream Separators
BUFFALO EXPOSITION.

Just as in the case of every representative exhibition or other contest since the invention of the Cream Separator twenty years ago, the De Laval machines have maintained their supremacy at the Pan-American Exposition, Buffalo, having received the Gold Medal on Cream Separators.

This is the highest and only award of its kind on Cream Separators. One other make of machine has received a Silver Medal, and another concern a Gold Medal for its combined exhibit of Cream Separators, Babcock testers, churns and other apparatus. With characteristic advertising honesty, the latter concern is now claiming this Gold Medal to be an award to its Separators.

OTHER GREAT EXPOSITIONS.

The supremacy of the De Laval machines at Buffalo is a continuation of their triumphant record at all previous great expositions. At the World's Fair, Chicago, in 1893, they received the Gold and only Medal awarded by the regular jury of awards and were the only Separators used in the Model Dairy. At Antwerp in 1894 and at Brussels in 1897 they received the Grand Prizes or highest awards. At Omaha in 1898 they received the Gold Medal, and again at Paris in 1900 the Grand Prize or highest award.

DO not buy RAPID-EASY GRINDER unless you want the best, unless you want the machine that does more work with the same power than any other, and that is adapted to any power you may have—ENGINE, WINDMILL, Sweep or Tread HORSE-POWER. But if you look for economy—saving—money in your pocket—buy a RAPID-EASY GRINDER, and buy now. Do not wait, and lose a year's profit.

Your Rapid-Easy Grinder is run chiefly by a threshing engine, and grinds all kinds of grain at the rate of 60 to 90 bushels per hour. It does good work, and the threshing men say it is the best of all grinders. Your grinder cannot be surpassed.

GEO. W. BADBORROW, Meaford.

There is a great number of grinders around here, but it is acknowledged by all that the Rapid-Easy takes the cake. **D. HOLDSWORTH, Thornton.**

Your Rapid-Easy Grinder No. 2 is a fine machine. I am doing an immense amount of custom work with it, and giving the greatest satisfaction in quality of work, also in quantity in a given time. On one of my grinding days we counted the bags, and found we ground of all sorts of grain (barley, oats, peas and wheat) 180 bags, doing fine work, and all in less than a ten-hour day. The machine ground 1,700 bushels of mixed grain with one side of the first pair of plates. **J. D. McCALLUM, Strange.**

Buy your machine and prepare now to do your grinding.

Further particulars on application. **J. FLEURY'S SONS, AURORA, ONT.** MEDALS: World's Fair, Chicago, 1893; Paris, 1900.

FAIRFIELD LINCOLNS.

Rams and ewes (all ages), consisting of those bred at Fairfield and importations from the flocks of Dudding, Dean, Wildsmith and Wright. A new importation of 103 head will arrive at Fairfield, Sept. 1st, including first-prize yearling ram, yearling ewe, ewe lambs and ram lambs, also first-prize and champion 2-year-old ram and third-prize 2-year-old ram at the Royal Show, and 70 yearling rams and 30 yearling ewes. I can supply show flocks that will win.

J. H. PATRICK, ILBERTON, ONT., CAN.

SUMMERHILL HERD OF Large English Yorkshires.

HEADQUARTERS FOR THE IDEAL BACON HOG.

Our winnings at the large shows, for 1901, are as follows: At Toronto every possible first prize and five seconds, two silver medals, and first for pen of pure-bred bacon hogs, also sweepstakes on bacon hogs over all breeds; at London every possible first but one, while at the Pan-American, where our herd was divided, half going to Toronto, we won six out of the thirty-six first premiums and medals given: all the Pan-American (Buffalo), Toronto and London the same were thirty-six first premiums and medals given: all the medals and every first prize but six won by the Summer Hill Yorkshires. When in need of the best write **D. C. FLATT & SON, MILLGROVE, ONT.** Telephone: Millgrove, Ont.

L. F. Street, Missisquoi Co., P. Q.

"Your paper is doing good work in this section, where we have long been in old ruts."

At the dispersion sale of the Shorthorn herd of F. F. Failor, Newton, Iowa recently, the 41 head sold averaged \$220.75. The highest price, \$1,000, was paid for imp. Craibstone Shepherdess, by J. R. Crawford & Sons, Newton, Iowa. Two other cows sold for \$700 each. The only bull sold, Gloster's Ribbon, by Blue Ribbon, made \$375.

Joseph Harris, Detroit, Mich.: "Enclosed please find \$1 to renew my subscription to the 'Farmer's Advocate.' I cannot afford to go without so valuable a farm magazine."

N. M. Blain, St. George, Ont., breeder of Tamworth hogs, writes: "I have finished the fall shows and have been very successful, winning 34 first, 18 second and 9 third prizes. Sales have been good. Have a nice stock of young things on hand. It will pay intending purchasers to look up my advertisement."
