CHOICE JERSEYS.

Offering 1 cow 5 years old, due to calve Feb. 6, very choice; bull calf 11 months old, registered, and cheap.

WM. N. HASKETT,
Avon Manor, Markdale, Ont.

GOSSIP.

Mr. W. H. Hunter, "The Maples" farm, Orangeville, Ont., has recently purchased from Mr. Charles W. Armour, Chicago, three fine three-year-old Hereford heifers for \$1,500. The families represented by his purchase are of choice breeding, and should prove a valuable addition to his herd. His first choice was the imported heifer, Buttermaid 2nd 138043, bred by W. T. Barneby, Saltmarsh Castle, Bromyard, England, by Hilarity, a son of Grove 3rd, and a grandson of Horace; her dam being Buttermaker, by Ironquois, a get of Lord Wilton. His other selections were Garland 138256 and Dorothy 138233, bred by Capt. E. L. Heygate, Ruckland, Leominster, England, by Fine Lad. Three heifers of Fine Lad's get were recently sold to His Majesty the King for the Royal herd at Windsor.

The American Holstein-Friesian Association at its last annual meeting appropriated \$1,000 for prizes for long-period butter records made by cows registered in its herdbook. The records are to be made for periods of thirty days, six months, or 180 days, and the cows may enter in seven different classes, according to age. A cow may compete consecutively in the three periods, and may win three prizes. Full particulars as to conditions may be obtained from the Supt. of Advanced Registry, Mr. S. Hoxie, Yorkville, N. Y.

Ridgevale Stock Farm, the property of Mr. R. W. Walker, breeder of Holstein cattle, is situated in the County of Ontario, five miles from Port Perry station on the G. T. R. and five miles from Myrtle station on the C. P. R. The present splendid herd was founded on the two richly-bred females, Madam R. 651, sired by Sir Westwood No. 12; dam Madam Dot, imp., whose milk record was 75 lbs. a day, and who cost her importers \$800.00. The other was her importers Queen's Last Diploma 3rd, by Bonnie Queen's Last Loy; dam Diploma, whose two-year-old milk record was 40 lbs. a day. Her dam, Imp. Sykie, had a milk record of 78½ lbs. a day. Diploma 3rd belongs to the Bonnie Queen Strain, whose superiority as heavy milkers is well known. On these cows and their progeny have been used such well-bred bulls as Butter Boy 2nd, Butter Boy, dam Aaltie Posch 4th, who made five lbs. of butter in three days, three weeks before she was two years old. Father Tensen, by Sir Archibald Mascot 353; dam Maud Tensen 11011, another noted record cow. The present stock bull is Forest Prince Abberkirk 1838, by Forest Prince 1106; dam Ida Abberkirk 1813. He is a big well-proportioned animal, and is leaving a splendid lot of straight, even, level-backed youngsters. The cows of the herd are a typical dairy-type lot, showing an exceptional development of udder, averaging row on grass alone from 60 to 70 lbs. of milk a day. There are also a number of heifers in milk, two and three years old, that give from 40 to 50 lbs. of milk a day; also, three-year-old heifers of the Diploma family, and by the stock bull, and several heifers from four to five months old, by the stock bull. Any or all of these heifers are for sale. At present the bulls are all gone. Mr. Walker reports the demand for Holsteins of the right kind, especially bulls, as by far the best he ever knew. His last one was shipped last week, and he had two orders to ship him at once the same day. In writing Mr. Walker, address him at Utica P. O., Ont.

Grafton herd of Jerseys is the property of Mr. E. B. Hinman & Son, whose farm lies in the County of Northumberland, about three miles east of the Village of Grafton on the main line of the G. T. R. The Messrs. Hinman's herd now numbers thirty head, mostly sheep of the St. Lambert strain, headed by the grand old stock bull, Nero of Glen Rouge 50241, sired by the well-known bull, 200 Per Cent; dam Naomi of Glen Rouge, whose butter record was 18 lbs. 7 ozs. in 7 days. This bull is perfectly quiet. He was never known to make a mismove, which is no mean trait for a Jersey bull. Nearly all are sired by him, and out of such grand cows as Genie of Combination, by Perfect Combination. She is a cow of perfect form and udder, and is now milking 35 lbs. a day. Another is Marjoram's Blossom, by Marjoram's King. She is now milking 40 lbs. a day. Then there is Nero's Sunbeam, a young cow milking 30 lbs. a day. Gentle Cyclone, by Perfect Combination, is another of the good ones. There are a dozen heifers, some in milk, some in calf, and some younger. One of them sired by imp. Lord of Dentonia, is a cracker. Another, out of the cow, Gentle Cyclone, shows a perfect mould. These young ones are a grand lot, with grand shaped yellow udders, and are for sale. A young bull, lately purchased for a stock bull, is Dentonia's Achievement, by Tip-to-Date of Dentonia; dam Island Queen, imp. winner of silver medal on the Island. There is also a couple of young bulls that are for sale that are a very evenly built pair. The Messrs. Hinman are also showing a splendid flock of Shropshire sheep of Thomas strain that are a blocky, well-covered lot. This season's lambs are sired by a Miller-bred ram, and are a fine growthy lot, showing perfect covering. They will all be for sale. Mr. Hinman reports sales in Jerseys as eminently satisfactory, he having sold a large number in the last year, and sent them to different parts of Canada, as well as three head to Americans.

Riverside Holsteins.

Victor De Kol Pietertje heads the herd, assisted by Johanna Rue 4th Lad, whose five nearest dams, including the record of his dam made at 25 months old, average ("official") 82.6 lbs. milk per day and 21.86 lbs. butter in one week.

MATT. RICHARDSON & SON,
Haldimand Co. CALEDONIA, ONT.

We have now on hand young females sired by Nero of Glen Rouge 50241, and cows and heifers bred to him.
