

The Terrible Pains of INDIGESTION

Mr. Wm. H. MacEwen, Mount Tryon, P.E.I., says:—"For more than a year I suffered with all the terrible pains of indigestion, and my life was one of the greatest misery. It did not seem to make any difference whether I ate or not, the pains were always there, accompanied by a severe bloating and a belching of wind. I did not even get relief at night, and sometimes hardly got a bit of sleep. In my misery I tried many remedies said to cure indigestion, but they did me not one particle of good, and I fully expected that I would always be afflicted in this way. At this time my brother came home on a visit, and urged me to try **MILBURN'S LAXA-LIVER PILLS**, and got me a few vials. By the time I had taken one vial I began to improve and could eat with some relish. I was greatly cheered, and continued taking the pills until all traces of the trouble had disappeared, and I could once more eat all kinds of food without the slightest inconvenience. I am so firmly convinced of their virtue as a family medicine I have no hesitation in recommending them."

Milburn's Laxa-Liver Pills are 25c. per vial, or five for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HOOPS ON THE PIGS.

A rather droll, dry-weather anecdote recently came to the attention of "The Farmer's Advocate." A suburban poultry-raiser was asked how his chickens were doing?

"Fairly well," he replied, "considering the dry weather."

"What, dry weather hard on the chickens?" was the surprised inquirer's ejaculation?

"Oh, yes!" replied the poultryman, "it is hard on pigs too. A neighbor of mine remarked the other day, that if it kept on he was afraid he would have to put hoops on the pigs to keep the swill in."

GOSSIP.

LAST CALL FOR T. PORTER'S JERSEY SALE.

There is ample proof for the oft-times claim that, cost of production considered, the Jerseys are the most profitable dairy cows of any of the several breeds. This would appear to be proven at the St. Louis World's Fair, where, in the 120-day dairy-test, sixteen prizes were offered for largest production of butter-fat and other solids, cost of production considered, the Jerseys winning fifteen out of the sixteen prizes. This is surely a most convincing argument of the truth of the above claim. This sale will give the people attending it an opportunity of purchasing the best blood of the breed at their own prices, and the big number for selection will guarantee getting just about what is desired from among twenty heifers rising two years, thirteen rising one year, heifer calves, and mature cows of all ages, while included are the two stock bulls, and nine younger bulls fit for service. The terms are most liberal; cash, or five months on bankable paper, with five per cent. per annum added. The sale will commence at 12.30, Sept. 7th, and should attract the attention of dairymen. For catalogues, write Thompson Porter, 1520 St. Clair avenue, Toronto.

MITCHELL BROS.' SHORTHORNS.

The 100 head that make up the splendid herd of Scotch Shorthorns belonging to Mitchell Bros., of Burlington, Ont., represent a herd that for high-class individuality and rich purple breeding, have few peers in any country, many of them selections and the daughters of selections personally made by J. F. Mitchell from leading herds in the land of the breed's origin, and since kept infused with new blood by regular importations, coupled with a generous diet, whereby their condition is always on a par with their high-class type and breeding. The herd is always in shape for purchasers looking for good ones, and there is always a big selection, which makes this one of the most desirable herds in Ontario for a visit by intending purchasers. The past year has been the best for sales the firm has ever had, very much of which is due to the remarkable prepotency of the stock bulls in service in stamping their get with the form and type that wins, and though we have been well acquainted with the herd for years, we never saw so many high-class young things in the stables as at present. Bandsman (imp.), the Cruickshank Butterfly-bred son of the famous show bull, Newton Chrystal, is proving a wonder as a sire. Himself a low-down, immensely-thick bull, that handles like feathers, he is remarkable for the power he possesses of stamping his own type and mellow qualities on his get, hence the rapidity with which his get is picked up by visitors looking for a high-class herd-header or a show heifer. Second in service is the Cruickshank Clipper bull, Village Duke (imp.), a red three-year-old of great scale and thickness, sired by the \$3,000 show bull, Villager, and out of the Aberdeen first-prize cow, Duchess, by Lancelot. This bull is proving a sire of a high order, as his get show, very many of them being of showing quality, among which is a red yearling Orange Blossom heifer that looks like wearing the ribbon when given a chance. Another is a roan Jilt that is a credit to her sire. Besides these and other heifers there are, by this sire, six young bulls, all about ten months of age. One is a Strawberry, one a Lavinia, one a Jilt, one an Orange Blossom, and one a Village Girl, a selection rarely seen, from which to select a herd-header. Village Duke (imp.) is for sale, and his kind are very scarce now, and parties wanting a herd-header should move quickly, as he will soon go. Other young bulls for sale of near serviceable age is a pair of white eleven-months-old ones, both sired by Bandsman, and both of the Duchess family; a right nice, thick, mellow pair. Another extra choice one is a roan eight-months-old, Cruickshank Lovely, by Bandsman. Several other young bulls are coming on, sired by Bandsman, and of the most fashionable types on their dam's side, that will surely make high-class herd headers. A representative exhibit of this herd will be at Toronto Exhibition, where Mr. Mitchell will be pleased to see his many friends and others interested in good Shorthorns.
