

FREE TO MEN UNTIL CURED.

The effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forebodings, timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanish. A few weeks to a couple of months' use of this treatment banish them forever, and make strong, confident, manly men out of the puniest weaklings. For nearly forty years I have treated and restored weak men through my world-famed invention, and am still doing so with greater success than ever. In fact, I do not expect to fail in any case of this kind, and therefore, as most men are more or less sceptical, I will continue to give my Herculex.

Dr. Sanden Electric Belt Free Until Cured.

Not one cent is to be paid me in advance or on deposit. Call or write and get the belt, and use, say, for sixty days, and if cured pay me price of belt only—most

DR. C. F. SANDEN, 140 Yonge Street, Toronto, Ont.
Office Hours: 9 to 6. Saturdays until 9 p m. (516) Largest and Oldest Electric Belt Establishment in the World.

cases low as \$4; if not cured return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lame Back, Stomach, Kidney and Liver Complaints, etc.

As the originator and founder of the electric belt system of treatment, my forty years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) But my great knowledge to advise and direct my patients is mine alone, and free to all who use my belt until cure is complete.

What would you not give to have your old vim back again?

What would you not sacrifice to feel as you did a few years ago; to have the same snap and energy; the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You might as well be. It's easy. I am making men out of wrecks every day, and the above offer must convince you what I feel I can do for you.

Call or send to-day for my belt; or, if you want to look further into the matter, I have the best two little books ever written upon Electricity and its medical uses, and send them free, sealed, upon request.

We Paid \$100,000

For Liquozone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Liquozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot

kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Dyspepsia
Eczema—Erysipelas
Fever—Gall Stones
Goitre—Gout
Gonorrhoea—Gleet
Throat Troubles
Tuberculosis
Tumors—Ulcers
Varicocele
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.
In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

OUT OUT THIS COUPON.

For this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

Lost, Strayed or Stolen—Cont.

FILMORE, Assa.—Since about March 14, 1905, small gray horse, indistinct brand on left shoulder, about 6 or 7 years old, blind, leather halter and rope lead. W. C. Hall.

HILLSDOWN, Alta.—Since about three months ago, red-and-white bull, about two years old, no brand visible. Wm. Guynup (N. E. 36-37-25 w 4).

NOELTON, Alta.—Dark red-and-white bull, coming two years old, small no visible brand; blue pinto cayuse stallion, about three years old, left wall eye, no visible brand. H. S. Blois.

ONION LAKE, Sask.—Since March 2, 1905, small black stallion, about five years old, branded T, quarter circle under, combination, on left hip. W. Sibbald, Indian Agent, Indian Agency.

MOOSE JAW, Assa.—Since about December 1, 1904, red bull, few white spots, branded 3 or 8 N J on left ribs. F. A. Bevirt.

YORKTON, Assa.—Since spring of 1904, red-and-white bull, now over one year old, had hell on, no brand. Frank Paterson.

IMPOUNDED.

RAYMOND, Alta.—Since March 10, 1905, black stallion, three years old, white stripe down face, branded T, reversed F, monogram, on right shoulder, left hind foot white, has old halter on. Village Pound.

WHITEWOOD, Assa.—Dark brown stud horse, two or more years old, white star on forehead, no brand. Arthur Biggins (S. E. 2-15-3 w 2).

SHEHO, Assa.—Since last fall, roan heifer, coming two years old, has horns, no brand visible. Damon Gusick (16-29-8 w 2).

SHEHO, Assa.—Since spring of 1904, red steer, three years old, this spring, white on belly, white on tail, no brand visible. Simeon Barbichuke (6-29-8 w 2).

TRADE NOTES.

ENGLISH COOPER DIP.—In choosing a dip certain points should be borne in mind. Hundreds of decoctions may be termed insecticides, but few only effect the destruction of insect pests without discoloring the wool or setting the animal back in general condition. The enormous sale and long reputation of the well-known English Cooper Dip it is claimed has been won on its freedom from all harmful effects while being thoroughly efficient in the destruction and prevention of disease and insects.

THE DAWN OF A NEW ERA IN THE GREAT WEST.—There is a certain part of this great West that has, until the present time, been practically unknown, owing to its distance from all trails of civilization, but it has been awaiting the settler for many years, and now that the new line of the Canadian Northern Railway has been extended to the Elbow, the second crossing of the great Saskatchewan River, the Mississippi of the North, settlers, the business men, and the homeseekers, will be pouring in to take advantage of the great fertile wheat belt in the valley of the River Saskatchewan, undoubtedly the finest tract of wheat country in Western Canada, towards which all eyes will be turned in a few years. To aid homeseekers, the Canadian Northern Ry. are issuing round-trip tickets from all stations on their line, Gladstone, Neepawa and south, to any point west of Dauphin, as far west as the Elbow on the Main line, and Melfort on the Prince Albert extension at the nominal figure of one single fare. Evidently the railway company expect a good class of travellers on this new line, as they are placing first-class sleepers in the service, and equipment of the very latest design.

BOOK REVIEW.

Any book reviewed in this department may be ordered through this office.

Many farmers and others not engaged in farming have enjoyed as well as benefited by reading the various volumes on agriculture and kindred subjects of the Rural Science series, not the least interesting of which is "The Care of Animals," by W. S. Mayo, of the Kansas Agricultural College. We note with interest that a volume entitled "Principles of Stock Breeding" is soon to be issued for the same series. The work under review is one of 100 pages, and can be had for \$1.25.

In answering any advertisement on this page, kindly mention the FARMER'S ADVOCATE.
