The Spring of 1908

promises to be an even more successful period for the Great-West Life Assurance Company than the Spring of 1907—when business was so exceptionally good.

There is an opportunity for a few competent Agents to share in this success, and the Company will be pleased to correspond with applicants for spare-time or whole-time Agencies.

By way of preliminary information, it will interest intending applicants to read the new leaflet "ACTUAL RESULTS" when it will be clearly seen that the Great-West Policies are eminently desirable contracts to handle.

Accidents vs. Fires

It is said that 20,000,000 Accidents and Illnesses occur each year, but only 80,000 fires.

A business man protects his property against the loss that rarely happens—fire. He can replace his property, but he can never replace his time or his damaged arm.

The most liberal accident and sickness policies are issued by
