SATURDAY

Negotiations are progressing for the establishment of the plant in Calais for the manufacture of fibre boards from the waste materials of the sulphite paper mills of New Brunswick and Maine. The proposed capital is \$100,000 and the factory would employ about thirty men. W. St. Todd, M. P., is at the head of the proposal and expects that negotiations will soon be completed.—Courier.

Andrew McGea, Herbert McLean and George Chubb, of Back Bay, and three members of the firm of McNichols Bros., of Esport, were in town Monday in the interests of the proposed sawmill factory at Back Bay which they hope to have established this season. If erected it will mean the distribution in that neighborhood of about \$40,000 and employment of one hundred hands.—Courier.

Orrill T. Hanson, of Fairville, who went to Fredericton Junction yesterday morning, met with great success in organizing a Junior Temple of Honor and Temperance. Mr. Hanson reports that there are about seventy-five boys who will join the lodge which will be organized the 14th of June. He also says that it will be a big lodge, and the boys of Fredericton Junction are working hard to see how many members they can get, so as to try to be the banner section of the domain.

Dr. Earle Rich has had his trial for obtaining money under false pretences postponed for a few days. A providential chickenpox scare has caused the postponement. Rich, who is in jail, was taken ill yesterday and the services of Dr. Charles DeForest were called for. The doctor soon ascertained that Mr. Rich's illness was not very serious. Rich's trial was to have been before Judge Forbes this morning. It is postponed until a subsequent date.

The German consul has received an inquiry from Mrs. Sophie Stouche of Goshorn for information as to the whereabouts of Carl Ludwig George Elise, born in July, 1882, emigrated in 1904, and last heard of in April, 1908. Will anyone who can give particulars regarding the party communicate with Consul Thomson.

The purity, flavor and strength of "Eagle" Tea makes it incomparably the best value on the market. It is infinitely more delicious and decidedly more economical than other teas. 129

Upwards of 1,000 invitations for the ball to be given in the Legislative building on the 14th by Lieutenant Governor and Mrs. Charles DeForest, sent out, there being a large number sent to St. John. Another social function during the season will be the assembly hall to be given at the Queen Hotel on the 22nd.

Monday

Fred. Hannah, a milkman, while driving a valuable cow across the ice on the Kennebecs from Milford Island, the cow gave way and both man and cow went under. Spectators who witnessed the accident were prompt in lending assistance; but it was only after considerable trouble that Mr. Hannah was rescued. The cow, which was an animal of considerable value, was drowned. Mr. Hannah has completely recovered from his cold ducking.

The marriage is announced today of Wilford E. Dalzell, of Grand Mannan, to Julia E. White, niece of Mrs. Thomas Black, of this city. The marriage ceremony was performed by the Rev. Gordon Dickie on February 28th last. Mr. and Mrs. Dalzell leave tonight on the Montreal express for a trip to several of the Canadian cities and on their return will make their home with Mr. and Mrs. T. A. Black, 178 Metcalfe street.

Castleton lost one of its oldest and most respected residents yesterday when at the age of 88 years Tertulius J. Keetchum died at his home, 119 Water street. Mr. Keetchum was a brother of the late Charles Keetchum, warden of the old penitentiary, and survived by two sons and one daughter. The sons are James of Castleton, Texas, and Isaac W., of the West. The daughter is Miss Kate, a trained nurse at Ocean Grove, N.J. A funeral service will be held at 10 Water street on Tuesday evening, and the body will be taken to Nashwanakia, New Brunswick, for burial on Wednesday. It has been announced in the Presbyterian church that J. A. Scrimgeour of St. John, Halifax, will in June go to Trinidad to assume principalship of Naparima College. Under the direction of the foreign mission committee, Mr. Scrimgeour will speak at points in New Brunswick between April 20 to June 5. He will be in St. John on April 25 and May 2. Mr. Scrimgeour is a native of New Brunswick.

The trustees of the Victoria street Baptist church have decided to enlarge the church, owing to the rapidly increasing congregation. The idea is to add wings to the building and thus save purchasing more land.

BOYS! GIRLS! Your Choice FREE

St. Andrews was gay with bunting on Thursday last, in celebration of the restoration of the custom status of the port. Collector Stodgrass was the recipient of many congratulations upon the auspicious occasion. During the day, Inspector McLaren, and J. Wesley Hoyt, customs officer at New Adam, came here to instruct the collector in his duties. They were accompanied by the sub-collectors of the sub-ports of Campobello and West Isles.—Deacon.

TUESDAY

The last meeting of St. Stephen's Church Guild for the season was held last evening. It was under the management of the literary and musical committee. The subject of the evening was Thomas's "Ereos." Readings were given by Mrs. H. S. Daly, Miss Edith James, Douglas McArthur, Jr., and Kenneth Bonnell. Solos were sung by Miss Furtie Drake and Harry Dunn. There were also quartette numbers given by Messrs. Young, Brown, K. Bonnell and E. Bonnell. The evening was greatly enjoyed.

Adam Thorne, a C. P. R. trucker, met with a painful accident, having his right hand badly crushed while at work in No. 2 shed, Sand Point, yesterday afternoon. He was taken to the emergency hospital where Dr. F. L. Kenney attended him.

Twenty-three candidates received the absolute vote of confirmation at the hands of the bishop of Fredericton, last night, in Trinity church.

A sh. lacerate white walking over some lumber at the Long wharf depot was surprised by a raccoon which nearly upset the startled man in his flight. The ingenuity of man bubbles when least expected. The laborer had a look constructed before he was almost aware of it and by a dexterous throw captured the raccoon before he was many feet away. It was an animal of large dimensions and the first that has been caught in that part for many years.

Wm. Ganong, of the Cedars Hotel, will leave tonight for Sydney, where he will act as manager of the Sydney House, which was lately purchased from E. Le Roi Willis by a company. Mr. Ganong formerly acted in a similar capacity at the American House in Moncton.

WEDNESDAY

The young meeting of St. David's Young People's Association for the season, which was held last night, was a very pleasant one. It was under the auspices of the social committee. A short but excellent programme was presented and greatly appreciated. Those who took part in the entertainment were: Miss Irvine, Miss Scott, Frank Smith, Marion Campbell, vocal soloists, Miss Leitch, reading; Miss Bell, baritone solo, and Mrs. Bell, and Miss Cochrane, piano duet. Refreshments were served.

Death has again entered the home of Mr. and Mrs. T. P. Regan of Orange. Their youngest son, Murray A. died early this morning at the age of three days. Only on Saturday last the eldest boy, a bright lad of thirteen, died. In their double bereavement Mr. and Mrs. Regan will have widespread sympathy.

It was reported here yesterday that the Daisy Lindo, owned by the O. Sprout, Digby, N. S., had dragged her anchor and gone ashore at Bermuda, and is a total loss. She was a two-masted schooner, 100 tons, and was bound to St. John with mail for L. G. Crosby.

The music at the special service at St. John's (Stone) Church last evening was quite impressive and excellently rendered. The choir was characterized by good tone and precision of phrasing in Mendelssohn's Hear my prayer and judge me, O God. Miss Edwards was heard to great effect in her solo work. A feature of the evening was Mrs. Carvell's solo, "He was despoiled," which was given with much feeling. The Beckley, who arrived in the city of the week to spend Easter, was in the voice and gave a most artistic interpretation of the solos from Elijah and the Last Judgment. Paul's Crucifix, arranged as solo and trio, was pleasantly rendered by Misses Edwards and Armstrong and Mrs. Fraser and Mrs. Connell, as also was a duet by Miss Edwards and W. J. Bambury. Forsale Me Not. D. Arnold Fox only played the accompaniments and rendered Wagner's Prelude to Parsifal and Chaminade's Prelude in D minor.

Burnside was the subject of an interesting lecture given last night before the members of the Y. P. S. C. E. at the Germaln street United Baptist church, by Rev. J. L. Dawson. An interesting and graphic address Mr. Fletcher led his audience to the fact among mango trees and lotus flowers. He held a lantern and interesting history, the geography and topography of that land of legends, tropics, and pagodas. He spoke of the advance of Christianity, of the good work being done by the missionary societies. Mr. Fletcher had his audience with many bright stories and humorous reminiscences.

The petition in regard to W. Herbert Downie was presented to the Minister of Justice at Ottawa on Monday by J. MacMillan Trueman of Price, McInnes and Trueman. Mr. Trueman was introduced to Hon. Mr. Trueman also saw Mr. Archibald, head of the parole system, who is to be in Dorchester in a week or so. Mr. Archibald will report to the department fully on the matter. Mr. Trueman, who was in Ottawa on his way to Ottawa especially to present the petition. He returned at noon yesterday from Montreal.

St. Andrews was gay with bunting on Thursday last, in celebration of the restoration of the custom status of the port. Collector Stodgrass was the recipient of many congratulations upon the auspicious occasion. During the day, Inspector McLaren, and J. MONCTON HONORED BY JOHN McDONALD

Black Hand Fugitive Has at Last Left St. John

Italian Charged With Carrying a Revolver

I. C. R. to Distribute Stores of Coal.

MONCTON, N. B., April 8.—John McDonald, the Black Hand fugitive, is in Moncton, and has been his custom wherever he goes, he sought the police headquarters for protection. He arrived from St. John last night, after spending a month there. He still holds the belief that the Black Hand Society is after him although he admits it is not quite so bad as when he visited Moncton before. He also appears to have prospered somewhat since his departure from here as he is well supplied with clothes, which on his last visit he was almost naked.

Thomas Venditti, an Italian, who was yesterday fined fifty dollars for the charge with a loaded revolver and on pleading not guilty to the charge was remanded until two o'clock this afternoon. Venditti claimed he had the privilege of the Montreal police for carrying a revolver as he was going to the city. He was sought after by some secret society men, he said, were eager to have him killed. Some scars on his face were shown as the result of an attempt on his life.

Eight thousand tons of coal lying in the west end of the I. C. R. yard here is now being loaded into cars, to be used along the line. The greater part will be used in Moncton. Although this coal has been lying in a big pile for some months, the fuel is apparently as good as ever.

C.P.R. MECHANICS HIGHLY PLEASED

WINNIPEG, April 7.—Negotiations between the C. P. R. and its mechanical unions have resulted in an amicable settlement of difficulties which is highly satisfactory to the men and presumably also to the company. Agreements have not actually been signed as yet but will be almost immediately. These embody general principles for which the unions contended and assure the recognition of labor organizations, which is most gratifying to the men. The employees are restored to the pension roll from where they lost standing by going on strike, and the company is further benefited as at once re-engage all former strikers who desire to enter service but who have not yet been taken back.

Many Affected

Quite a number at Medicine Hat and other western points are affected by this. No changes are made in work schedules but concessions desired in certain stop rules will be made. The company has successfully defended its position in regard to separate and distinct schedules for east and west. Men request the recognition of the shop as of primary importance. It appears that a long era of harmonious relations between the company and the unions has been inaugurated.

PORTLAND, Me., April 8.—During the Holy Thursday services at St. Patrick Church today, Mrs. Katherine Riley fell to the floor dead. Death was caused by heart trouble.

CHIMNEY FALLS THROUGH ROOF OF A CROWDED SCHOOL AT LONDON

Lifed Off Her Feet

Mrs. William Acres, an aged woman, and her husband, an aged man, were hurriedly taken to the hospital. Her head was badly cut and her body bruised.

Firemen Called

The fire department was hastily summoned. Although panic prevailed all the children but five were taken out unharmed. Of these, one, a little girl, Maimie Laburtis, aged eight, was taken to the hospital. A few chimneys of the Free Press toppled over on the boiler house. Fortunately there was no one about the scene of the accident. A few minutes later the gas prospect has created quite a stir among the "bloodes"—Echo.

Terrific Gale

Reports from the West indicate that a terrific gale is blowing on Lake Superior and it is snowing heavily. The gale is blowing from the west and is causing much trouble. For a long time no messages came through on the C. P. R. from Buffalo, and their advices were that the gale was blowing from the west in northern States. The G. N. W. had a similar experience, but the delay did not last long.

News from Sackville

SACKVILLE, April 8.—A stone addition to Mount Allison Ladies' College may be built this summer. The question of building has been under consideration at several meetings of the executive committee of the board of regents, but must yet come for decision before the board. The permanent board may be called or specifications for the proposed addition may be prepared and tenders called with a view to laying the latter before the board at the regular May meeting. The new section if constructed will be at the present Hall side of the present building.

Miss Mabel Smith

SACKVILLE, April 7.—The marriage of Miss Cynthia Isobell, daughter of the late Abner Smith of Middle Sackville to George T. DR. SPANGLER TREATED MRS. McLAUGHAN'S BACK ONLY, SAY WITNESSES

Standing room was taken at a preliminary in the police court last evening when the hearing of the inquest into the death of Mrs. McLaughlan was continued before Coroner D. Berryman. The entire proceedings were watched by a large number of spectators, who were especially interested in the evidence substantiated the statements that Dr. Spangler had treated only the back of the deceased and not the leg. As to the mode of treatment none of the four witnesses called could describe the exact treatment given by Dr. Spangler. After hearing the evidence a judgment was made until Monday evening next.

Mrs. McDonald was the first witness called, and sworn, stated she resided in the city and was a sister of the deceased lady. She was in attendance at the house from time to time during the past three months. She was not present on March 12, when Dr. Emery called. Neither was she present at the other times the physician attended.

Dr. Spangler attended the deceased during her illness. Witnesses did not know if Dr. Spangler was present at the time of death. Dr. Spangler attended the deceased daily. Witnesses always complained of her heart and never mentioned her limb. As far as I know Dr. Spangler was treating the deceased for her heart trouble. However, the deceased worried considerably about herself.

Mrs. McDonald knew both doctors had told her deceased was sitting up on Saturday. Witness made up her mind a number of times, while the deceased was in it. She did not feel alarmed about her condition. However, the deceased worried considerably about herself.

BOSTON, April 14.—An Easter wedding which proved to be the most of an international romance was solemnized in St. John's of the Fish Church, Harvard Square, Cambridge, Mass., today, when Frederick Hubbard, of Boston, and Miss Welling, of Fredericton, N.
