What does the Board of Health's want the money for? A detailed statement showing the appropriation has been asked for by the city council finance committee.

**Building Permits.**  
In the value and number of building permits issued there is a decided decrease in evidence as compared with the corresponding month of last year. The results was not unexpected for as permits taken out are few and far between during the past month. Only eight permits were issued with a value of \$2,440 and during the corresponding month last year there were 14 permits issued with a value of \$18,375.

**Hydro Off Here.**  
Brantford was without the glow from the Hydro ornamental lights on Saturday night. Two cables had been broken by the fierce storm in the Niagara peninsula, and the broken cables wrapped themselves around other cables, putting the Hydro out of business all over the country. When the Hydro went off Engineer Ireland was at the Greenleaf street station. He had pulled two starting switches and was about to pull the third when the power went off.

**Paris Juniors To-night.**  
The hockey fans of Brantford will have their last chance to see the local junior hockey team perform in a league game to-night when they head up with the Paris Juniors at Alfred Street rink. The Paris team will come down with a good bunch of supporters and a good game ought to result. The locals will likely line up as follows: Goal, Wood; defence, Brown and Burgess; centre, Beckett; rover, Tracey; wings, Cassidy and Summerhayes.

**Domestic.**  
Although a definite promise had not been made, the Hydro department expected to be able to supply domestic and commercial users and to have the street lights aglow by February 1. When asked for the cause of the delay there was a few days work yet to be done and suggested three or four days of grace. By Wednesday he expected to be able to supply the section east of Market street and north of the canal. The other sections of the city it is expected will be given service a few days later.

**A Crowded House.**  
The mass meeting at the S. A. Citadel yesterday afternoon, under the auspices of the Dominion Temperance Alliance, was a crowded house. The meeting was addressed by Mrs. Hitchcock and Rev. D. Abraham, who both gave an interesting account of the work being done in the different counties by the workers of the D. T. A. A couple of duets by Mr. Norris, basso of Toronto, and his son Willie, added greatly to the interest of the meeting. An appeal made in the interest of the work, met with a hearty response. Meeting closed with singing All Hail the Power Jesus name.

**Very Sad Death.**  
Mr. and Mrs. Ernest S. Minshall of Mount Pleasant, lost their two year old son Lorn, under pathetic circumstances on Friday afternoon. The little fellow had got hold of a box of laxative pills and swallowed quite a number before his mother found him crying. She took them from him and also took some out of his mouth. Soon after this the child was seized with convulsions and became seriously ill and died in violent pain. The family have just recently come to reside at Mount Pleasant, and all the house furniture was in a very disorderly state, and it was an easy thing for the child to reach into the medicine chest, which was on the floor, and get the pills. Mr. and Mrs. Minshall, who lived at one time at Ranelagh, is a brother of Ex-Ald. J. H. Minshall. The sympathy of a community is extended to the bereaved parents in their sad loss.

## SOME RESTRICTION SAYS PRESIDENT

United States is Taking Up Immigration Problem Seriously.

[By Special Wire to The Courier.]  
WASHINGTON, Feb. 2.—President Wilson regards it as universally agreed that there should be some restriction to prevent what is known as "assisted immigration." He has not yet announced his position on the literacy test feature of pending immigration bills, and indicated to-day that he would not do so until consulted by leaders in congress. The senate committee on immigration has announced that it will seek the president's advice in the matter.

Secretary Wilson of the department of labor, informed the congress to-day that he was not opposed to the principle to the literacy. He recommended making the immigration bill more drastic in several particulars, especially in regard to "white slavery" and that skilled laborers imported under contract, as well as unskilled laborers, be barred. Provision to bar aliens, who have committed a crime involving moral turpitude, whether convicted or not and to deport aliens committing crimes in this country also was asked. Of 1,017,000 immigrants who came in during 1913, one per cent was Asiatic, he reported, and added that of the total 26 per cent would be barred by a literacy test.

House Democrats will caucus to-morrow night on the party policy toward the Raber bill for the exclusion of Asiatics.

In order not to create any false impression, regarding the large deficit shown, the auditors have stated that this deficit will be reduced to \$7,751.53, when debentures amounting to \$6,660.07, for cement sidewalks are sold.

**Communications.**  
Brewster and Heyd made application on behalf of James McConkey to have a crossing over the Grand Trunk Railway tracks at Echo Place. A deputa-tion will wait upon the council this afternoon in connection with this matter.

**Acknowledged Receipt.**  
The Hydro-Electric Power Commission acknowledged receipt of a resolution passed by the council re information required in connection with lighting and power for the several districts.

**Engineer's Report.**

Mr. John T. Hewitt wrote asking for a refund of certain taxes.

The Municipal Franchise Referendum committee asked the council to pass a resolution stating the council believed that the existing municipal Franchise act should be enlarged so as to include married women taxpayers.

**DUKE OF CONNAUGHT IS IN QUEEN CITY**  
Was Officially Welcomed by Mayor Hocken on One Day Visit.

TORONTO, Feb. 2.—H. R. H. the Duke of Connaught and his suite, arrived here at 7 o'clock this morning in the royal car, Cornwall, attached to the regular train from Ottawa. He did not leave the car till 8 o'clock and was taken off in Sir Henry Pellett's motor car to the York Club for breakfast. While he was walking over one of the city's famous level crossings, a shunting engine bore down on his Royal Highness, but the uplifted hand of a policeman prevailed on the engineer to stop, though the latter vocally objected till he saw who the visitor was. Mayor Hocken officially welcomed the Governor-General to the city at the York Club. At noon his Royal Highness presents the prizes at St. Andrew's College, took luncheon at the York Club later and then paid a visit to the new General Hospital. He dines at Government House to-night and will attend the first concert of the Mendelssohn choir this evening.

## STREET RAILWAY IN COURT AGAIN

Flat Wheels Still in Use According to Police Authorities.

In spite of further complaints against them the Brantford Street Railway Co., at the police court this morning declared that all faulty wheels upon their cars had been replaced. Mr. A. M. Harley, representing the company and stated wheels had been placed on Cars 42 on Wednesday, on 46 on Friday, and on 45 yesterday. It was an accident for the company, he claimed; they had ordered the wheels on Dec. 31st, but they did not arrive until Jan. 24th. Then they had to be fixed upon the axles by the Waterworks Engine Works, and this had been done at the earliest possible moment.

People had complained, said the chief, as late as Saturday, that Car 43 on Brant Avenue was worse than others, whilst 43 on the Eagle Place route, was still causing a commotion. Citizens on Brant Avenue informed the chief that they were willing to give evidence if he desired them to do so.

Asked as to the life of a wheel, Mr. Verac, superintendent for the company, stated that wheels varied considerably. The heavy winter weather was hard on them and caused sliding which caused the flat edge that raised the noise.

Mr. Harley asked for an adjournment for a week in order that he might go into the matter thoroughly. Magistrate Livingston thought this period much too long. "Some people might be dead if this continues for that time," he said. He estimated that an adjournment until Wednesday would meet the case.

"I see," said Mr. Harley, "that the Hydro-Electric was cut off for about eight hours on Saturday night. That was an accident and could not be foreseen and it is just the same with the Street Railway Co., an accident."

"Yes," responded the chief, "but Hydro-Electric does not run on wheels."

Wm. Path, a young man was charged with obtaining board and lodging at the Belmont Hotel by fraudulent means. He owes the proprietor \$25.25 for his board. Defendant pleaded not guilty to fraudulent intent and said when he obtained his rooms he was in a position to pay, but lost his berth and had to seek another. He looked for Mr. Fraser and could not see him; then he left for Toronto. He returned with the intention of settling his bill, but found Mr. Fraser had left for Montreal. Defendant was still willing to pay his bill and expects to get some cash from friends this afternoon and his case was adjourned till two o'clock to see if the money materializes.

Thomas Kick, an Indian from Muncey Reserve, got drunk in the city on Saturday and gave out the same old tale of the genial stranger and his bottle. He knew not the stranger nor the street wherein they met, as he was a complete stranger in Brantford. Kick, however, thought he could find his way back to the stable where he tasted for the first time in his life whiskey. He will endeavor to lean an officer of the law to the place before 2 o'clock to-day, when he will again appear before Magistrate Livingston.
