**IN THE AFTERGLOW**

Mother o' mine, in the afterglow  
Of mothering years I love you so,  
For loving me e'er life I knew,  
When next your heart a new life grew.  
Loving me on into fair childhood,  
When I so little understood  
The long, hard way we all must go;  
Mother o' mine, I love you so.

Loving me, too, when life so sweet  
Tempted my wayward girlish feet  
Away from paths of truth and right  
To paths that lead to sin's dark night,  
Winning me back with loving tone  
To ways that you had made your own.  
By struggle and stress and pain and prayer,  
By love's own cords you held me there.

Mother o' mine, 'tis mine to take  
The burdensome load, the stress, the ache

That come in motherhood's fair years,  
The joy, the pain, the love, the tears.  
'Tis mine to give what you gave me:  
Mother o' mine, I would faithful be  
To the highest note in the song you taught

My girlish lips; the music fraught  
With all the mother's hopes and fears  
That fill to the brim the mothering years.

Mother o' mine, in the afterglow  
Of motherhood's years, I thank you so,  
For gifts to me from out your heart;  
At thoughts that rise my hot tears start:

God give me ways to make you know  
How great is my love before you go,  
Away to rest from your mothering  
I would remove life's every sting,  
And give you rest in the afterglow,  
For, mother o' mine, I love you so.

IN ten years the Ford Car has passed the street car, the horse and buggy and the locomotive as a means of transportation

The Ford has given the public transportation which combines all the advantages which other methods offer with none of their disadvantages.

It is giving the railroads real competition in fast cross-country transportation.

It has ousted the street car in ready convenience and low mileage costs.

It has pushed the horse and buggy completely into the discard in low-first cost and low maintenance costs.

The number of people who buy Ford cars will set the price of Ford cars.

**Strawberry Plants**  
Howard No. 17

More dollars are made in growing this wonderful Staminate variety than any other kind. All growers of our acquaintance who have fruited it, say the same.

Plants very vigorous with perfect foliage. Berries large, firm, very beautiful and delicious. Season very early to late. We picked our first berries for market last year (1922) on June 5th, and had good berries well into July.

Plants \$1.50 per 100, \$10 per 1000
