### SLAUGHTER OF ARABS

New French Gun Works Havoc Among the Rebels.

Fourteen Rounds Put 1,500 to Flight -Kabyles Marching on Casablanca -Will Make Determined Attack-Is Sultan Bluffing?-French Colony to Leave Fez-Fear Outbreak of

Fanaticism-New Sultan

Fanaticism—New Suitan.

Tangier, Aug. 21.—Five hundred shereefs and troops, the best of the Sultan's army which usually are under the command of Caid Sir Harry MacLean have arrived here. It was originally the intention to send them to Casablanca to co-operate with the French-Spanish forces, but Marine Minister Gabbas now talks of sending them to Mazagan.

Abbel-Krim Ben Sliman, the Minister of Foreign Affairs, in a letter to the French charge d'affaires, has reiterated the Moroccan Government's condolences as a result of the assassinations at Casablanca, and added an expression of the hope that the relations between Morocco and France would remain friendly.

The Spanish charge d'affaires is reported to be much disturbed by the attitude of Gen. Olalla during Sunday's fighting at Casablanca, when the Spanish commander, acting under a misunderstanding of his instructions, only used his troops in defending Casablanca, not taking part in the fighting outside the walls.

Paris, Aug. 21.—The correspondent of The Matin at Casablanca speaks in loud praise of the 75-millimetre gun, fourteen rounds of which he says, put 1,500 Arabs to flight. In attacking the centre of the camp on the right the Arab horsemen galloped to within four hundred yards of the French positions, where two rapid-fire guns had been mounted on the roof of a farm building. These guns opened each with 500 shots per minute, swept the ground with a rain of lead and doving.

The spahis, the correspondent continues were a breve with a than

dying.
The spahis, the correspondent continues, were a brave sight as they rode back into camp. Men and horses were covered with blood. The faces of the men were blackened with

powder.

The attacking tribes Sunday were the Zenata and Ziada, who are new-comers and were fighting for the first

time.

Still Planning.

It is announced that a number of Kabyles are marching from Mazagan to Casablanca with the intention of delivering a formidable attack shortly. The Tangier correspondent of The Matin telegraphs that, with the object of getting rid of the fanatical members of the Ulema, who fayor a holy war, the Sultan has appointed them to a delegation that is to come to Tangier to discuss measures of pacification.

cification.

The French Government has received confirmation from Fez of the report that the Sultan has declared his intention to send a deputation of notable Moors to Tangier, but neither the object of their mission nor date of departure is known. The announcement is regarded as a "bluff" on the part of the Sultan to appease the antiforeign sentiment of the fanatics. It was made during the excitement caused by the ceremonies commemorating

foreign sentiment of the fanatics. It was made during the excitement caused by the ceremonies commemorating the birth of the prophet, and even if the deputation comes to Tangier, it is considered doubtful whether it will be received by the diplomatic corps.

Colony at Fez Leaves.

The Government has also been advised that the members of the French colony at Fez, fearing an explosion of fanaticism, especially against the French, are leaving for Tangier today. It is presumed that the French consul and the French military mission will not accompany them. The Moroccan Government has agreed to furnish an escort to the French, and the shereefs have agreed to assist in protecting them, but, nevertheless, the five day trip to the coast is considered dangerous. The Government has received confirmation of the report that Mulai Hafig, the Sultan's brother, has been proclaimed Sultan. The news is creating excitement, especially in the neighborhood of Morocco City.

Child's Skull Found.

Child's Skull Found.

Brockville, Aug. 21.—A portion of a human skull, evidently that of a child, was found while a gang of men were at work at Thousand Island Park, where a baseball diamond was being laid out. Along with the skull there were other bones in a more or less fragmentary state. The bones were carefully collected in one corner of the field.

Determined to Die.

Hamilton, Aug. 21.—Hillard Culp, a butcher's assistant at Beamsville, made the second attempt on his life yesterday morning, making a big gash in his throat with a razor. Two years ago while in a camp at Orillia he tried to commit suicide. His friends do not know any good reason why he should try to make away with himself.

Japs' New Dreadnought.
Glasgow, Aug. 21.—The Japanese
Government has placed an order for
an 18,000 ton battleship with the Fairfield Shipbuilding Co. The new vessel will be one of the most formidable
armored ships of war afloat. A feature of her construction will be the
extreme width of beam.

Nobel Prize For Kipling.
Stockholm, Aug. 21.—The newspaper Tidningen announces, on what it declares to be good authority, that Rudyard Kipling has been designated to receive the Nobel literary prize for 1907. The paper adds that Samuel L. Clemens (Mark Twain) was suggested for this honor.

Fortune Lost In Mails.
Lincoln, Neb., Aug. 21.—Three registered mail sacks, containing about quarter of a million dollars, dispeased from the Burlington train etween Denver and Oxford, Neb., anday night.

Alleged Illegal Combine to Boost Prices at Ottawa.

Ottawa, Aug. 20.—A movement has been engineered to have the coal merchants of Ottawa indicted before the grand jury at the Fall Assizes.

Coal has rison during the last two weeks from \$7.25 to \$7.75 per ton, and a "coal combine" is alleged. The matter is now in legal hands and advice is awaited as to whether the advance made unanimously by the dealers comes within the scope of the classes of the criminal code prohibiting combinations in restraint of trade.

If the legal opinion is that the law covers the case an indictment will be laid, but if there is any doubt on the matter it is proposed that a movement shall be inaugurated for the signing of a mammoth petition to Chief Justice Falconbridge, who will preside at the Fall Assizes, to ask him to mention, in his address to the grand jury, the undue increase in the price of a necessity of life in this latitude.

It is understood by those who are "engineering" the movement that the traffic managers of the rallways are ready to testify that, there has been no increase in freight rates; in fact, the opposite is the case.

London, Aug. 21.—The American Government, which has taken the lead at The Hague Peace Conference in endeavoring to promote arbitration, will be responsible for giving The Hague tribunal the most important case yet submitted to it, in the Newfoundland fisheries dispute, which undoubtedly will be taken there as a result of the negotiations conducted in London between the Foreign Office and the American ambassador, Whitelaw Reid.

Both the Foreign Office and the embassy maintain diplomatic reserve, but it has been learned from unquestionable sources that the long correspondence made it seem that their contentions could not be harmonized and had reached an umpasse.

Finally Mr. Reid made a proposal to submit the dispute to the arbitration of The Hague tribunal, having the authority of President Reosevelt and Secretary Root to do so. After a week or two of consideration the British Government accepted the proposal, and then the American Government proposed that for another year, while the matter was under arbitration, the fisheries should be conducted as they were last year, under the same modus vivendi.

There has been delay in concluding the arrangement. While the British Government has secured the assent of Sir Robert Bond, the Newfoundland Premier, to the agreement, Sir Robert, undoubtedly will be reluctant to accept the modus vivendi, which he opposed strongly last season. However, there is little doubt that the agreement will be enforced and that the fisheries, during the new season beginning next week, will be conducted on the same methods as the last.

Obligatory Arbitration.

The Hague, Aug. 21.—Nearly all of the Governments have sent instructions to their delegates to make an effort to bring about some kind of obligatory arbitration acceptable to Germany, which country, although admitting the principle of compulsion, has so far opposed a world treaty, arguing that it would tend to minimize, rather than promote, obligatory arbitration acceptable to Germany, which country, although admitting for obligatory a Peculiar and Serious Accident Happens at Miagara Falls.

Niagara Falls, Ont., Ang. 20.—At 9 o'clock yesterday morning, Robert Little, superintendent of the waterworks, and Herman Webber, sewer and plumbing inspector, with an Italian laborer, went into a manhole of the trink sewer at the corner of Simcoe street and Victoria avenue to make an examination.

When at the bottom of the manhole, one of the trio lighted a match and an explosion from gas occurred,

hole, one of the trio lighted a match and an explosion from gas occurred, blowing Webber out through the manhole and 10 feet into the air. He was badly injured, one arm being broken and face and hands scorched. Mr. Little escaped with a few scorches, and the Italian was badly burned and bruised. The presence of gas in the sewer was unexpected, and not supposed to be regular sewer gas but has filled into the sewers from natural gas leakages.

Emigrants Not Descrived.

London, Aug. 21.—(C. A. P.)—In the House of Commons the Lord Advocate, replying to Mr. Cleland, stated that many complaints had been received from Scottish emigrants to Canada that promises of employment and wages, whereby they were induced to emigrate were unfulfilled. The complaints were subject to careful enquiry, and the results so far unjustified the proceedings that the Lord Advocate announced any offenders in this direction were liable to severe penalties.

Chicago, Aug. 20.—Because she be-lieves he had caused her husband to leave her and broken up her home by circulating malicious stories, Mrs. Baergei Ansolino shot and killed Fe-lipe Ferree Sunday in an alley in the Wetmore a Probability.
Ottawa, Aug. 21.—It is understood that four out of the five judges who are to be appointed to the new Supreme Court of Saskatchewan will be the present members of the judicature who reside in that province, Justices Wetmore, Prendergast, Newlands and Johnstone. They must reside in Regina, but will go on circuit.
It is expected that the chief justice will be appointed shortly. Judge Wetmore will probably get the position. rear of her home.

Mrs. Ansolino escaped and has not been arrested. According to the stories told by neighbors, the woman acted in defence of her reputation, and it is their belief that she will act be punished.

Brockville, Aug. 21.—The escape of Problem Turner from the Brockville iail on July 16 has been made the subject of an investigation by Dr. Bruce Smith, inspector of prisons. Dr. Smith enquired fully into all circumstances of the case, and will make a report to the Department.
