**Dodd's Kidney Pills Cured
Robt. Bond of Brights
Disease**

His Doctor Who Said There Was No Hope For Him, Now Pronounces Him Well—He Tells His Own Story.

Mt. Brydges, Ont., Jan. 22.—(Special.)—Among the many people in this neighborhood who tell of the great work Dodd's Kidney Pills are doing, none is more emphatic than that of old and respected citizen, Mr. Robert Bond.

"I believe I owe my life to Dodd's Kidney Pills," Mr. Bond says. "My attending physician said I was in the last stages of Bright's Disease and that there was no hope for me. When I commenced to take Dodd's Kidney Pills and used in all twenty boxes. Now I eat well, sleep well, and my doctor says I am well. Dodd's Kidney Pills and nothing else cured me. Do you wonder I am always ready to say a good word for Dodd's Kidney Pills?"

What will cure Bright's Disease will easily cure any other form of Kidney Disease. Dodd's Kidney Pills will always cure Bright's Disease. They are the only remedy that will cure Bright's Disease. Be sure you get Dodd's.

Widow Takes Paris Green.
Brookville, Jan. 20.—Dr. Horton, coroner, was called to the village of Allington to investigate the circumstances of the death of Mrs. Bain, a widow of fifty years, who died from poisoning by Paris green. The woman apprised a neighbor of her action Thursday afternoon, and when her strength was failing, was called in. She protested against the attendance of a physician. To the doctor she acknowledged having taken Paris green. She died three hours later. A family of four sons survive.

ARE YOU COEVE?
If you knew how bad for health, constipation is you would be more careful. Irregular bowels cause appendicitis, jaundice, anaemia and a thousand other diseases. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night, and always do so. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, jovial spirits and sound, restful sleep. Gentle in action; good for men, women or children. 25c. per box, or five for \$1.00. At all dealers in medicine.

Attempt to Kill Governor Peabody.
Canyon City, Col., Jan. 20.—Former Governor James H. Peabody, his wife and their daughter were poisoned by food eaten at breakfast Thursday, and the daughter, Miss Cora Peabody, is in a critical condition. Mr. and Mrs. Peabody, although ill for several hours, recovered later. An air of mystery surrounds the affair. Enough was gleaned from friends of the family to show that there is a belief that an attempt was made to destroy the family by poison.

NERVOUSNESS A CALAMITY.
Many who don't realize what lies beyond, treat an attack of "nerves" with indifference. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure it—Ferrozone—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs, because you've used Ferrozone. Price 50c. per box of fifty tablets at all dealers.

Goodman Committed.
Toronto, Jan. 20.—Charles Goodman, whom the police have renamed "King of the Fences," was yesterday committed for trial by Magistrate Denison. Goodman was arraigned on the charge of receiving goods stolen from Money-penny Bros. and J. & J. Lugsdin. The amount of goods supposed to have been handled by Goodman is over \$4,000. Further charges of receiving goods stolen from W. R. Brock & Co. and Debenham and Caldwell will also be laid.

BE DONE WITH CATARRH!
Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhazone," it cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germs instantly. To get well and stay free from catarrh get Catarrhazone and use it; satisfaction guaranteed.

2,800 CONVERTS.

Results of the First Three Weeks of the Torrey-Alexander Mission in Toronto—Belief in Jesus.

Toronto, Jan. 20.—With the Torrey-Alexander mission held last night there was marked practically the closing of the third week's campaign in Toronto. It is announced that thus far 2,800 converts of professing converts have been received by Dr. Torrey. This includes 755 children, who came forward at yesterday afternoon's special meeting and the other youthful converts of the previous meeting, making about 1,500 in all or more than half the total number. It includes also the number drawn to the front last night, about forty.

Speaking generally on the theme of faith in Jesus, Dr. Torrey said: "If anyone believed in Jesus he would believe in every one of His words. It might seem difficult or impossible, but true faith would inspire belief against the world. There were lots of people who were willing to accept the contents of German scholars as against the words of Jesus."

"I am here to affirm that such men do not believe in the Lord Jesus," asserted Dr. Torrey.

The vital question of the day was whether to believe Jesus or the consensus of the opinion of German scholars. His word had stood the test of eighteen centuries. This could not be said of the other opinions.

He went on to define, as an essential duty of the Christian that he should say to the Master: "Use me as Thou wilt." He asked his hearers who among them carried out this conception.

"I do," spoke up someone to a query that the preacher had probably not expected to draw a response, but Dr. Torrey's quick rejoinder was "Thank God for that."

Belief would show itself in obedience, manifesting in personal habits, business, social and political life and everywhere else.

In the afternoon, when the special children's meeting was held, Massey Hall was packed at 3:15 p. m., and many children were turned away.

THE ORIGINAL PROGRAM.

Morocco Conference Will Adhere to That Pre-Arranged by Germany and France—Trade Menaced.

Algiers, Jan. 20.—Yesterday being the Mohammedan Sunday, there was no session of the international conference, through delegates for the Moroccan delegates. A Moroccan villa served temporarily as a mosque, where the Moors redoubled their religious fervor, in praying for the preservation of their country.

In the meantime, the exchanges of views between the delegates of the powers have brought an agreement not to consider questions outside of the pre-arranged Franco-German program.

Baron Joostens, the Belgian Minister to Spain, who is one of the delegates to the Moroccan conference, presented to the other delegates last night a written proposal that expensive arms not intended for military use be allowed to enter Morocco, as otherwise the Belgian arms factories would suffer severe losses.

MORE COBALT LITIGATION.

Attorney-General Issues Writs Against White Silver Co.

Toronto, Jan. 20.—The White Silver Co. of Toronto are defendants in one of the suits of the Attorney-General to prevent the blanketing of claims in Cobalt. The writ issued yesterday includes as defendants Edward C. Hargrave, Bay City, Mich.; Frank N. Rutherford, Niagara Falls; Charles G. Williams, Montreal, all mining engineers.

The land the Ontario Government is seeking to recover is in two parcels, containing fifty acres each in Coleman Township. The leases were first granted to Williams and Rutherford in 1904. Later they passed into the hands of the company, of which Hargrave is a director. The Government claims to have secured information that the defendants knew that George Hanes, who is supposed to have made the discovery, did no such thing.

The Government asks for an injunction restraining the defendants from working the land, and for a cancellation of the lease and an accounting of the profits.

QUITO HAS FALLEN.

Ecuador Revolutionists Triumph—New Cabinet to Be Formed.

Guayaquil, Jan. 20.—The revolutionaries have entered Quito (the capital of Ecuador). Vice-President Baquerize Moreno has assumed executive power, and will appoint a new Cabinet.

Jewish Divorce Illegal.
Toronto, Jan. 20.—Max Cohen was yesterday found guilty of bigamy and sentenced to four years in prison. The woman was let go. Rabbi Gordon, as a witness, said he had not given any Jewish divorces, but he had been present at one. Mr. Curry warned the rabbi for the benefit of all Hebrews in the city that any divorce could be given without a special act of Parliament. If Cohen and the woman live together after his release further prosecution will follow.

Argentine Ex-President Dead.
Buenos Ayres, Argentina, Jan. 20.—Gen. Bartolome Mitre, former president of the Argentine Republic, died early yesterday. Gen. Mitre was 83 years old. He was President from 1887 to 1892, and general-in-chief of the army of Brazil, Argentina and Uruguay in the three years' war with Paraguay. He gained considerable distinction also in literature, his work including a translation in Spanish of Dante's "Divine Comedy."

To Attend the Funeral.
Montreal, Jan. 20.—Hon. Jean Provost left yesterday for Halifax, where he will represent the Quebec Ministry at the funeral of Hon. Mr. Prefontaine's remains. C. A. Dussanseau of La Presse and Laurence A. Wilson, very close friends of the late Minister, also left yesterday on the same ship.

APPEAL TO ROOSEVELT.

To Secure Peace For the Subjects of the Ottoman Empire.

Washington, Jan. 20.—Prominent European statesmen, educators, publicists and citizens whose fame is worldwide have joined in a petition to President Roosevelt to endeavor to bring about "the concert of the powers of Europe, with the view of securing for the subjects of the Ottoman Empire that prompt relief, the absence of which has already drawn down upon that Empire so many disasters, menacing it with the catastrophe of its total annihilation."

SPRAINED HER ANKLE.

"I slipped on an icy step and sprained my right ankle very badly," writes Miss Minnie Burgoyne, of Glenwood. "It swelled to a tremendous size and caused intense pain. I applied Polson's Nerveine and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerveine is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerveine. Fifty years in use.

Legislature Will Adjourn.

Quebec, Jan. 20.—The Government, it is said, have arranged to adjourn the House on Wednesday next, until the following Monday, out of respect to the memory of the late Hon. R. Prefontaine and allow the members to attend the funeral, to take place on Thursday at Montreal.

Strengthened Lynd's Alibi.

Toronto, Jan. 20.—Only one witness, and that a volunteer, Mr. Samuel Scott, was examined at the civil investigation yesterday morning. He strengthened the alibi set up by Mr. Johnston at the last sitting on behalf of Dr. Lynd.

CONTRACTED CHRONIC DIARRHOEA WHILE IN THE PHILIPPINES.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two small bottles of which entirely cured me and I have since had no return of the disease."—Herman Stein, 212 N. Union Ave., Pueblo, Colorado. For sale by all druggists.

Crew Placed Under Arrest.

Portland, Me., Jan. 20.—The crew of the British steamer Cora May, composed of Nova Scotia men, claiming that their agreement was being broken and that they were suffering hardships, was placed under restraint yesterday. A crew of forty-five sailors was picked up here yesterday and the Cora May sailed for Nova Scotia last evening.

New Asylum at Woodstock.

Toronto, Jan. 20.—The new asylum for epileptics at Woodstock was formally handed over to the Government through the Provincial Secretary by the contractors yesterday.

CHAMBERLAIN'S COUGH REMEDY ABSOLUTELY HARMLESS.

The fault of giving children medicine containing injurious substances, is sometimes more disastrous than the disease from which they are suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colds and croup is unsurpassed. For sale by all druggists.

Girl Had Taken Poison.

London, Jan. 1.—When Mrs. McCrackery, keeper of a boarding-house at 424 Park Avenue, broke open the door of a room occupied by her sister, May Field, she found the latter dead with a bottle of carbolic acid lying beside her. The girl had not been seen since Wednesday night and had evidently gone to her room to take the poison. She was of a melancholy disposition.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, drives up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

HOW MANY MEALS?

Shall It Be Two or Three During the Short Winter Days?

It seems considerable of an effort—and possibly misdirected effort—to prepare three full meals for a family during the short days of winter. Still, if the hours of activity be not lessened, why cut down the number of meals? Then, too, at this season of all others, the time of meals, especially of the dinner, is a hard matter to adjust to the satisfaction of all the members of a family. Of dinner at night many things may be said in favor, but the bedtime hour needs be late to insure that digestion be well under way before sleep practically puts an end to the process.

Tendency to Reduce Number of Meals.

A strong tendency seems to be abroad to reduce the substantial meals to one, and that to be taken at night, after bodily activity and the consequent need of food is over. Such a procedure in case of young folk is reprehensible indeed. Let the meal at night be dinner if you will, but see to it that the food provided does not tax the digestive powers unduly; also make sure that breakfast and luncheon be such that the needs of the body are amply provided for. Then, and only then, with the active, growing child eat at night with moderation. With the light dinner at night, you at least demands a generous breakfast.

For School Children.

School children, whose stomachs are empty by 11 o'clock in the morning and have nothing but a meager sandwich and apple between that hour and the 6 o'clock dinner, have their food supply on the wrong side of the balance sheet. Such feeding is the main cause of nervous breakdown on the part of many school children. A properly fed youth may spend eight or ten hours at books, with ever increasing vigor, health and morals, concludes Janet M. Hill in Boston Cooking School Magazine.

CHILDREN'S DRESS.

Soft, filmy party frocks and little fur coats.

This is, of course, the season when party or evening frocks are important in children's outfits. Winter festivities and entertainments being in full swing. For these nothing is more lavishly for small girls than the soft embroidered muslins or filmy muslin and lace costumes.

FUR COAT AND EVENING FROCK.

fections. The model shown in the cut is for a girl of twelve years, the embroidery intersected by groups of minute tucks and the skirt concluding in a gathered frill. A dainty girl's touch is imparted by pale blue satin roses and ends at either side and a pretty folded ribbon sash.

For typical winter weather—snow, ice and severe cold—there are warm, jolly little fur coats in white or smoke gray furs or in Persian lamb, one of which for a child of from ten to twelve years appears in the cut as the perfection of a child's garment, smart, but wifical entirely cozy and childlike.

How Dwellings Catch Fire.

Many a home has vanished in smoke because timbers were less than careful from smoke pipes or flues, walls less than four inches thick proved resisting, stovepipes came nearest to woodwork than the twelve inch limit, or the double collar indicated three inches of air space was not there as a protection. Furnaces, too, have often caused misfortune—not the furnace, but our neglect to have at least twenty inches of open space between it and the timbers above or because the metal shield to protect those timbers was not large enough and extending as advised by experts, four feet in front.

Good Housekeeping.

Fashion's Echoes.

Superb new velvet gowns have their front embroidered in silver.

Odd little capes made of mousseline, chiffon lace and soft, filmy materials have high Peter Pan collars at the neck. Various shapes are noticed at evening functions.

A smoke blue anarthon muff and bonnet is a very pretty arrangement.

Necklaces to match the costume are one of the fancies of the season.

Elaborately embroidered hose are considered quite one of the requisites of up-to-date dressing among young women.

For street wear the new gantlet glove is affected by very fashionable dressers. It is not stiffened at the wrist and is fitted with a contrasting color.

The princess gown is exceedingly popular, its graceful lines serving to display the figure to best advantage.

More importance is given every day to the dainty accessories of a careful toilet. Beautiful old fans are cherished on every occasion.

Stocks are worn higher, and by spring they may be quite as high as ever.
