## LOCAL AND OTHER MATTERS.

WOOLLEN MILL.—There is talk of a new woollen mill at Peticodiac.

AUCTION SALE at P. of Burwash's residence on Saturday. See Adv.

Rev. D. G. McDONALD will preach next Sabbath, the 9th inst., at Bethel Chapel at 10 a. m., and at Salem at 8 p. m. Collections to be taken for his services.

New Goods.—Geo. E. Ford has just received a magnificent lot of new Laces and Flowers, new Hats and Bonnets, Mantle Ornaments and Fringes, Circular, Ulster and Mantle Cloths, new Bedroom Suits, &amp;c. Adv. next week.—lin.

The well known schooner "Wentworth," William Parsons, master, made three round trips between the ports of Windsor and New York in 60 days. The "Wentworth" long ago found a short way to N. Y., which no other vessel ever got the run of.

WASHER ASKED.—The body of Arthur W. Edgett, who was drowned last December from the "Annie Bogart," was washed ashore on the beach at Hopewell, on Monday. The vessel struck on a reef at Grindstone Island, and three of the crew were lost. A brother of the deceased took charge of the body and the funeral took place yesterday. The bodies of the two other drowned men have not been recovered.

SILENT STUDENTS.—Those who were on the train from Halifax yesterday were full of students from the Dal and Dumb Asylum. The young people were going home for vacation. They were a jolly crowd and disposed to be sociable, talking with their fingers or with a pencil according to the wishes of the other. They expressed themselves as being highly pleased with the treatment they received at the asylum.

USUALLY LIKE.—Some Moncton people do not allow constables to serve executions on them. Constable Briggs, the other day had occasion to capture the body of John Phinney. John was fleet and escaped, but the constable went to the Phinney domicile, where John's brother commenced to beat the constable, a duty which he performed to the complete satisfaction of both parties. Then John was given up and James was arrested and sent to the Dal and Dumb Asylum.

THE WEATHER AND THE CROP.—The past week has been most unfavorable for all crops except the grass one. The almost continued fall of rain, together with the low temperature, has operated very seriously on the crops. The planting season was very late in commencing, which has now been aggravated by bad weather. If cold and heavy weather continues, the prospects will be alarming.

GRASS ON THE MOUNTAINS.—Grass, potatoes, &amp;c. are backward, the latter in danger of rotting.

PRESBYTERIAN.—Mr. Robt. Beckwith, of Dorchester, was sworn in barrister last week, and Messrs. Allan Chapman and Mariner Teed were admitted attorneys.—Mr. W. C. Cogswell has returned from Manitoba. He intends returning shortly.

MR. A. BUSBY, who has lately been appointed General Passenger and Ticket Agent on the I. C. R., was presented by his friends with a handsome silver tea service on his retirement from the post of Superintendent of the Moncton and Quebec District, by his many friends on the Northern Division.

MR. BUSBY made a suitable reply.—Leonard Allison, Esq., A. B., has taken up his quarters in St. John, where he will continue his legal studies in the office of Silas Alward, Esq.—Mr. Allison was stationed the other day to hear that John A. Smith, B. A., teacher in the Male Academy, had gone down to Londonderry and been married. Pending further intelligence the presumption is that the couple will be married in the near future.

FROM AND ABOUT SHEPHERD.—Now that the elections are over, everything is at a stand-still in the political line. The majority of the people (and a large one too) are delighted with the overwhelming majority Mr. Wood has so easily won over Sir Albert, and it is the general talk should they run again, that Mr. Wood would come off with 1,000 votes, as hundreds of people who voted for Sir Albert, voted for the only reason they thought he would be elected, and was losing their votes by voting for Mr. Wood.—The rain and cold weather have greatly retarded farming operations, and farmers have not been able to sow as much grain, etc., as during the past year. The prospects are that the crop will be much less than last year.

THE LOBSTER FISHING BUSINESS is very good this season, lobsters are in abundance.—The picnic which took place at the R. C. Chapel, She-diac, two weeks ago, realized \$441, clear, a pleasant surprise to the party at the Upper Aboussangan Chapel on or about the 20th inst.—Quite a number of barques are at present loading at Point du Chene with deals.

PARTIES who were given free tickets by Smith's party, to go to Dorchester on Nomination Day, are now receiving letters to go and pay for the same, but so far these persons do not get excited over these little bills.—A large bear was killed in Barabois the other day. A head has killed a great number of sheep in Upper Aboussangan during the past few weeks, and is still at liberty. Traps were set for him, but without success—only two dogs, so far, were caught in the traps instead of the bear.

## Personal and Political.

Her Majesty weighs 200 pounds.

Hon. Dr. Lewis, M. P. for Albert, was on Thursday a member of the Executive Council of New Brunswick.

Hanlan has so far improved in health that he is out again, and has sent word to Winnipeg that he will row across next summer if Ross is willing.

The Marquis of Anglesey, who recently left his young American wife, is said to have lost \$150,000 at the racing meetings of the last fortnight.

The Duke of Argyll has been another persecution of Christians. He has banished all the missionaries and imprisoned all who were found with Bibles in their possession.

Mr. G. G. Lewis, late Station Master at Annapolis, has gone out West to take a position on the Canada Pacific. He was presented by his friends with an address and a beautiful set ring on the eve of his departure.

The Duke of Edinburgh had a narrow escape the other day. He was fishing and a large fish took his hook and pulled his Highness into water 16 feet deep. The Duke sank four times but at last was got ashore.

The New York Sun says:—"We tender our congratulations to Sir John Macdonald, the present chief of the Government of Canada and one of the ablest public characters to be found in any continent."

Mr. C. Cameron, of West-Huron, an eminent member of the Party of Parity, won his election. It has been discovered that one of the ballot boxes contained thirty-five more ballots than there were electors in the district.

Bismarck undertook to convict Prof. Moench of slander in the criminal court, charging the professor with having said that the Government adopted a policy of "swindling brandy burners" and "corn speculators." The accused was acquitted, and Bismarck is as cross as a bear about it.

Sir A. T. Galt is to return to London as Commissioner. All Canadians will be glad to hear that the Dominion is not to be deprived of the services of so excellent a representative abroad. It is especially desirable now that we should have a good man there when emigrants from England are swarming to our shores.

Of the late House of Assembly, Hon. Messrs. Harrington, Landry, Perley, Crawford, Adams, and Collier, Messrs. Barrie, Ryan, MacManus, Gillespie, Lewis, Turner, Vail, Morton, Elder, Ritchie, McLeish, Lynott, Blair, Thompson, Leighton, and White, (Carleton), twenty-two gentlemen have been re-elected.

The Bishop of Durham, Dr. Lightfoot, stated at a recent temperance meeting in Newcastle, England, that about six years ago he determined to try what there was in total abstinence, and he was now convinced that it was best for all, young and old. He slept better at night and worked better during the day than when he took drink.

Derris Pasha, the representative of the Sultan in Egypt, owes his elevation to a lucky accident. A few years ago, during the Bosnian insurrection against the Porte, Derris, then a young captain, was sent to secure a ferry-boat which was on the other side of the river, and was guarded by a large force of Bosnian sharpshooters. He plunged into the river alone, swam boldly across, out of the boat from its moorings and swam back with it while the insurgents' bullets were whizzing about his ears.

This daring deed attracted the attention of Omar Pasha, his superior officer and secured his rapid promotion.

The Rifle Match.

A MISGUIDED YOUTH.—A boy from Truro, of good family and piously brought up, got into some very bad ways, and was a great trouble to his family. He bought certain goods, largely of a devotional nature, at the book store, for which he denied himself the pleasure of paying. Then he went to Amherst where a hotel keeper found that the youngster had primitive ideas as to proprietary rights. The hotel man vehemently consented to the departure of the boy, who, that same night, was captured by Mr. Felton, the proprietor of the book store, by whom he was taken in and given over to his parent, who settled the bills, and undertakes to train his son all over again.

Mr. G. W. Macully, Pavillon Mountain B. C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for rheumatism. Nearly every winter I am laid up with rheumatism, and have tried nearly every kind of medicine without getting any benefit, until I used Dr. Thomas' Electric Oil. It has worked wonders for me, and I want another supply for my friends, &amp;c."

## The Tables Turned in Albert.

Rogers Counted Out, Wallace's Ahead.

Moncton, July 6.—Judge Botsford commenced recount on Tuesday morning and sat until 7.30 in the evening and adjourned till next morning to declare the result. He commenced at Elgin No. 1 and counted every ballot in Elgin. No. 2, all the ballots but one lacked initial of Deputy and were rejected, and in Alma, No. 2, all without exception were thrown out on same grounds.

Peck for applicant and Weldon and Dickson for Rogers. In other districts defective ballots were 48 each. In the rejected districts, Rogers lost 114 and Wallace 32, and Rogers' majority of 19 was changed to a majority of 63 for Wallace. Votes in recount were, Wallace 784, Rogers 723. Weldon and the other counsel had agreed at first that uninitialed ballots should be rejected but did not expect to find such a quantity of them. Weldon subsequently took exception to jurisdiction on the ground that Albert and Kings were a new county court district, though no Judge had been appointed.

Mrs. Barry was one of the early settlers of the Emigrant Road, and lived there several years before a carriage travelled over that section of the parish of Dorchester. In fact, it was in wilderness state at that time. James Barry, husband of the deceased, died in January, 1849, over 33 years ago.
