HE JUMPS FROM A FAST TRAIN

Fire Chief On His Way To
Penitentiary Makes
His Escape

NORTH BAY, Wednesday—With one hand fettered handcuffs, fire chief Raymond, of Blind River, on his way to the penitentiary to serve seven years' sentence threw himself from the window of a rapidly moving train. It was reported he died from his injuries five hours after jumping, but later it was learned that he had been recaptured near the house of a farmer. He had asked the farmer to remove a handcuff from one hand. He was, in charge of Sheriff Stephenson and Jailor J. Hurston on the Toronto train from North Bay. At midnight he expressed a desire to go to the lavatory and one of his hands were released. The train at this time was between Nipissing Junction and Callendar. Immediately his absence was discovered the train was stopped and the officers went back after him. Raymond forged the names of reputable citizens to letters addressed to himself asking him to set fire to buildings.

TIMES PRAISES ALL RED ROUTE

Says Only Impracticability
of Scheme Would Justify
Its Abandonment

(Special to the Morning Graphic.)
CHATHAM, Wednesday—A special issue of the Times, published yesterday, has taken up the "Times" leader to-day says: "We cannot too strongly emphasize the fact that the government pledges the country to the principle of the all red route, and only the absolute impracticability of the latter would now justify its abandonment."

The "Times" special issue speaks of the Canadian government's action as restriction of immigration during the next few months and says that Bruce Walker, on behalf of the Interior department, has instructed every booking agent that no immigrant landing in Canada between February 15 and April 25 will be admitted unless he has \$50. In addition they must have friends here. Walker has also advertised a demand for skilled labor in Canada.

BREEZY BUDGET FROM CHATHAM

Dime Opera Recently Closed
Bought by Local
Parties.

(Special to the Morning Graphic.)
CHATHAM, Wednesday—The Dime Opera, which was closed down, reopened yesterday. Two local men have bought the moving picture machine owned by B. Johnson, and have taken over the hall in which he operated.

A meeting for the purpose of forming a snowshoeing club will be held to-morrow in the office of J. B. S. Snowball.

Mrs. Alex. Brown and three children have gone to Campbellton to spend the Christmas holidays with Manager Tappin of the Bank of Nova Scotia.

A new turbine in the electric light station was started last night for the first time. It is expected to give a greatly improved service.

It is generally believed here that if the deal for the purchase of the Ritchie lumber property by the Miramichi Lumber Company has gone through it will not go into effect before the first of the year.

The Ritchies, it is known, have bought logs for spring sawing, and this does not look as if they intended to dispose of the property at once.

TWELVE MURDERED.

(Special to the Graphic.)
• NOGATES, Arizona, Wednesday—Twelve men were murdered by a band of 150 Paqui Indians in the State of Georgia. One man escaped.

Mrs. F. X. Russell is offering a big discount on all trimmed and untrimmed millinery from now until the 15th January.

(Special to the Morning Graphic.)
• MONTREAL, Wednesday—Hon. I. Israel Tarte, ex-minister of public works and one of the leading Liberal statesmen for the past fifteen years, died this afternoon at 2.45 p.m., at the residence of his son-in-law, Dr. Francis De Martinny. Nine days ago he fell suddenly unconscious at his residence at Boncherville. He continued very ill for several days, having frequent unconscious spells, and three days ago he was removed to his son-in-law's residence in an unconscious condition. He remained unconscious up to his death. Mr. Tarte was one of Canada's most prominent statesmen. He entered the cabinet of Sir Wilfrid Laurier in 1896 as minister of public works, and remained in that capacity until 1902, when he resigned.

MATTER FOR PARLIAMENT.

KINGSTON, Wednesday—A member of parliament is likely to have an episode in the Royal Military College ventilated in parliament. His son was rusticated for four months for offences which he stoutly denies. A trial was held here on the father's demands, which he says was a farce. He now wants the retirement of the authorities concerned.

ODDFELLOWS LOSE \$110.

Fire Does Damage to the House of the Treasurer.

MONCTON, Wednesday—\$110 belonging to the Canadian Oddfellows' Lodge was destroyed in a fire which gutted the residence of Norman Wilson, the local treasurer. The house was owned by Premier Robinson and was insured.

NARROW ESCAPE FROM CROWNING

Sandy McPherson Tried to
Cross Miramichi But
Ice Gave Way

CHATHAM, Wednesday—Sandy McPherson, a farmer for McLennan and McNaught, who lives on the other side of the river had a narrow escape from drowning this morning while attempting to cross on the ice. He was only about one-third of the way over when the ice gave way under him. He was rescued by fishermen from this side of the river. People are crossing on the ice at different places near here, but the ice is still treacherous. A Scott Act case against Mrs. John A. McDaid was tried this morning.
