### TOBACCO HEART.

HAVE you been smoking a good deal lately and feel an occasional twinge of pain round your heart? Are you short of breath, nervous, unbalanced, sensitive of noise and going through your arm and fingers? Better take a box of two of Milburn's Heart and Nerve Pills and get cured before things become too serious. Here's what Mr. John James, of Caledonia, Ont., has to say about them: "I have had serious heart trouble for four years, caused by excessive use of tobacco. At times my heart would beat very rapidly and then seem to stop beating only to commence again with unusual rapidity. 'This unhealthy action of my heart caused shortness of breath, nervousness and debility. I tried many medicines and spent a great deal of money but could not get any help. Last November, however, I read of a man, afflicted like myself, being cured by Milburn's Heart and Nerve Pills. I went to Rogers' drug store and bought a box. When I had finished taking it I was so much better I bought another box and this completed the cure. My heart has not bothered me since, and I strongly recommend all sufferers from heart and nerve trouble, caused by excessive use of tobacco, to give Milburn's Heart and Nerve Pills a fair and faithful trial." Price 50c, a box or 8 boxes for \$1.25, all druggists. T. Milburn & Co., Toronto, Ont. LAXATIVE PILLS cure Constipation, Biliousness and Dyspepsia. Price 25c.

### Sir Charles Tupper.

Sir Charles Tupper arrived at Montreal on Sunday from England, and appeared to be in the best of health and spirits. He stated that the Conservative leaders had arranged a vigorous plan of campaign in Quebec and the Maritime Provinces, but this had been abandoned on account of the Quebec conference. The Conservative party had no desire to do anything which would in the least degree impair the success of that conference by creating in the minds of K. a United States representatives a feeling that the Canadian Commissioners did not have full confidence. He realized that no such opportunity of securing an adjustment of the affairs in dispute between the United States and Canada had ever before been offered. It was brought about by the position of the United States in the present war, and the sympathy evidenced by the English and Canadian people had done much to create a more friendly feeling, which would be manifested in a reception of the results coming from the Conference, if there were any results. The political outlook was promising, especially in the Northwest. He believed that in the next general election the Liberals would not have more than two supporters returned west of Winnipeg. Sir Charles will remain in Montreal for a few days and then pay a visit to Cape Breton, not having seen his constituents since the election.
