It was understood at Washington last Thursday that a motion vivendi has practically been reached on the basis of a concession to Canada of a port on the Lynn Canal and Canada, agreeing to move the boundary line south.

CAPT. FARRILL, of the Red Cross line, which was recently lost, Big Fish Shoal, to the westward of Halifax, has been suspended for six months. He is allowed a mate's certificate in consideration of his conduct in saving the lives of those on board.

The schooner "Our Hope," owned by Mr. William D. Cook of St. Peter's Harbor on Monday night. She was coming from Amherst, N. S. with a cargo of shingles for her owner. GEN. RELIEUX, Military Governor of Paris, and General de Negrier, a member of the Supreme Council of War, have been disciplined, and that severely, by General de Gallifet, the new French Minister of War. In several ways the Waldeck-Rousseau cabinet is showing itself to be equal to the occasion that called it forth.

The state will be stronger when its work is done, and the army will be better, for it will be back in its proper place as the servant of the state.

A CURIOUS accident took place at Victoria, B. C. on Saturday. A block of buildings, 80 by 90 ft, being the cleaning and washing department of the Scottish Canadian cannery bank below the banks of the Fraser River. The building was built on piles now believed to have found a foundation in quicksand. No one was hurt, luckily, and no machinery of importance lost. A gang is hard at work building again, though, of course the old material is swallowed up.

The hay crop all through the New England States is going to be short. The most reliable authorities agree that it will be little better than half the average yield.

The hay crop throughout New Brunswick and Nova Scotia will it is generally conceded, be fully up to the average. The prospect a few weeks ago was rather discouraging, but the wet weather has wrought a great change. There is no doubt the farmers will have a large amount of hay this fall for export.

News comes from Port de France, Island of Martinique that General Delysne Hureauux, President of the Dominican Republic, was assassinated at Moon on Wednesday last. The name of the murderer is Ramon Caceres. He succeeded in making his escape but an energetic pursuit was at once begun and it is probable that he will soon be captured. President General Venecias Figueroa, immediately upon the announcement of the President's death assumed the direction of affairs. At present calmness prevails everywhere in the republic.

ABOUT a week ago the Vile Marie Bank Montreal suspended in consequence of defaulting in meeting about sixty or seventy thousand dollars by the bank and other officials. In consequence of the uneasiness caused by this the depositors made a run of the Jacques Cartier Bank. This bank has several branches in the suburbs of Montreal, and the depositors invaded every branch demanding their money. So persistent was the run that one hundred thousand dollars were withdrawn from two suburban branches on Monday. The directors say this course if persevered in would cause disaster, and concluded to suspend payments. Consequently on Tuesday the bank closed its door temporarily at least. The directors say every dollar due deposited will be paid in a little time.

FRED MITCHELL, who fell from the Volly Railway Bridge at Turo, a few days ago, a distance of 90 feet has been getting worse and at the time of writing the physicians in attendance had not given any opinion as to his recovery. The men with whom the unfortunate young man was working were unaware that any accident had happened until they heard a thud on the shore below where they were working. The last work Mitchell was seen employed at was securing up a nut on a bolt. He was using both hands and it is thought that the heavy wrench slipped causing him to lose his balance. Mitchell as yet gives no explanation of the accident.

When he struck the ground he got up and walked about ten or twelve feet from where he landed but was compelled to lie down. Mitchell was considered somewhat reckless in dangerous places. This was the third fall and narrow escape from instant death. On a previous occasion he fell from a bridge on which he was working in New Brunswick a distance of 80 feet. He at another time received a serious blow from a horse but this latter more serious than all and the worst is leaked for.
