

CONTROL!

"RAYBESTOS" Brake Lining

Will always grip and hold the car in any emergency because it is made of long fibre asbestos woven with brass wire and treated in a way that gives it the greatest gripping power.

"RAYBESTOS"

gives longer wear than any other lining, and it wears evenly down to the last sixteenth of an inch. Most of the best known car manufacturers use RAYBESTOS.

Look for the silver edge; your protection against imitations.

Send your car to us to be overhauled and have the brakes relined with RAYBESTOS and protect yourself against accidents.
