None of them expected an injury, but the unexpected too often happens.

**How Chrysler Sweeps
All Tradition Aside**

No one need fear that he will not be rewarded who gives to the world something distinctively superior to that which has preceded it. And nowhere is recognition so swift and reward so munificent as in America. Chrysler Six came into a seemingly crowded motor car market and almost immediately swept its way into unprecedented acceptance as a quality product. That which ordinarily takes years to

achieve was won almost over-night. Why? Because the Chrysler brushed aside outworn traditions in engineering, in design, and in performance, and gave to the world advantages it could instantly see and feel and experience. It squarely confronted problems of height and weight and size, solving them according to the crying needs of the moment rather than the needs of five years ago. It brought to bear both scientific exactness and artistry—endeavoring to embody in the new car elements of grace and elegance no one else had attained. That is why the Chrysler has taken the country by storm—why it still stands and will long stand alone—why if you want what the Chrysler gives, the Chrysler alone can satisfy you.
