Don't you buy Wall Paper until you have seen through our samples. We've unequalled assortment and unbeaten prices, in spite of what others say to the contrary. That's the truth.

Did you get in to see our Wall Paper opening? We don't think we stretch it a bit when we say that our opening was a huge success in every sense of the word. Our store was literally packed from noon until long after the curfew rang and by months of planning and preparation we were able to put on a display seldom equalled and from a fashion point of view not excelled, for there are no better or more stylish papers than those we had from the grand prize exhibit at St. Louis. From the many pleasant and flattering remarks we received, we take it that our display pleased.

Now, to get down to business. We've everything cleared for action. All our new papers are in and our special sample books from New York and Philadelphia are here. We can now supply you with paper from 5c to \$10 a roll, fully 500 patterns to choose from.

Special prices on remnant lots with or without borders and ceilings. Many small lots suitable for summer kitchens, etc., at half or quarter their original price.

A Dangerous Habit

Gladstone's Physician Gives Warning Against a Growing American Custom.

The growing habit amongst Americans of taking a mint tablet or some other so called digestive after eating a hearty meal, is something that Sir Andrew Clark, Mr. Gladstone's physician advised strongly against, saying, "It is absolutely dangerous to take into the stomach remedies which are popularly supposed to aid in the digestion of food."

There is nothing known to the science of medicine that can prevent the work of the human stomach. Drugs do not and can not digest the food. They simply decompose it. What can be more revolting or disgusting than the thought of taking something into the stomach that is going to turn the good food you have eaten into a mass of corruption.

The only way to overcome indigestion and its evil effects is to remove all irritation, congestion and inflammation of the stomach, liver and intestines, and Mi-o-na tablets taken before each meal every trace of irritation and inflammation is removed from the stomach and digestive system, and those organs will extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound healthy body. If you suffer with headaches, indigestion, flatulency, spots before the eyes, vertigo or dizziness, palpitation of the heart, sleeplessness, or any stomach trouble, get a fifty cent box Mi-o-na from J. E. Richards one of our most reliable druggists, whose faith in the remedy is shown by his offer to return the money if Mi-o-na dose not give complete satisfaction.

Millinery Show Rooms Now Open

Every Department Ready for a Big Season's Business

On Saturday last, the occasion of our Spring Millinery Opening, thousands came and saw the display made by this store. Millinery was the chief attraction. The pattern hats shown outshone any former season; the crowds were enthusiastic; the day was perfect; many new customers were added. Millinery is our strong department; season after season we have lead all competitors. This season we will make greater strides.

NEW READY-TO-WEAR HATS FULLY TRIMMED PAT- TERN HATS Novelty, Exclusiveness, Individuality The three strong points in this store's mil- linery strength.

The Display of Dress Goods and Silks

People wonder at the extent of this store's dress goods business. Ladies are fond of variety; they like to go where they can have a large stock to select from. We claim to have as complete a dress goods and silk showing as any London or St. Thomas store. We also claim to save you at least 10 per cent. on every dress you buy here. Why? We import direct, the same as Eaton does. We pay cash, spot cash. Our expenses for doing business are not as great as city stores. Why can't we sell cheaper? We certainly can and do.

The Display of Curtains and Draperies

House-cleaning will soon be in order. Then what about replenishing the cur- tains. We have imported direct from Nottingham and Swiss makers over 300 pairs of LACE CURTAINS, new, every one of them. The values are excep- tional, as the prices they are marked at will indicate 25c. to \$3.50 a pair.

The Display of Gentlemen's Suitings

Top Coatings, Rain Coatings, Vestings and Trouserings. Scotch, Irish and English woollen mills are represented in this season's importations. The celebrated "Saitaire" serges and suitings; the "Ballymena" chevions, and the English fancy worsteds—newest in browns, greys, blues and blacks.

Orders are coming our way. Why not have first choice? Suitings at popular prices, \$16.00 to \$20.00.
