

## A BIG DAY AT BUFFALO'S BIG SHOW!

Dedicating Canada's Building and  
Celebrating Dominion Day.

Visit of the Highlanders and the Min-  
ister of Militia Creates a Stir—  
Expression of Fraternal Feelings  
the Order of the Day.

Buffalo, N. Y., July 1.—Today was Dominion Day in Canada and in Buffalo. It was the occasion of Canada's first public display at the Pan-American Exposition, the occasion of the biggest demonstration she has perhaps ever made in this city. It was still more than that. It was a time of generous greeting between the land to the north and the land to the south of the great waters. British and American soldiers marched in the same line, and both carried arms of destruction. All in all it was a great and unusual day. It was productive of many of the little incidents which tend to weld the people of different countries together, to solidify their interests, and to implant in their hearts love for each other. The support the exposition has received from Canada has been a source of much enjoyment to the exposition officials. She has sent many distinguished men here to see the fair, has erected a handsome building and has spent a great deal of money arranging for a suitable display of the Dominion's resources and products.

**THE EXERCISES.**  
The exercises which were arranged to take place in the Temple of Music at 10:30 o'clock, were planned both to dedicate the Canadian building, and commemorate Canadian day. The 48th Highlanders of Toronto went to the Iroquois Hotel shortly before 10 o'clock to escort Hon. F. W. Borden, minister of militia of Canada, and his staff to the grounds. A large crowd gathered about the hotel and along Main street. Led by the company of U. S. marines, which is quartered at the exposition grounds, and by their own regiment band and company of pipers, the Highlanders started away from the hotel about 10:40 o'clock ahead of Dr. Borden and a number of other distinguished Canadians, as well as prominent Buffalonians.

**PICTURESQUE SCENE.**  
It has been a long time since an armed body of Canadian soldiers marched in the streets of Buffalo, and it is safe to say that a more picturesque body will never again be seen. Crowds lined the curbs all the way up Main street, and for a long distance out Delaware avenue, and everyone was enthusiastic. Cheers greeted the Britishers continually.

**GRAND SPECTACLE.**  
It was 12 o'clock when Dr. Borden, accompanied by the members of his staff, marched along the forecourt in front of the picturesque Highlanders, who stood with arms to shoulder, and the pretty U. S. marines, who presented arms. A large crowd had congregated on the triumphal bridge, along the approach and on the esplanade, and the people cheered rousing when the distinguished Canadians and the prominent Buffalonians came along. It was a grand spectacle—the passage of the line through the beautiful Lincoln parkway gate, and the march down the magnificent approach which has often been referred to as the Appian way. First came the U. S. marines, looking trim in their full dress. Behind them came the pioneer guard of the Highlanders themselves—the 48th Highlanders of Toronto, Canada's pet regiment. With their tall hats, their red kilts, plaid stockings and bare knees, they looked picturesque indeed, and one quickly understood why the Province of Ontario is proud of them. The minister of militia and staff, with the local escort, had stopped at the entrance, and when the marines and the Highlanders had presented arms and the pipers passed down the aisles they were received with rousing cheers. Dr. Borden and staff went to the stage, followed by many Buffalo men, who were especial guests. The band was stationed to the left of the stage, and the pipers were placed on the stage, well back.

The temple was very prettily decorated. A mammoth American flag hung in the arch of the stage, and just beneath it was a much smaller Union Jack, bearing the coat of arms of Canada. The flags of the United States and Britain were intertwined about the speaker's table, while suspended from the rail of the front balconies, both to the right and left, were two Union Jacks and an American flag. The Stars and Stripes and the Union Jack were draped side by side over the entrance.

**MINISTER BORDEN.**  
A multitude of people, mostly Canadians, flocked in a moment later, and rapidly filled up the seats. Already there were perhaps 300 persons in the building, they having understood that the exercises would begin at 10:30 o'clock. The minister of militia was greeted with applause. Then the Highlanders band and the pipers passed down the aisles they were received with rousing cheers. Dr. Borden and staff went to the stage, followed by many Buffalo men, who were especial guests. The band was stationed to the left of the stage, and the pipers were placed on the stage, well back.

**ON THE PLATFORM.**  
When Chairman Britton arose the spacious temple was comfortably filled, and it was noticeable that a majority of the crowd were women. The following named persons were on the stage: Dr. Borden, B. M. Britton, J. Foy and Dr. Pyne, of Toronto, members of parliament; Dr. Fisher, of Montreal; Col. Pinault, deputy minister of militia; Lieut.-Col. Evan-turel, Lieut.-Col. Hurdman, Col. Turner, Lieut.-Col. MacDonald, Col. McDonald, Lieut.-Col. Blight, Lieut.-Col. Pollett, Commissioner W. Hutchinson, and some of Buffalo's prominent men, including John G. Milburn and

Director-General Buchanan, of the exposition.  
**CHAIRMAN BRITTON, M. P. OF KINGSTON.**  
Mr. Britton, M. P., from Kingston, Ont., acted in the capacity of chairman. In opening the exercises he said: "I feel it one of the honors of my life to be today the representative of our Dominion on this 21st anniversary. We come to Buffalo the representatives of the great Canada to the greater United States. We come not merely to spend the day, but to see the exposition, to see what can be accomplished by a great nation like the United States. With best of greetings we come, to wish you the greatest prosperity."  
Mayor Diehl was called upon to extend a welcome to the visitors. He said it would be the desire of every one in Buffalo to make the visit of the Canadians a happy one.

**PRESIDENT MILBURN.**  
John G. Milburn, president of the exposition, was introduced by Chairman Britton. "I am very glad," said Mr. Milburn, "for this opportunity to express our deep obligations to the people of Canada for their generous support of, and participation in, this exposition. It is a great pleasure to be able to say we have realized beyond our expectations, and that the participation of the other governments has made this grand exposition a reality. Today Canada has added to the debt we owe her. She comes here bringing soldiers, distinguished in the service of the King. I hope that as the years pass the ties between you and us will strengthen, and in that hope I include the countries of South and Central America. I hope the future has in store for all the Americas the blessings of peace and advancing civilization. There is a close tie between great elements in this country and great elements in the north. We have the same lineage, the same language, are governed by practically the same laws; we read and enjoy the same art and literature. Between peoples bound by such ties should there be but the best of feeling and understanding for the benefit of mankind."

**DR. BORDEN.**  
The next speaker was Dr. Borden. "I thank Mr. Milburn," said he, "and would like, if able to echo the sentiments so beautifully expressed and which represent the views of the people of his, as well as my own country. We are of the same lineage. In Nova Scotia, my country, my ancestors came from New England, and we are always glad to publish that fact. Here we are met by a noble reception by a fine people. We are here to commemorate the grand progress of the United States during the past century. Our soldiers have come with us, but on an errand of peace. May God grant that such visits shall be more frequent, and that they may never be upon any other purpose. This exposition does honor to this great country, and honor to the people of this city of Buffalo. Every part of the ground is a study; every detail is artistic. The idea was a grand conception, and the materialization has been wonderful. I have been at many expositions, but this is by far the best of all. It is a grand study. It is an education agency which cannot be excelled. The desire to bring into closer relationship the interests of the countries of the Americas inspired the enthusiasm which has characterized the efforts of the people of Buffalo in their enterprise. "I am glad of this effort to bind more closely the relationship of the different countries, and glad of the prospect for

a broadening of the trade between America and Canada. I am happy to promote a reciprocity between the two countries. I have sometimes felt that there was not a general desire over here to bring about reciprocity. You know there are various kinds. There is one where you can make an equal division and another where one gets nearly all. I will relate in illustration a little story: Two men—one an Englishman and one an Irishman—wanted to divide a house which they owned jointly. The Irishman said: "You take the outside and I'll take the inside." (Laughter.) That kind won't do. We on the north are your neighbors and your friends. We want to go hand-in-hand with you if you will let us. We are prepared to meet you half-way, but will not go farther than half way.

"We are taking our goods across the Atlantic now in the free trade markets of Old England, and have been in some places compelled to displace goods sent by this country to England, and I feel, unless conditions change, we will have to go on displacing some of our goods. We want to go along with you in working out the destinies of this continent." "In conclusion," said Mr. Borden, "look at what has happened in this country in four hundred years since the discovery. Think of the United States! You have great commercial centers and centers of art. Only one thing can happen. In the years to come the centers of Europe will be transplanted over here. It may be in the north or in the south. We must not quarrel. The continent's future is immeasurable, and we should work in effort to hasten its development. I take this opportunity of declaring the Canadian building open, and we hope to welcome everyone from every country."

Director-General Buchanan made a two-minute address, in which he spoke flatteringly of the assistance the exposition has received from Canada. The members of the band sang "God Save the King," the people cheered and the exercises were over. The Highland Regiment went out to the esplanade to troop the colors, and the crowd from the Temple of Music flocked about the red-kilted soldier boys to see the ceremony.

**THINKS THEY ARE GOOD**

**Like Everybody Else Who Has Given DODD'S KIDNEY PILLS A FAIR TRIAL.**  
St. Elzear, Que., July 1.—(Special.)—Jean Potvin, of this place, has a very high opinion of DODD'S KIDNEY PILLS. He has tested their merits and knows whereof he speaks.  
Wherever you go throughout the broad Dominion you will have a hard task to find anyone who having given DODD'S KIDNEY PILLS an honest chance to cure them are still dissatisfied.  
Jean Potvin says: "I think DODD'S KIDNEY PILLS are good. They cured me of kidney disease, with which I suffered, and which at night forced me to rise every hour. Today I am well. I sleep without having to get up in the night. You can believe me I am glad to have regained my health."  
"Thanks a thousand times to DODD'S KIDNEY PILLS!"

In the United Kingdom there are 60,000 postmen, and in the course of a year nearly 3,000,000,000 letters, postal cards, parcels, circulars and newspapers are delivered.

**HULLLOWAY'S CORN CURE** is a specific for the removal of corns and warts. We have never heard of its failing to remove even the worst kind.

## COLDS

I regard my COLD CURE as more valuable than a life insurance policy. not only cures colds in the head, colds in the lungs, colds in the bones, but it wards off dangerous diseases such as grippe, diphtheria, pneumonia, and consumption. —MUNYON.

Munyon's Rheumatism Cure seldom fails to relieve in one to three hours, and cures in a few days. Munyon's Dyspepsia Cure positively cures all forms of indigestion and stomach trouble. Munyon's Cough Cure stops coughs, night sweats, allays soreness and speedsily heals the lungs. Munyon's Kidney Cure quickly cures pains in the back, joints or groins, and all forms of kidney disease. All the cures are at cents, at any drug store. Munyon's Guide to Health should be in the hands of every mother. It will help them to know the symptoms of every disease and tell them the proper treatment. Sent free to any address. Munyon's Inhaler Cures Catarrh.

**MUNYON'S INHALER CURES CATARRH.**

## DESTRUCTIVE FIRES IN BOSTON AND LONDON

Three Steamer Docks Destroyed—Freight Cars Burned—\$500,000 Clothing Factory in Ashes.

**LOSS \$500,000.**

London, July 2.—Schneider & Sons' clothing factory in Whitechapel, covering a ground space of two and one-half acres, has been burned. The damage is placed at £100,000. Two thousand employees are thrown out of work.

**BLAZING LUMBER.**

Montreal, Que., July 2.—The lumber yards of William Rutherford & Co., at St. Cugine were the scene of an extensive fire Sunday. The fire started among the lumber piles, and despite the hardest efforts of the firemen it took nearly three hours to get it under control. Nearly a million feet of lumber, valued at over \$50,000, were destroyed.

**LOSS \$200,000.**

Boston, Mass., July 1.—Fire broke out at the Hoosac Tunnel docks, Charlestown, just before 9 o'clock. Within a few minutes of the first alarm, piers 3, 4 and 5 were burning. The burning piers are used by the Warren Line Steamship Company. The steamer Sachem, which was moored at one of the docks, was towed to midstream, but she was considerably scorched. On pier 5 were half a dozen

freight cars which caught fire before they could be drawn to a place of safety. Just before 10 o'clock the firemen obtained control of the flames. It is thought the loss will not be more than \$200,000.

**WOOLEN MILL BURNED.**

Elora, Ont., July 2.—A disastrous fire occurred here Sunday morning, which destroyed Bain & Co.'s woolen mill. Though the firemen were on the scene and had steam up in a few minutes, the fire had made great headway, but by great exertion the flames were confined to the mill. A portion of the cloth and wool was gotten out, but the mill burned so rapidly that it soon became unsafe to attempt any further rescue. Bain & Co.'s mill and machinery is a total loss. Insurance \$2,000, but the loss will greatly exceed that amount.

**IN TORONTO'S SUBURBS.**

Toronto, July 2.—The Dutch Farm Hotel, a noted road house on the Don and Danforth road, about five miles from the city, was completely gutted by fire Saturday. The fire which originated from an unknown cause in the stable, broke out about 5 o'clock and burned fiercely for over an hour. A volunteer fire brigade was organized by the residents in the district, but despite their best efforts the hotel and large driving sheds and stables adjoining are almost a total loss. The burned building was one of the landmarks of York county, being built half a century ago. The loss is estimated at about \$3,000; covered by insurance. A valuable team of horses and a wagon load of soda water, belonging to J. J. McLaughlin, Toronto, and a horse and rig, owned by Wm. Gelding, of Toronto, were also burned. Mr. Gelding and Louis Heber, proprietor of the hotel, in endeavoring to save the horses, had their hands badly burned.

**SAVE THE INFANTS IN JULY AND AUGUST.**

## LACTATED FOOD

Will Keep Them Healthy and Strong.

Thousands of babies drop off in July and August. The best physicians assert that improper dieting is responsible for fully three-fourths of the deaths among the little ones. The infants who safely pass through the hot weather are those who have been nourished on Lactated Food, a perfect substitute for mother's milk. Mrs. G. Snyder, of Jarvis, Ont., says: "My little girl, Ethel May, was a delicate child when born. I used Lactated Food for six months, and it was surprising how she improved on it. She is now a fine fat and plump child, and I believe Lactated Food saved her life." Ask your druggist for it, and take no other.

The cities of Dublin, Belfast, Cork and Limerick, with a total population about equal to that of Glasgow, contain less than a sixth of the population of Ireland.  
Hagyard's Yellow Oil is good for man or beast. Relieves pain, reduces swelling, allays inflammation, cures cuts, burns, bruises, sprains, stiff joints, etc.

## 'Home, Sweet Home.'

Some people only sing it—they don't have a chance to do anything else—if they were in London today it would be different. They could not only sing it, but own it—and that for almost nothing.

**\$2 DOWN and 50c WEEKLY**

These are the terms on which you can locate permanently at Oxford Park.

The Grandest, Most Beautifully Located and Most Rapidly Appreciating Property About London.

**Sale June 27 to July 19  
WITH GRAND OPENING AND  
GALA DAY JULY 6**

Don't Wait for the Opening—You Can Buy Lots Now.

And agents will be on the land every day to show the property. Call at our office and get all the points. We can show you the EASIEST, BEST and QUICKEST WAY TO OWN A HOME.

## OXFORD PARK

The new addition to London is located on Oxford street, and has a frontage of over 9,000 feet on Oxford street and on the five new streets we are constructing through the property. This tract contains more than 1,000,000 square feet of the best building land in London—high, dry and level as a house floor, with a beautiful view of the city. It is one and one-third miles from Market Square, and within three minutes' walk of the junction of Oxford street and Wharncliffe road, where the London West electric cars can be taken every twelve minutes to all parts of the city. The property was purchased by Dodge & Draper of William F. Peters for spot cash, and the title was examined by Francis Love, Esq., and pronounced perfect. Every lot is a level lawn—not one cent to be spent for grading and filling—and our prices are all the way from one-sixth to one-half the regular prices asked for house lots in this section of the city.

**Special Electric Cars  
Every Day  
TO  
OXFORD PARK.**  
Leaving Pottersburg at 7.50, 8.35, 9.25, 10.15, 11.05, 12.35, 1.25, 2.15, 3.05, 3.55, 4.45, 5.35, 6.25, 7.15. Passing corner Dundas and Richmond streets 10 minutes later.
