### LOCAL MARKETS.

London, Thursday, Aug. 11.  
The attendance at today's market was fairly large for this day of the week. The supplies consisted mainly of the small products of the farm and garden. Trade was moderately brisk and prices were about steady to easier.

Grain—Today's delivery of oats was the largest in any one day for several weeks back; there were about 40 loads offered and sales were made at \$1 to \$1.07 per cwt. The higher price was paid at the rate of 10 to 15 cents lower. A couple of loads of wheat sold at \$1.30 per cwt. Hay and straw—There were 15 loads of hay offered; sales were brisk and prices firm, at 27 to 28 cents per ton. Straw was scarce, at \$5 per ton; several of the farmers have made contracts to supply baled hay to the dealers at \$8 per ton.

Eggs—Both of these commodities were easier; the supply of butter was large, and in several large lots; crockery ranged from 15c to 16c per lb; choice round eggs, at 15c per dozen. Vegetables and Potatoes—Potatoes sold well at 5c to 6c per bushel; most of the sales were made at 5c per bushel. Cabbages were plentiful, at 20c to 25c per dozen; green beans, at 12c per quart; green corn, at 15c per dozen; green vegetables were dull of sale, at prices quoted.

Fruit—Apples were the feature in this line; prices were easier, at 40c to 50c per bushel; red raspberries sold at 75c to 80c per box; black raspberries at 10c per box. Peaches were about as quoted. Poultry—There was a fair doing in this line; a few lots of live spring chickens sold at 50c per pair; dressed, 50c to 55c per pair.

Dressed Hogs—About 40 were brought in, which had been previously bargained for; prices paid were \$2.50 to \$3.00 per cwt. Butcher's Meats—The supply was large; sales were fairly brisk at \$6 to \$7 per cwt for beef; veal sold at \$6 to \$7 per cwt; lamb, 30c to 35c per lb.

# THE ADVANTAGE

If any of the drugs in your prescription fall short in purity or in the power of curing, the remedy is in the hands of the pharmacist. First, that the remedy is of the best quality; second, that it is of the kind of prescription filling; and, third, that the price is always fair.

# BOARDS WITH CLOSES TWO WELLS ON THE FRASER HEIGHTS

Were Found To Be Unsafe for Use—Over Forty Cases of Typhoid in London.

Dr. English, chairman of the local board of health, today gave out a statement regarding the investigations which have been made into the wells on the Fraser Heights.

The well at the end of the dancing shed is a well in reality, but merely a cement tank, water being piped to it from a well on the beach by the aid of an engine. It has been cleaned regularly once a week, and Dr. English says, was found to be in fair condition.

There are in London today over 40 cases of typhoid, and the origin of the vast majority of them can be traced to Port Stanley. Nearly a score of the patients are said to be members of the congregation of the Church of St. John the Evangelist, who are in the habit of going to the Fraser Heights, one just at the west end of the hotel, and the other near the stables. The latter, it is said, was never used for drinking purposes.

The well at the end of the dancing shed is a well in reality, but merely a cement tank, water being piped to it from a well on the beach by the aid of an engine. It has been cleaned regularly once a week, and Dr. English says, was found to be in fair condition.

### MAYOR CONTINUES CHANCE FOR IT, BUT IT'S SLIM

Consulting Authorities Bearing Said There's a Possibility of Queen's Avenue Having a Pavement This Year.

The tempest in a tea pot over the new roof being put on the Western Hotel, has been blowing for some time. The Mayor, Mr. W. R. Oke, has been asked to remove the roof, but he has refused to do so. The consulting authorities, however, have said that there is a possibility of Queen's Avenue having a pavement this year.

The assessment commissioner's department is preparing notices to the public that an asphalt pavement is to be laid on Queen's avenue and that the court of revision for the same will be held on Aug. 26, when the petition will be certain.

It transpires that of the nine petitioners who asked the city clerk to remove their names from the asphalt petition a number—three or four, it is said—have notified the city to take no action on their notices of withdrawal, and they have also refused to go to the city clerk to have their names removed. Thus, it is said, the petition is now sufficiently signed, and a new petition will be presented to the city clerk.

At present it does not appear likely that there will be any law suit on the case of Ex-Fireman John Crawford, who has been charged with the death of his wife, Mrs. Crawford, who died of a heart attack.

### WON IRISH BENEVOLENT CUP.

At the big picnic at Port Stanley on Tuesday, Mr. E. H. Herring, of Glanworth, won the Irish Benevolent Cup, which is a silver cup, by a score of 10 to 0.

### ATTENDED SUMMER SCHOOL.

Rev. R. D. Hamilton, of Petrolia, former pastor of the Wellington Street Methodist Church, was in the city today on his way home from Port Stanley where he has been attending the summer school of the St. Thomas district.

### City Engineer Graydon and his assistant, Engineer Kirkpatrick, have completed their inspection of the road-bed and bridges of the London and Port Stanley Railway.

The trip proved a very arduous one, and the engineer and his assistant were very tired when they returned to London. They had to travel through the Fraser Heights, which is a very rough and hilly country.

### HOWELL'S TEARS HARSH TREATMENT HAD NO EFFECT OF TWO SYRIANS

Perpetrator of Half a Dozen Had Through Tickets for Their Native Land But Could Not Enter United States.

Although he pleaded like a child for mercy, Richard Howell was this morning sentenced to eighteen months in the Central Prison by Judge Macbeth.

He was sent down on six charges of theft, all of which he had admitted. In sentencing Howell Judge Mac
