[Special to The Advertiser.] OTTAWA, May 11.—The Govern-ment asked today that Parliament should pay depositors in the Farmers' Bank \$1,200,000 that they lost through the failure of the institution. Finance Minister White justified the

Mr. Nickle said that he could not indorse the argument of the Finance Minister in charging the failure of the Farmers' Bank to the negligence of the treasury board in issuing the certificate The investigator, Sir William Meredith, had made it clear that this was not the case. Mr. White had argued that primary neglect was responsible. The official negligence was the cause of loss. Last year in the banking committee when the banking act was being revised, Mr. Nickle said that he had fought to have the investigating accountants of banks named and approved by the Government. The Finance Minister had finally accepted this and that was now the

CABINET IS SPLIT OVER AN ELECTION

Beck Is Opposed and Whitney Is Inclined to Agree With Him, Embarrassing Other Wembers.

[Special to The Advertiser.] TORONTO, May 11.—While Whitney Government is still cogitating on the advisability of holding an election now or in the fall, comes the news from outside places tonight that town halfs and other prominent buildings have been reserved for Provincial nominations on June 22, which means that

the polling would take place on June 29. A party close to the members of Executive council stated tonight that the delay was being caused by Sir James Whitney himself.

The Premier, while assenting to the view of most of his colleagues that an election could properly be held at this time, seems to be slow in making up his mind. This is causing the other members of the Government some embarrassment as they permitted the members to leave Toronto after prorogation with the understanding that the election would be held on the last Monday in June. Hon. Adam Beck is said to be another factor which has upset the plans of those ministers who want an early appeal to the electorate. Brilliant Audience Attends Show at Covent Garden-Disturbers Are Ejected.

[Canadian Press.] LONDON, May 11.—The Royal Opera House, Covent Garden, was commandeered this evening by King George for a gala performance in honor of the King and Queen of Denmark, who are paying their accession visit to this country. The program consisted of scenes from La Tosca, La Boheme and Aida. The singers in-cluded Melba and Emmy Destinn. For an audience the performers had the leaders of the political, diplomatic and social world of London, the men in the uniforms of their rank, and the women in beautiful gowns and jewels of un-

The scene, which was of gorgeous brilliance, was for a time marred by a suffragette demonstration. During an interlude a suffragette rose in the balcony stalls and shouted: "King George, women are being tortured in your dominions."

The women sitting nearby seized the disturber and dragged her outside, while other men ejected women with her who started "demonstrating." They shrieked, kicked and clawed as they were being carried from the building. Meanwhile, other suffragettes in the gallery above the royal box threw down a great quantity of suffragette leaflets.

Judge Uphold's Wife.
Judge Wallace in summing up the case said, "I have no reason to doubt the statements made on the witness stand by Mrs. Riddell and I was convinced by her straight forward man-ner that she was telling the truth as would have nothing to gain by making up such a story."

He also severely scored the prisoner, and said, he did not take much stock in evidence given by people in their own defence. The decision met with the approval of the large crowd present, who were in sympathy with Mrs Riddell.

Prisoner's Second Wife. Mrs. Riddle is the second wife of the iccused. The former Mrs. Riddle died about five years ago of poisoning, and her demise was regarded suspiciously, though the evidence at the inquest, made it appear that the poison was self administered.

Nunn of Vernon, B.C., "For over two years I suffered acutely with a sore on my leg which, despite all treatment, turned into an open ulcer. I tried all kinds of medicines, ointments, liniments, etc., but the wound seemed only to get worse. It seems to me wonderful that the cure could be effected in such a short space of time. I shall be glad if you will publish my statement for the benefit of other sufferers who do not know of Zam-Buk."
