SPORTS AND PASTIMES.

James Bays Win at Lacrosse After s Rattling Game With the Stars.

Junior Association Footballers Organize for the Season-Wheelmen's Meeting To-Night.

A good turnout greeted the James Bays and Stars when they met on the Caledonia grounds yesterday afternoon. The match, outside of the ordinary interest felt in these exponents of intermediate lacrosse, carried with it a point that made it especially great intermediate game which will close the season. With this point in view both teams have been practising faithfully, and when they lined up yesterday they looked a hardy lot of boys and fit to play for their lives. A few minutes after 3 c'clock the whistle brought them into line as follows:

L. Netherby Go.l S. Norman W. Greenfield J. Fair-ill
G. Snider Cover Point R. Finlayson A. Smith First Defence A. Finlayson
W. Stephen Se ond Defence W. Clark
W. Bland Third Defence J. Braden J. Murray Centre R. Campbell
E MarshallThird Home D Sinclair J. Bland Second Home H. Cooley
F. schooter First Home T. Norman J. G. Miller Outside Home G. Rookledge
F. Smith Inside HomeL. Campbeil
The first game was business from the

The first game was business from the word "go." Up towards the Baye goal sped the rubber and a short savage attack followed, relieved by Greenfield. Then Schnoter got the ball but was heavily checked at the end of a splendid run and lost the rubber. Back and forth then into a scrimmage in front of the Stars goal passed the ball and for a moment it looked sure for the Baye. Wasman stoned a complete for the Bays. Norman stopped a couple of hot shots, and Finlayson relieved. This carried the war down to the Bays goal. Sinclair secured and passed to Rookledge who scored or the Stars. Time six minutes.

The second game was a prolonged repeti-tion of the first. Strong attacks at both ends were made time and time again, only to be fought off with desperate energy. Green-field and W. Smith, of the Bays, played like veterans and more than once their long throws down the field came just in time. Fairall and the Finlaysons were on deck when needed, Rookledge was disappointed in two well meant efforts when Schnotter secured the ball and after some pretty dodg-ing and a speedy run scored for the Bays.

Despite the killing pace the boys came up Bays goal for a moment, then back to center surged the play. Then Murray made a try but fell short, but F. Smith secured the McCulloch, first; Toye, second. and passed it through.

Time, 3 minutes.
The fourth game was short and warm. Before the boys were well into position Rookledge captured the rubber and with a swift side shot scored.

Without taking a rest the teams lined up again. The Bays took a hand at the swift business, and after a few rapid passes Bland LORD DUNMORE'S WINTER WALK.

fence managed to hold their opponent down. The play was growing more rapid every moment when the whistle sounded,

INJUNCTION REFUSED.

Corporation Fails to Cut Off the Cold Storage Company's Esquimalt Water.

Water Supplied by the City Propor "Unfit for Human Use."

The case of the Corporation of the City of Victoria v. the Esquimalt Water Works and the Cold Storage and lee Company, came up in the Supreme court yesterday before Mr. Justice Drake. The corporation made application for an injunction to restrain the Esquimalt Water Works Company from furnishing water to the Cold Storage and Ice Company, and the latter from using the same. The case grew out of the fact that the cold storage company, finding the city water unfit for use, arranged

this hydrant the cold storage company laid a pipe on their own property and conveyed the water to their plant.

The case was opened with a deposition of Edward A. Wilmot, city water commissioner. This was to the effect that he had visited the premises lately known as the Janion hotel, (now the cold storage plant), and had found the city water cut off. He also found that pipes had been laid across the harbor by the Esquimalt & Nanaimoraliroad bridge, and that the said pipes were brought on to the Janion hotel premises. He had entered these premises and had drawn some water from a tap there. He had inquired from a clerk of the cold storage company as to where the cold storage company as to where the water was obtained, and received a reply hat it was supplied by the Esquimalt Water

Works Company.

Thomas Preece, foreman of the city of Victoria water works, deposed that he had received notice from Mr. Stamford, for the cold storage company, that the pipes which supplied the Janion hotel property were to be disconnected, and that connections would be made with the Esquimalt Water Works

Company.

On visiting the premises on August 15 he neters, workshops, tools, etc.:

"The condition of the lakes is about as On visiting the premises on August 15 he had found the pipes in the cellar disconnected, and a pipe laid as described by Mr. Wilmot. He had drawn water from a tap, and had been informed by a clerk that it was supplied by the Esquimalt Water Works Company.

Mr. D. M. Eberts, Q. C., for the city, produced a conv of the leater sant to the secre-

warning the company to desist from laying the lake so as to store the rainfall in the re-the pipes and supplying the water.

The motion for an injunction was then flat land, raising embankments wherever read, asking for an order restraining the Esquimait company from supplying water to the cold storage company, and the latter from using or allowing to be used water so

Davison has not, as he had heard rumored, another wife living in or near Westminster.

A WELL KNOWN resident of Macaulay Point, Mr. J. E. Williams, has a vegetable curiosity to present for the entertainment of his friends and the public generally, samples of which are on view in the window of the Colonist office.
