

The Wire Is Working

Telegraph Line to Dawson Goes Up Again Somewhat Unexpectedly.

Mrs Powell Apparently Played a Ruse to Run Away From Her Home.

Extraordinary Robbery at the Trorey House Furnishes Stranger Details.

From Our Own Correspondent.

Vancouver, B. C., Jan. 23.—The Dawson wire came up this afternoon most unexpectedly as the latest advices were not reassuring.

The missing Mrs. Powell, who was thought to have been murdered has been seen alive, well and apparently having a good time in Seattle according to letters received by the police from a reputable person.

More interesting particulars of the Trorey robbery are to hand. The setting of the diamond stolen has been found in a waste paper basket.

The check thought to have been stolen has been found where it was hidden in a corner by the thief. The hasty flight of the robbers was caused by a noise upstairs.

Mrs. Trorey's father—Mr. Switzer—heard the noise downstairs, got out of bed and in the dark stumbled over a chair.

He hit a match and noticed that it was 10 minutes after midnight. After listening for some time he thought it was a mistake and went to bed again.

It is probable, however, that the noise of the falling chair prevented the thieves making a big haul. Mrs. Trorey, who has family jewels representing several thousand dollars in money, and for safe keeping, has been in a match and noticed them in a conveniently arranged bag hanging about the neck beneath the clothing.

On the night of the robbery Mrs. Trorey had on a brooch in which were set \$200 worth of diamonds, and had just taken a \$200 diamond ring from her finger as it was catching in her sewing.

It is likely the robber knew of the large amount of money in the house, and but for the overturned chair would have eventually found the lot.

Mrs. Trorey at the robbery was in delicate health, and being unable to sleep had taken a strong sleeping draught. It is probable that she did not strike her but in putting it on her mouth from behind frightened her into a faint. She was in a very faint when she was taken to the hospital.

She was in a very faint when she was taken to the hospital. The number which may be discharged, is said to be in the neighborhood of 50.

ROSSLAND CARNIVAL. People Will Decide on Monday Whether to Hold One.

Rossland, Jan. 23.—The mayor has called a public meeting for Monday night to consider the question of holding a winter carnival in Rossland.

The carnival has been an annual event in this city for some years, but there seems to be a disposition to allow it to lapse for the present year.

Dude Lewis, colored light-weight of Spokane, will fight on Monday night with Morton Freeman of Portland on Wednesday night next at the International music hall.

"FATHER PAT" IS NO MORE. Death in Montreal of a Man Universally Liked in This Province.

From Our Own Correspondent. Westminster, Jan. 23.—Word was received here today of the death in the hospital at Montreal of Rev. Henry Pat, familiarly known in British Columbia as "Father Pat."

Rev. Henry Pat was a graduate of Keble college, Oxford, and was ordained as a clergyman of the church of England in 1888. He was curate of St. Andrew's church in Victoria from 1890 to 1892.

QUEEN'S MEMORIAL

Services Held in Montreal in Memory of the Queen.

BOUNDARY QUESTION.

United States Senate Committee Lays the Question Over Again.

From Our Own Correspondent.

Washington, Jan. 22.—The question of the boundary dispute between the United States and Canada was revived today temporarily in the Senate committee on foreign relations.

The subject came up in connection with the treaty authorizing the fixing of the meridian, which negotiates several years ago. That treaty has been before the Senate ever since, but it was side-tracked by the appointment of the high joint commission, and has lain dormant as usual.

On the day of the Senate's discussion the members of the committee were generally of the opinion that the matter should be allowed to rest until the more general negotiations affecting the boundary are disposed of, and the treaty was referred to Senator Foraker for further investigation, if deemed necessary.

General O'Grady Haly has recommended that officers of the Canadian Militia appointed to staff appointments at annual camps of instruction be permitted to retain these posts for three years in order that they become familiar with their duties.

The will of Judge Gwynne was probated today. He left an estate valued at \$53,000. It goes to the widow for life and then to be divided equally among four children.

Mr. Blair was so ill today that Mr. Fielding had to investigate the White Pass railway rates for him.

The Postoffice department has issued a notice to postmasters stating that complaints have reached the department to the effect that many beautiful calendars for 1902 have not been received by the parties to whom they were ordered.

Miss Chalmers, of Adolphusville, cannot go to South Africa as one of the nurses for the Imperial government on an important professional engagement in South Africa, which she cannot break. Her place there will be taken by Miss Amy White, of Toronto.

Further orders for hay to be shipped to South Africa for the month of January are expected at the Department of Agriculture almost daily.

Old Man With Money Weds a Young Bride.

Montreal, Jan. 22.—(Special.)—The second time the bride is the announced bride of an old man, is the case of the old man of this city, married yesterday to a young girl, Miss Isabel Ferris. Mr. Ferris is over 72 years old, while his bride is only 21.

FOOTBALL. Columbus and Boys' Brigade to Play on Saturday Afternoon.

The old rivals, the Intermediate Columbus and Boys' Brigade, will meet in a friendly match on Saturday afternoon at Hill street stadium. A close game is expected. The Columbus will be represented by the following: Goal, G. Wolfenden; full backs, K. Hughes, W. Wolfenden, W. Laing, F. Smith (centre), A. Vaughan, Anderson.

Winnipeg Keeps Stanley Cup Hockey Team Beats Wellingtons of Toronto By Five Goals to Three.

Winnipeg, Jan. 23.—Thousands of people were unable to gain admission to the big auditorium rink this evening so great was the demand for seats in the second match for the Stanley cup hockey championship between the Wellingtons of Toronto and the Victoria of this city. The crush was terrific, and it was with great difficulty that reserved ticket holders found their seats.

The Wellingtons of Toronto were defeated by the Victoria of this city by five goals to three. The match was played under Ontario regulations under which the first goal counts for two and the second for one. The Wellingtons scored in the first ten minutes and the Victoria in the next ten minutes. The match was a close one, but the Victoria was able to put the puck into the net and score the final goal.

After a breathing spell, the Toronto boys started in with a rush, and in two minutes had scored the first goal. Six minutes later the Victoria scored its first goal, making the score a tie. The Wellingtons scored in the next ten minutes, and the Victoria in the next ten minutes. The match was a close one, but the Victoria was able to put the puck into the net and score the final goal.

The struggle continued for nine minutes before another goal was made, and the totals stood 4 to 3 in favor of Winnipeg. The match was a close one, but the Victoria was able to put the puck into the net and score the final goal.

There was a great demonstration at the finish, and the match was pronounced a success. The vanquished Wellingtons were being banqueted by the Victoria tonight.

FROM WEST COAST. The Boat Found at Barkley Sound is Not from a Warship.

The U. S. revenue cutter Grant is back from the west coast of British Columbia with a party of mining men interested in the discovery of petroleum. One of the party, Dr. A. S. Arsonov, is on the point of succeeding in experiments which aim at the use of petroleum ether for cooling the atmosphere of houses during summer months, a project which exceeding cheapness renders practicable.

The well known strengthening properties of iron combined with other potent and most powerful nerves, are found in Carter's Pills, which strengthen the nervous system, and improve the blood and complexion.

Dr. Arsonov, a member of the Academy of Science, Paris, at the next meeting of that institution proposes to announce his discovery of a method of extracting from ordinary petroleum oil a liquid absolutely unrefined, and at a temperature 200 degrees below zero, thus beating the record for unrefined kerosene held by liquid air.

According to Dr. Arsonov, this new "petroleum ether" is destined to be of the greatest importance to scientists. In his forthcoming communication Dr. Arsonov will also demonstrate other valuable scientific uses of the new discovery. One of the doctor's colleagues reports that Dr. Arsonov is on the point of succeeding in experiments which aim at the use of petroleum ether for cooling the atmosphere of houses during summer months, a project which exceeding cheapness renders practicable.

No. 5 Company's Ball.—No. 5 company, Fifth Regiment, are busy preparing for their annual ball, which will be held on January 31. Each member is entitled to two tickets, and is requested to send the names of their guests to the secretary as soon as possible.

Dr. Arsonov, a member of the Academy of Science, Paris, at the next meeting of that institution proposes to announce his discovery of a method of extracting from ordinary petroleum oil a liquid absolutely unrefined, and at a temperature 200 degrees below zero, thus beating the record for unrefined kerosene held by liquid air.
