

Pope Leo XII In Consistory

Gorgeous Ecclesiastical Assemblage Presided Over by the Venerable Pontiff.

Owing to His Holiness' Infirmary the Ceremony is Made Very Short.

Archbishop Orth Receives the Pallium From Head of the Church.

Rome, June 25.—The public consistory (postponed from June 15) was held today with much pomp and additional interest and reverence for its special reassuring news regarding the Pope's health, many persons believed that this would be the last consistory under Leo XIII.

The assemblage gathered at the venerable Pontiff with interest and reverence. The Pope's health was a little more waxy, a little more bowed, and his voice was somewhat weaker. It was evident the attendants were anxious. There were many strangers among the crowd who gathered in the corridors of the Sala Regia and Sala Ducale to witness the passage of the pontifical train.

The Pope was borne in the Sedia Gestatoria by eight chair-bearers clad in bright red brocade. They were flanked by the bearers of the famous feathered fans. The Pope smiled while he blessed the crowd as he passed. In fact at times he tried to rise as to better impart his benediction and it was only when he descended from the Sedia Gestatoria that his extreme weakness was apparent.

Following the Pope came a gorgeous line of scarlet-clad cardinals, friars in various habits, priests and members of the Papal court, and the accommodation of the Pope's train was a long and tedious one. The Pope sat on the throne facing the altar, and the cardinals were seated on either side of him. The Pope's feet were raised on a throne, and he was borne back to his apartments.

The cardinals afterwards returned to the Sala Regia, and the Pope's train was borne back to his apartments. The Pope's feet were raised on a throne, and he was borne back to his apartments.

Principal Peterson Suggests a Way Out of the Present Difficulty.

Montreal, June 24.—The Star's London cable says: The renewed activity of the avowed protectionist associations is causing some embarrassment to the Liberal government in connection with Chamberlain's movement.

Thus in summoning a meeting of 100 supporters of Mr. Chamberlain in London, the Liberal government is demonstrating its determination to stand by its principles.

The spirit in which the demonstration was held is a matter of some importance. It is not protectionist in character, and it is not a demonstration of the kind which has been seen in the past.

RICH GOLD FIND IN LARDO COUNTRY

Quartz Assays \$11,900 to the Ton and all the Adjacent Towns Stampede in Search of Locations.

Every Means of Transportation Pressed Into Service in Order to Accommodate the Wild Rush.

Kaslo, B. C., June 24.—(Special.) Parties headed by Al Palmer, Jack Rouse, Jim Spiers, Billy Monie and Pete Kelly, all left during the night. Pete Kelly secured the steamer Hercules and persuaded Geo. Gillies to accompany him, which gives Kelly a great advantage.

At Lardo it is reported that anything that would roll on rails was commandeered and taken on as far as the condition of the railway would permit. Dan McNeil and J. Gillies left yesterday for Bear Lake, and it is stated that they crossed over the divide to the head of Poplar creek, and are now probably first on the ground.

A telephone message from Lardo says over half the population has stampeded, and storekeepers there sold out stores and goods. Several fights occurred in Lardo over the possession of pack animals and means of conveyance.

This strike is within four miles of Tender Foot creek. James Rutherford is developing the property of the Lardo Valley Mines, being on the same belt, and the ore being of exactly similar kind. An average sample of the carbonate, which is the filling of the vein brought down from this strike, was submitted to Mr. E. McIlroy, assayer here, by Mr. Rutherford, and gave the enormous values of 495 oz. in gold, which is equivalent to one thousand nine hundred dollars to the ton.

Selling Cheese Box Hoops to Government Jeopardizes Member's Seat.

From Our Own Correspondent. Ottawa, June 25.—A report in circulation tonight states that the government is equally divided as to the Grand Trunk Pacific project, and that Hon. Mr. Sifton's influence will count for everything in deciding what the policy is to be.

Hon. Mr. Blair, it is said, is strongly in favor of the extension of the Intercolonial Railway to Winnipeg, a scheme which has also, according to rumor, the support of the Minister of Finance. The adoption of this policy, which has a strong supporter in Mr. Mulock, would not necessarily throw out the Grand Trunk Pacific, inasmuch as the latter might be assisted by way of bond guarantee to construct the prime and mountain sections through to Port Simpson, with running rights over government-owned road from Quebec to Winnipeg at least. It is significant of the seriousness of this proposition that the government organs should be now booming the proposition to have the Grand Trunk built as a special constabulary on the Grand Trunk Pacific, inasmuch as the latter might be assisted by way of bond guarantee to construct the prime and mountain sections through to Port Simpson, with running rights over government-owned road from Quebec to Winnipeg at least.

MILLS MAY CLOSE DOWN. Montreal, June 25.—It is stated that the question of closing down the mills of the Dominion Cotton Company is under consideration. The company has a million and a half worth of raw cotton on hand, which could be disposed of at a profit of at least half a million dollars, which, it is stated, is more than the profit would be if the staff were manufactured. The only objection to this is the fact that a shut-down will throw a very large number out of work, a thing the company is loath to do, as when any objection should be made to resume manufacturing new hands would be difficult to secure.
