## BOARD OF TRADE IS GROWING

Want Twice-a-Day Train to Causapsc ---Technical Educational Discussed.

At a meeting of the Board of Trade held on Monday evening Messrs. W. D. Duncan and George Glennie were elected members. A committee was appointed to consider the advisability of a train to run between here and Causapsc after noon and evening and to report. The committee appointed to look into the question of the train service eastward is reported progress, the main question being left over in the meantime as it was proposed that the Limited would be put on earlier this year. The chairman was authorized to find two substitutes for the original delegates chosen to go to Ottawa regarding Sugarloaf St. and an outlet to the river. The Board will foot the bills of the delegation. There was a long discussion on the question of technical education for Campbellton which was left open until the plans of the school trustees were known.

### OBITUARY.

MRS. EDGAR CYR

The sudden demise of Mary Amelia Josephine Clapperton, wife of Mr. Edgar R. Cyr of Little Cascapedia, on the 14th inst., came shockingly to her family and numerous friends far and near. Mrs. Cyr is the youngest daughter of Mr. W. H. Clapperton, ex M. P. P., and was 33 years of age. She leaves to mourn her loss a bereaved husband and four charming little girls the youngest being born just an hour before her mother's unexpected death. The remains were taken to Maria her native place, where a largely attended funeral took place on the 17th inst. The mourners were Mr. W. N. Clapperton, the husband, her brothers and sisters, Dr. Cyr and Miss Cyr. The outburst of sympathy from all parts shown to the Cyr and Clapperton families is a proof of the high esteem in which deceased was held by all who had the pleasure of knowing her. Her sterling qualities of heart and mind made her a general favorite and we again extend our heartfelt sympathy to Mr. Cyr who loses a loving wife, a tender mother and a most charming companion.

### CHURCH NOTES

Last Friday evening an interesting meeting of the Women's Foreign Missionary Society was held in the Baptist Church. Quite a number of speakers took part in the meeting and the Thank-Offering amounted to over \$83.

The congregation at Tide Head held a social meeting last Friday when they presented the pastor Rev. O. A. Hardy with a purse of money. A most enjoyable evening was spent by all.

### CASE UNDER

SMALL CLAIMS ACT

JUDGEMENT RESERVED

The case of Mary Williams against the Government Railways management Board, commenced at Dalhousie on March 29, was finished last week. His Honor Judge McLachy reserved judgement which will be delivered on May 4th.

The action is against the Railway for misdelivery of goods to the value of \$175.00 consigned to the plaintiff who is a Syrian shopkeeper and redeller here.

The defence offered was that the goods were delivered by the Railway to the real owner, another Syrian woman named Mary Heaney. Some interesting family difficulties were aired among the parties. The action is the first tried in this province under the Small Claims Act passed at the last session, giving county courts jurisdiction in cases of negligence against the Government Railways to the amount of \$200.00.

Wm. Murray, and H. A. Powell, K. C., appeared for the plaintiff and Jas. Friel for the Railway.

### YOUNG BUT WISE

In a school in a Western Ontario town is a little girl who has not taken quickly to the mysteries of addition. "One 'n one!" asked the teacher, while putting the class through the easiest of the addition tables. The little girl referred to was the only person in the class who couldn't give the answer. "Two 'n one!" asked the teacher. The little girl smiled confidently, put up her hand and when noticed by the teacher, said, "Shoe polish."—Toronto Canadian Courier.

### WILKINSON-CAMERON

A very quiet wedding was solemnized on Wednesday evening when Rev. T. P. Drumm united in marriage Jean Fair, daughter of John Cameron to William Stuart Wilkinson. The bride who was given away by her father was gowned in cream silk crepe-de-chene over duchesse satin with applique and pearl trimming, and carried White Roses and Lily of the Valley. Miss Isa Cameron was bridesmaid and was attired in pale blue silk and carried pink roses. Mr. F. E. Shepherd was groomsmen. The parlors were very prettily decorated with cut flowers in a green bower.

A large number of beautiful presents were received showing the esteem in which the young people were held. The groom's gift to the bride were a Ruby and Emerald filigree pendant and a gold bangle set with pearls and sapphires. The groom also gave the bridesmaid a gold pendant set with pearls and to Miss Ruth Cameron who played the wedding march a gold brooch set with pearls. The brides going away dress was of fawn broad-cloth with Tuscan hat rimmed with black velvet.

## CAMPBELLTON TOWN COUNCIL ORGANIZES

Hoases Reported Built on Street---Permit for Laundry Refused By Council

The first meeting of the council was held last Friday evening. His Worship Mayor McDonald presiding.

On the meeting being called to order the town clerk read the report of nominations and elections, after which His Honor Judge McLachy swore in the Councillors, all of whom were present. The taking of the oath concluded, the Mayor thanked Judge McLachy for his kindness in attending and swearing in the members of the Council and the Judge acknowledging the compliment then withdrew.

The minutes of the previous meeting were read and after a question or two from the new members were confirmed.

The standing committees for the year were then appointed as follows:

Bye-Laws and Legislation—The Mayor, Councillor Mowat and Miller.

Financing and Auditing—Councillor Miller, Alexander and the Mayor.

Assessments and Appeals—Councillors McKenzie, Moores and Alexander.

Police and License, Councillors Lunam, White and Moores.

Public Property and Streets—Councillors Pinault, Miller and White.

Water and Sewerage—Councillors Alexander, McKenzie and the Mayor.

Electric Light—Councillors Mowat, Lunam and Alexander.

Fire Protection—Councillors White, Pinault and Mowat.

Education and Improvements—the Mayor, Councillors Lunam and Mowat.

Public Charities—Councillors Moore, McKenzie and Pinault.

The regular order of business was then reverted to.

Communication read from F. M. Murray re expiration of Liability Insurance. Matter referred to Finance Committee.

Communication read from John T. Reid acting Building Inspector regarding a number of buildings which were built on the street lines, also enclosing a sketch of the proposed laundry for George Sansom.

In reply to questions the Town Solicitor said that under section 3 of the Building By-Laws if in the opinion of this council the laundry as proposed would be a nuisance the permit could be refused.

In the discussion which followed it was pointed out that apart from the fire danger the proposed building would be a public nuisance in that there was no sewer on that street and all waste water would need to drain into the I. C. R. ditch.

It was therefore resolved that the permit be refused and the matter placed in the town solicitor's hands. The matter of the houses built on the street lines was referred to the Public Property and Streets committee.

Communication read from W. D. Duncan re the abandonment of the land on Gerrard street, deeded to the town for a school site.

This was referred to the solicitor for his legal opinion.

Petition from Norman Gray for a license for a Dance Hall in Union street was referred to the Police and License committee, as was also a petition from Howard Harris, for a restaurant at the corner of Water and Victoria streets.

The town clerk presented the accounts from the Board of Health which had been held over from last meeting and these amounting to \$362.53 were ordered to be paid.

Answering a question from Councillor Mowat, His Worship said that the street cleaning of the town was engaging the attention of the Board of Health at the present time.

Councillor Moores questioned the Mayor on the cases of contractors when finishing buildings leaving all their refuse and truck scattered around, and also the disgraceful condition of Gerrard street.

The feeling in the council was that something should be done without loss of time and the streets committee were authorized to purchase a car load of lumber at once and Councillor Pinault promised that the streets most needing sidewalks would have them immediately the lumber was here. The chairman of the streets committee also promised to give his attention to the private crossings laid down to see that they were properly graded and laid.

After desultory discussion on the supplying of goods to the council by Councillors which had no definite finding, Council adjourned.

### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer ONE HUNDRED DOLLARS for any case that it fails to cure. Send for list of testimonials. Address H. J. CHENEY & CO., Toledo, O. Sold by all druggists 75c. Take Hall's Family Pills for constipation.

On Thursday morning the remains of a young man said to be the son of George Thomas were found on the I. N. R. track about a mile distant from the station. It is conjectured that he had been walking on the track and run over by a train late on Wednesday night. Dr. Martin will hold an inquest on Friday and so far no light can be thrown on the accident.
