IT'S BETTER

DRUGS.

McMurrich Thinks it Should be to the Queen's Wharf-The Windmill Line Patents, A letter was read at the meeting of the card of Works yesterday, from the City olicitor in reference to the opening of aulter, Strange and McGee-streets. The

Gooderhams opposed the opening of these streets, as it would necessitate chopping up their property. The matter is now in the Court of Appeal. The committee decid ed to ask the Gooderhams to withdraw their appeal, in consideration of the city giving six months' notice when it was decided necessary to open the streets. If this offer is refused the city will open the streets and fight the question in the courts.

Windmill Patents.
Assistant City Solicitor Caswell informed the committee, that as a result of a personal terview with Sir John Thompson, there would be no further delay in the granting of the patents for the new windmill line.

the patents for the new windmill line.

Engineer Keating advised the committee that if it was the intention to have the Yongestreet wharf enlarged and completed by the opening of natigation, it would be necessary to commence the work at once.

Ald. Burns suggested that before any large sum of money be spent on the wharf, the city should abcertain what revenue will be derived from the various boat lines.

The clause in the Engineer's report recommending the extension of the Yonge-street sewer was referred back.

It was decided that all barbed wire protections to boulevards must be removed.

It was decided to construct the Lansdowner arenue crossing without gates.

Engineer Keating was instructed to report on the condition of the wooden pipe running from the Island to the bell-buy.

from the Island to the bell-buoy.

The Pumping Station.

Ald. McMurrich moved that the City Engineer consider and report on the advisability of supplying the city with water from Lake Ontario under the following scheme:

(I) Ascertain upon what terms an exchange of the property occupied at present by the city as a pumping station, for property in Esplanade at foot of Bathurst-street, owned by Harbor Trust and leased to C.P.R.: (2) Report as to cost and feasibility of transferring the pumping station from present site to the foot of Bathurst-street; (3) Keport as to cost and feasibility of transferring the pumping station from present site to the foot of Bathurst-street; (3) Keport as to cost and feasibility of transferring the pumping station from present site to the foot of Bathurst-street; (3) Keport as to cost and feasibility of tunneling under the western entrance to the harbor and con-(I) Ascertain upon what terms an exchange of the property occupied at present by the city as a pumping station, for property in Esplanade at foot of Bathurst-street, owned by Harbor Trust and leased to C.P.R.; (2) Report as to cost and feasibility of transfering the pumping station from present site to the foot of Bathurst-street; (3) Report as to cost and feasibility of tunneling under the western entrance to the harbor and continuing pipe over the Island and out into the lake.

COURT OF REVISION.

of Those Who Were Fortunate The Court of Revision, composed of Ald. Carlyle (chairman), Hewitt, Murray, Jolliffe eorge Verral, commenced business at

and George Verral, commenced business at the City Hall yesterday morning.

Thomas Meredith sthought \$45 a foot was too high an assessment for 301 and 305 George-strest. The court thought \$75 would be nearer the mark. The appellant retired, afraid he might have to pay an increase.

Samuel Brown was lucky enough to get his house and lot, 202 Sherbourne-street, reduced from \$3525 to \$3000.

Arthur B. Lee got \$3100 knocked off a vacant factory and yard in Front-street. It was assessed at \$13,220. John Thompson got \$300 off the buildings at 247 and 251 Seaton-street, assessed at \$2050. Lots 21 and 23 Ontario-street were reduced from \$20 to \$15 a foot. Lot 281 Jarvis-street was reduced \$1700 on an assessment of \$7700. Ex-Ald. Swait went out smiling when he got \$1000 taken off 62 and 64 Sydenham-street. This left the figures \$2700.

The Consumers' Gas Company's appeal was postponed until Saturday.

HAS ON THE ISLAND.

President Austin Empowered to Purchase a Lot for Works. On April 1 the Consumers' Gas Company reduced their rates to 90c, \$1 and \$1.05 per 1000 according to quantity burned, and 90c per 1000 for gas stoves, grates and engines. The meeting of the shareholders yesterday weak by nature or wasted by disease, should write for our sealed book, "Perfect Mantaumers, as was to be expected. What shows the wisdom of the move is the fact that the gas rental has also increased. Especially noticeable is the increase of the use of gas for fuel purposes since the reduction. To this is due in great part the increased rental, but not to it alone, for the introduction of improved manufacturing plant has made a great saving in material and labor.

There are in use this year 1538 meters mor There are in use this year 1538 meters more than last year and the gas rental shows an increase of \$39,000.

The company impowered the president, Mr. James Austin, to purchase a lot on the Island with a view to erecting gas works there in the spring, provided the city decides to extend the lease of the lots to residents. In case the city refuses to do this the cres In case the city refuses to do this the gas scheme for the Island will fall through.

A WORD FOR BANK CLERKS.

A Meed of Praise for a Rarely Appreciated Class of the Community Prof. Goldwin Smith, on the eve of his leaving Toronto for a long visit to England, has written to President John Beverley Robinson of the Toronto Athletic Club, retiring from the Board of Directors. In his letter Prof. Smith refers to the immense advan-tages the club will be to young men, and adds:

"Yn the present case the act will be gracious as well as kind. We are speaking with just pride of the soundness of our financial institutions, and especially of the firmness with which our banks have stood against the storm which has been raging on the other side of the line. But while we pay the deserved meed of praise to the manager, let us not forget what is due to the staff. Heavy responsibilities are often laid on these young men. Their work is hard and such as must create a thirst for some enjoyment to relieve it. Their pay is stuall. They are thus exposed to considerable temptation. Yet, large as their number is very few during the 25 years which I have spent in Canada have been the cases in which a bank clerk or a member of the staff of any-financial institution has betrayed his frust. Those who have profited either as managers or lawstockholders by the probity and industry of this body of young men, especially those who have thus made large fortunes and have attained high social position, owe, I think, a debt of gratitude which they can hardly pay more appropriately than by doing whatever is in their power to promote the success of such institutions as the Toronto Athletic Club.

School Items, At the meeting of the Public School Pro-At the meeting of the Public School Property Committee yesterday afternoon it was brought to the notice of the committee that an account of \$999.75 for slate black-boards had been charged to the repair account instead of to the building account and that if this was left standing the repair account would be overdrawn by the end of the year. It was decided to try and have it transferred to the proper account.

The branch school at the corner of Pane

The branch school at the corner of Pape and Bain-avenues for the relief of Bolton-avenue school was opened yesterday and Inspector Hughes received 63 applications for admission.

Dyspepsia or indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on also, being the principal cause of headache. Parmelee's Vegetable Pills, taken before going to bed for a while, never fail to give relief and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmelee's Pills are taking the lead against ten other makes which I have in stock."

A Name For the New Wharf, Editor World: I beg to suggest as a suitable name for the new wharf either Dufferin \$1.50 PER MONTH Wharf or Aberdeen Wharf or Gordon Quay or Wharf, and thus perpetuate the names of our popular Governors-General. V.

Business Embarrassments. At a meeting of the creditors of the Toronto
Plate Glass Company it was agreed to give Mr.
Hill a week's time to arrange for a settlement,
on the basis of 60 cents on the dollar.

Welfare of the People!

Health the First Consideration! BEARS GOT THEIR WORK IN

Success in Life Depends Upon Strong and Steady Nerves and a Clear Brain.

Without These Conditions Sickness and Disease Must Exist!

The health of the people should be the supreme law of every Christian land. Health and all that relates to the physical well-being of men and women, old and young, is a question of vital importance that should interest every true subject, rich and poor.

Success in life, as far as individuals are concerned, depends upon strong and steady nerves and a clear brain; if these conditions are lacking there must exist sickness and disease.

that can give sound bodily nearth, vigor and vitality.

You are not directed to any new and untried remedy; Paine's celery compound has its magnificent record of cures; thousands of our people have strongly testified in its favor and gladly advise its use.

Seeing what has been done in the past by Paine's celery compound, are sufferers willing to continue in agony and trouble, or risk medicines that have no record and no curative powers?

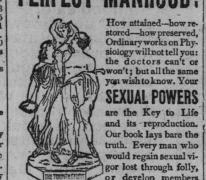

medicines that have no record and no curative powers?

To-day every druggist in the land will tell you that, as far as honesty and true worth are concerned, they know of no other medicine that can for a moment compare with Paine's celery compound. We heartily recommend it; it is your duty to use it and test its healing virtues.

New Yorl

Shoplifters Convicted. Governor Green will attend to the wants of Mattie Price, Mary Webb and Christina Thompson for the next 90 days. They were convicted in the Police Court yesterday of stealing boots from Kennedy & Adams, W. T. Fegan and R. Cluff.

PERFECT MANHOOD!

SEXUAL POWERS are the Key to Life and its reproduction.
Our book lays bare the truth. Every man who would regain sexual vigor lost through folly, or develop members and its reproduction.
