GRANITES WILL REPRESENT GROUP 8

Brampton's Excelsior Curlers Beaten in the Primary Final—The Score Was 43 Shots to 32.

The Granites will represent Group 8 in the Ontario Tankard finals. They played their final in the primary round last evening with Brampton, the town curlers pluckily consenting to play in Church-street. The result was a close contest and victory for the Granites by 11 shots. Dalton and Williamson were ahead almost from the outset, and although not having very large margin the result was scarcely ever in doubt. Score:

Oshawa Is Group 2 Champion.

COBOURG, Feb. 2.—Group 2 curlers met here today with this result: Oshawa 37, Port Hope 35; Whitby 48, Cobourg 30. Final—Oshawa 40, Whitby 25. J. E. Gould umpire. The friendly match between Port Hope and Cobourg resulted in Cobourg's victory by 23 shots.

In the City Hockey League.

Upper Canada College started the season on Victoria ice yesterday afternoon, when after a stubbornly fought City League match, they were defeated by Varsity II. Capt. Fitzgibbon is the only member of last year's strong team left. The youthful collegians labored under the disadvantage of having had only one practice prior to yesterday's match while their opponents have had a great deal of practice and have already this season defeated Victoria II., Trinity II. and Osgoode II. There was a marked absence of roughness. Five of Varsity's goals were taken in sharp scrimmages round the U.C.C. goal. At half time Varsity II. had 5 and U.C.C. 1. The game closed Varsity II. 10, U.C.C. 5. For Varsity Grasett scored 1, Moss 2, Burbidge 2, scrimmages 5. Varsity played a strong combination game. Teams:

Varsity II. (10): Goal, McMaster; point, Scott; cover, Allan; forwards, Burbidge, Moss, Walters, Grasett.

U. C. C. (5): Goal, Waldie; point, McLellan; cover, Fitzgibbon (Capt.); forwards, Temple, Macdonold, Hall, Parmenter.

Referee—Patterson (Victoria).

Curling and Hockey Shots.

The friendly curling match at Little York last night between Aberdeens and Moss Park resulted in a victory for the former by two shots.

The Brampton rink made up of Messrs. C. Thauburn, C. Dawson, T. Thauburn and R. H. Hodgson won a friendly match from Skip Carruthers' Granite quartet by 10 to 8 last night.

The Torontos and Granites play a 6 rink match Saturday evening, three rinks at each place.

Messrs. Southam and Valiance, the Hamilton Thistles' skips, are going in great form this year and will stand watching. They beat Niagara Falls for the Tankard, 57 to 26.

Chesley defeated Walkerton in a group 16 Tankard match yesterday at Harriston by 42 to 34. Score: Chesley, Stewart 28, Adams 14; Walkerton, Hughes 16, Telford 18.

Waubashene and Churchill were the last two clubs left in Tankard Group 4. The latter did not show up for the final and thus the other curlers had a walk-over.

At the Toronto Athletic Club Rink last night the Imperial Bank seven defeated the Merchants' Union combination by 5 goals to 1.

On Granite ice last night the Athenæum seven put up a strong game against the Torontos, but lost by 4 to 6.

The Senior League match in the Granite rink to-night between the Victorias and Granites starts at 8 o'clock. The Dominion Bank plays the Bank of Toronto on the Victoria Rink at 4.30 o'clock.

Curran and Gray Acquitted.

BUFFALO, Feb. 2.—Curran and Gray, the Orillia canoemen, were acquitted here to-day in the trumped-up charge of making away with a boat, the property of the Star Rowing Club, of which they were formerly members. They were represented by the Canadian attorney, S. F. Houston, who has been instructed by them to bring suit against The Buffalo Express in two suits for $10,000 damages for libel and will also institute similar suits against The Toronto Mail.

Pigeon Fanciers Meet.

The regular monthly meeting of the Queen City Homing Pigeon Club was held at their room, 149 Front-street west, Thursday. President Joseph Jessiman occupied the chair. The recording secretary read the letters received from several of the Toronto newspapers, namely, Globe, Empire, Saturday Night and Truth, for which they offer prizes in several of the races. Some American fanciers have also offered prizes for the various races. H. Davis and F. Campbell, the committee appointed to arrange a schedule of races, presented them, which were adopted. It was decided that the club train their birds on the west by the C.P.R. and the east by the Grand Trunk Railway. The Time Allowance Committee will meet at Mr. Jessiman's house Feb. 7.

Royal Canadian Yacht Club.

The spacious and comfortable new R.C.Y.C town club house is now completed and fully furnished, and will be open this afternoon for the reception of the members and their friends. The whist-players of the club have arranged to hold regular meetings every Wednesday evening, and, judging from the lively interest already shown, a large attendance may be expected at these meetings. The members who have drawn for lockers are requested to attend punctually at 3 o'clock p.m. to-day for the purpose of making their selection or they are liable to forfeit their right of choice, as the demand for lockers is pressing. The members take much pleasure out of the large billiard table just put in.

A GOOD TIME AHEAD.

Toronto is Going to Have Another Boom This Summer—The Immediate Cause of the Boom.

We have passed the crisis of a year of panics, financial adventure and disasters, the like of which only the strongest and most conservative houses resist. It has almost demoralized business in the States and done serious injury to the credit of its merchants. Canada has much to be thankful for. She has suffered some, but when one considers the hard times, the tightness of money, the depression in stocks and real estate, it is a matter for congratulation that comparatively few have gone under. The worst is over, prices and values have reached their level, and after writing off the fictitious values that made paper wealth, the commercial world finds itself on good solid ground.

Toronto has suffered less than any city of its size. One of our leading bank managers said in conversation a few days ago, "Toronto is going to see another boom this summer, not one of mushroom growth that is apt to be as poisonous as a toadstool and as fleeting as a will-o'-the-wisp, but a permanent and substantial period of business activity that will give employment to all and put money in circulation. People are looking upon Torontons the coming city. Its reputation as a well and economically governed city is spreading and soon it will easily rank as the first city in Canada. Not a little of this is owing to the faithful and conscientious work of our

Civic Employes,

who, if they have been paid fair salaries, have certainly earned them. For religious tone, educational advantages and good civic government show me another city like Toronto. You would like to know," he continued, "what will be the immediate cause of the boom? Why, the enterprise shown by our leading merchants. Take guinane brothers for an illustration; they are now building what will be the finest shoe house on the American continent. See how they are sacrificing their stock to hurry on the work. I am now wearing a pair of hand-sewed shell cordovan boots that I actually bought there for two dollars. Why, my wife purchased about twenty-five dollars worth of fine shoes yesterday for herself and the children and only paid a trifle under ten dollars for them, and let me tell you, sir," he said, as he warmed to his subject, "this boom will strike this city just about the time guinane brothers will have completed their monster and palace shoe house. But, excuse me, I have an appointment," and with a courtly bow he walked towards the bank.

The Toronto Gun Club holds a club shoot for prizes at the Woodbine this afternoon. The H.P. Davies Co. will also hold an open shoot under the direction of W. McDowall at the same grounds.

Professor Williams has been appointed gymnasium instructor of the T.A.C. Classes will commence next Tuesday evening. Fencing classes are about to be commenced by the Fencing Committee.

Oirf Nordwet, a young Norwegian 23 years of age of Minneapolis, claims to be the fastest professional skater in America, and will probably skate against Beeker, the present champion. He uses the regulation Axel Paulson speed skate.

In the international tug-of-war for the championship of the world at San Francisco recently, the Canadian team won first prize, $1000, winning five trials. The team representing Denmark won four trials and the Swedish team won three trials. Norway won two, the American team one and Russia none.

The great cocking main between North Carolina games against South Carolina for $2500 a side was recently fought at Florence, S.C., and the South Carolina fowls won. The fight was governed by Turner rules and lasted three days.

Mayor George Thomson of Orillia, President of the Canadian Lacrosse Association, has sent out the following circular: Our annual convention meets in Toronto on Good Friday, as usual, and I respectfully urge you and all interested in the prosperity of our national game to do everything in your power to make the meeting a successful one. I would like very much to see every club represented, so that the convention may be a thoroughly representative one. Kindly call your club together and make arrangements to have your delegates on hand.

Life Depends on Food

HOW DO YOU NOURISH BABY?

The Ideal Diet is Lactated Food.

All medical authorities agree that the health of the child is almost wholly dependent on the nature of the food it receives.

While it is generally admitted that pure and healthy breast milk is the best food that can be supplied to the infant, it is also well known that in many cases breast milk does not agree with the child. Many breasts secrete milk of very poor quality, and it is owing to this fact that many babes are starved when breast-fed.

Until the child is old enough to live on a mixed diet Lactated Food should be its daily food. Mothers and physicians who have had experience with Lactated Food know that it is the most nutritious and strengthening of all foods now seeking for a place in the home.

Science has accomplished a wonderful work in giving Lactated Food to the world. This marvelous food has saved thousands of little lives to loving mothers.

Are you a mother and a stranger to the benefits that Lactated Food confers on the baby? If you have not given it a trial send your address to Wells & Richardson Co., Montreal, and you will receive free a full-sized can of the food that makes baby strong and well.

THE GREAT SPECIAL SALE OF
CARPETS AND CURTAINS

The beautiful patterns with the plainly marked prices in our show windows are mere hints of the inducements we offer purchasers for a few days. Some of the handsomest carpets in the most popular grades left over from last fall, and the most fashionable designs of last fall in Lace Curtains are selling at the prices marked in plain figures. In every case they represent reductions of fully 15 to 25 per cent. It's a matter for purchasers to consider whether it pays to get the carpets and curtains, which may be wanted in a couple of months for the home, to-day while they are offered at these prices. We are clearing them off to get room for our spring importations, which are beginning to come in.
