Henry A. King & Co.'s special wire from Hubbard, Price & Co.. New York: The market, as might be supposed, naturally reacted somewhat on the communication of the silver question. Traders argued that stocks had been bid up in anticipation of the veto, and consequently a reaction was in order. The truth of the matter is conditions are not what they were a few months ago. Changes have taken place which have not been reflected to any considerable extent in low-priced stocks. The Western shares may not improve much—they are subject to special influences. Money Markets.

Before his death the greatest pianist that ever breathed, the immortal Liszt, took occasion to express his unbounded admiration for the tone qualities of the Mason & Risch Pianos. Now Patti, the greatest lyric artist of the age, declares by her purchase that another style of instrument of our manufacture is worthy of accompanying her matchless voice. We trust that we may be pardoned for exulting in the unparalleled honor thus paid to our efforts as tone producers.
