EVERY DEPARTMENT COMPLETE FOR SORTING.

Brophy, Cains & Co. 23 ST. HELEN STREET **Montreal**

IMPORTANT TO THE CLOTHING TRADE.

THE — **“PIRLE”** Finish.

EDWARD RIPLEY & SON, after experimenting many years in Cloth Finishing, have finally succeeded in giving what has hitherto been deemed an impossibility, viz.: a high, bright, lustrous and brilliant finish, which is absolutely permanent, and will **not Spot**; this is undeniably one of the most important advances ever made in the Textile Trade.

- (1) This finish is absolutely permanent.
- (2) The finish is unalterable, and goods treated by this process will not cockle under a damp cloth and hot iron, or the tailor's "goose."
- (3) Although a brilliancy of finish otherwise unattainable is given, it will not spot with rain, and is not affected by complete saturation in water.
- (4) By this process the goods are also practically unshrinkable, and do not require "sponging" as heretofore. This is a most important improvement in the treatment of goods, and offers many advantages in addition to the saving of the cost of "sponging."
- (5) The cloth is also rendered to a certain extent waterproof and rain-repellent.
- (6) This finish greatly improves the appearance and handle of the cloth.
 - (a) The Fabric is brighter.
 - (b) A silky handle is imparted to the goods, making them "kinder" and altogether richer.

Goods subjected to this process are greatly **enhanced in value**, and a "quality" is obtained which cannot be arrived at by any other method.
