### "ST. AUGUSTINE" Sacramental Wine.

The REV. DR. COCHRANE writes:—

BRANTFORD, May 23rd, 1895.

Messrs. J. S. Hamilton & Co.

GENTLEMEN,—The St. Augustine Wine used in my own church on sacramental occasions, as well as in many other churches, I have always heard spoken of in the highest terms and is admirably suited for the purpose. Its deservedly high reputation for purity can be relied upon. The unfermented grape juice also commends itself to those who prefer that the wine should not be fermented and should have a large and increasing sale in our Presbyterian and other Churches.

## British and Foreign.

Rev. Dr. Logan, of Scranton, Pa., has been elected a member of the Victoria Institute of Great Britain. The purpose of the institute is to reconcile the revelations of science with the statements of the Bible.

Rev. T. F. Colburn, of Pittsburgh, a prominent Methodist clergyman and corresponding secretary of the Board of Foreign Missions of the Methodist Episcopal Church, died at Pittston, Pa., on the 11th inst.

An American scholar, Dr. Herman V. Hilprecht, who has deciphered a clay tablet discovered in Babylonia in 1894, declares that it contains what is undoubtedly a Babylonian love letter of the time of Abraham.

In the Free South Church, Aberdeen, on the 4th inst., a large congregation met to take farewell of Rev. W. J. B. Moir, of Lovedale, South Africa, on his impending departure to resume active duty in the mission field.

The Rev. S. S. Walker, assistant in St. John's Free Church, Dundee, has been elected by the London Committee to the pastorate of the Presbyterian Church in Singapore, and has signified his acceptance of the appointment.

Last week the Perth Free Presbytery had under consideration the Sabbath Observance question. Very frequently strangers from Perth made their way to country places on the Sunday and disturbed the quiet of the day of rest.

At Camden Road Church, London, recently, after morning service, the pastor, Rev. R. M. Thornton, D.D., received the united and hearty congratulations of the office-bearers on the completion of the twenty-fifth anniversary of his ordination.

The Right Rev. James Smith, D.D., minister of Cathcart and "father" of the Church of Scotland has just celebrated the 68th anniversary of his ordination. He is now in his ninety-third year, and still shows the deepest interest in all Christian parish work.

The will of Lucy Ann Hartt, of Boston, gives \$30,000 to the Old Ladies' Home Association of Chelsea; \$5,000 each to the Woman's Board of Missions, the American Missionary Society and the Woman's Home Missionary Society, and \$3,000 to the First Congregational Church of Chelsea.

The following statistics are interesting as showing the progress of Presbyterianism in England: In 1877 there were 264 congregations, as against over 300 at the present date. During the same period the membership has increased from 36,540 to about 70,000, and the annual income from £137,088 to £234,000.

The number of congregational and mission societies in connection with the Glasgow F.C. Presbytery's Temperance Association reaches 180, with a total membership of over 12,000. There are ninety-two Bands of Hope and eighty-eight adult societies. The income of last year failed to meet the expenditure by about £9. Glasgow is to be congratulated on her thoroughgoing temperance movement. Edinburgh is far behind in this matter.

A meeting of ministers and elders has been held in Glasgow in connection with the visit of the Pan-Presbyterian Church in June next. Dr. Marshall Lang has consented to preach the opening sermon, and a public reception will be given in the Municipal Buildings. Over £2,000 will be required to meet the necessary expenses, of which sum £1,000 has been already promised. The local arrangements have been placed in the hands of a committee of 130 in number.

## HOW A HOME WAS LOST.

THE BITTER EXPERIENCE OF MR. ELWOOD, SR.,  
OF SIMCOE.

Attacked with Neuralgia of the Limbs he Became Helpless and Suffered Intense Agony—Spent His Home in Doctoring with Specialists Without Avail—Dr. Williams' Pink Pills Came to the Rescue when other Means had Failed.

From the Simcoe Reformer.

The many virtues of Dr. Williams' Pink Pills for Pale People have so often been published in the columns of this paper, that they are widely known to the residents of Norfolk County, and it is as widely conceded that they have brought joy into more than one household, and their merits are spoken of only in words of praise. In this instance the facts are brought directly home to the residents of Simcoe, a gentleman who is glad to testify to the benefit he has received from the use of these pills being a resident of this town. Mr. Wm. Elwood, sr., a resident of Simcoe for about two years, and for years a resident of Fort Erie, a carpenter by trade, is loud in his praise of the benefits he derived from the use of the Pills. In an interview with Mr. Elwood, that gentleman told the Reformer that about eight years ago he was attacked with ulcerated catarrh of the head and throat, and was obliged to quit work, and since that time has not been able to resume his calling. The disease, shortly after he was taken ill, developed into neuralgia of the lower limbs. During his long illness the services of specialists in both Toronto and Buffalo, as well as those of local physicians, both in his former home and Simcoe, were called into requisition, but all to no purpose.

"WAS UNABLE TO WALK AROUND."

So bad did he become, and so great were the pains that shot through his limbs, that at times Mr. Elwood had to be held down on his couch. His stomach and bowels were seriously affected and he was indeed in a deplorable condition. About a year ago he lost the use of his left foot and ankle and was unable to walk around his home without great difficulty. At one time Mr. Elwood was possessed of a good home, but so long was he ill that he spent all his property in the hope of regaining his health. Last fall Mr. Elwood commenced taking Pink Pills and shortly after he began to feel an improvement in his condition. He continued the use of the pills until he had taken thirteen boxes when he regained the use of his foot and ankle and thought he was about cured and discontinued their use. So long had he been a sufferer, however, that it was impossible for him to become convalescent in so short a time. An attack of the grip again brought on the disease, but not by any means so terrible as formerly. Mr. Elwood again commenced taking the pills and is fast regaining his former health and feels certain that the Pink Pills will exterminate all traces of disease from his system. He feels so gratified at what the pills have done for him that he gladly gave the information to the Reformer for publication in the hope that his experience may be a benefit to some other sufferer.

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore their glow of health to sallow cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure.

It is said there were as many newspaper men as ministers at the last meeting of Du-noon Presbytery.

Rev. John McNeill has been addressing crowded congregations in Cambridge, some of the services being held in the Presbyterian Church.

The statistics of the Metropolitan Tabernacle for the past year show a net decrease in membership of fifty-seven. There are now 4,780 names on the church roll.
