GAUZES

PREPARED IN ENGLAND

ENGLISH GAUZES ARE STANDARD
Why?

1st The Strength of Medication is exactly as advertised on the Label.

2nd **English Surgical Gauze** is Lighter than other brands.

3rd It is softer and more absorbent.

4th They are used exclusively in the Army and Navy Medical Department throughout Great Britain and her Colonies.

5th One yard will absorb more moisture than a yard of the heavier and coarser cheese cloth gauze sometimes used as a surgical dressing.

6th Tariff conditions, etc., favour us about 30 per cent. We reduce the price 30 per cent.
