

THE
Optical Institute
of Canada

Invites druggists who contemplate taking a course in optics to recognise the fact that our graduates never require any further instruction. One course in Optics, if it is a good one, is enough to become a competent Optician. We claim, without fear of satisfactory contradiction, that our course is **the best on the continent.** You will be convinced of this if you send for our FREE PROSPECTUS and see what hundreds of our past students think of us.

NEXT CLASS MARCH 12th.
FEE \$25 ON ENTERING.
