AND FOR THE

**EVERFAST STAINLESS HOSIERY****Mercantile Summary.**

THERE is to be, it appears, an amalgamation of the gas and electric light company and the incandescent light company of Brookville, bringing the light under one management.

THE Sarnia Observer says that Wright &amp; Co., of Chatham, have purchased the old skating rink in the former town for \$1,500, and will do a wool and skin business in it.

We learn from the Chatham Planet that a change has taken place in the dry goods firm of Wall &amp; Butler, of that town. Mr. Butler, who has been four years manager and partner, retires from the business and his interest has been assumed by Jno. Wall, jr.; the business will be continued under the style of John Wall &amp; Co., the partners being father and son. The Planet speaks in terms of warm praise of Mr. Butler, as a first-class dry goods manager and a whole-souled man, regretting that he leaves Chatham to go into business elsewhere.

APPROPOS of the threatening sort of statements made in the President's message about the C. P. R., we recall that Mr. A. T. McKinnon, general manager of the Montreal and Concord Railway, laughed at the New York Sun's crusade against the C. P. R. and other Canadian railways. That gentleman declares that the interests of American railroads do not demand restriction of the C. P. R. As proof of this Mr. McKinnon cited the fact that an elevator is being built now in Boston by an American company at a cost of \$1,000,000, and this is to handle grain carried from the west by the C. P. R.
