OILS, PAINTS AND GLASS.—Business is reported good and payments improved. Further advance has to be noted in turpentine, which is now quoted at 47c. per gal. for single barrels.

Castor oil continues to strengthen, and 10c. is now given as the lowest figure for fair quantity. The stiffness in leads continues, and it seems pretty well understood that a further slight advance will be established next week. Other lines of goods are all steady at quotations. WOOL.—The London wool sales opened this week, and a cable received on Wednesday reports an advance of 5 per cent. on closing prices of last series. This was anticipated.
