

DETAIL OF MAIN ENTRANCE, REGISTRY OFFICE, TORONTO.

DETAIL OF COLUMN CAPITAL, REGISTRY OFFICE, TORONTO.

floor, and easy access to the map file room in the basement.

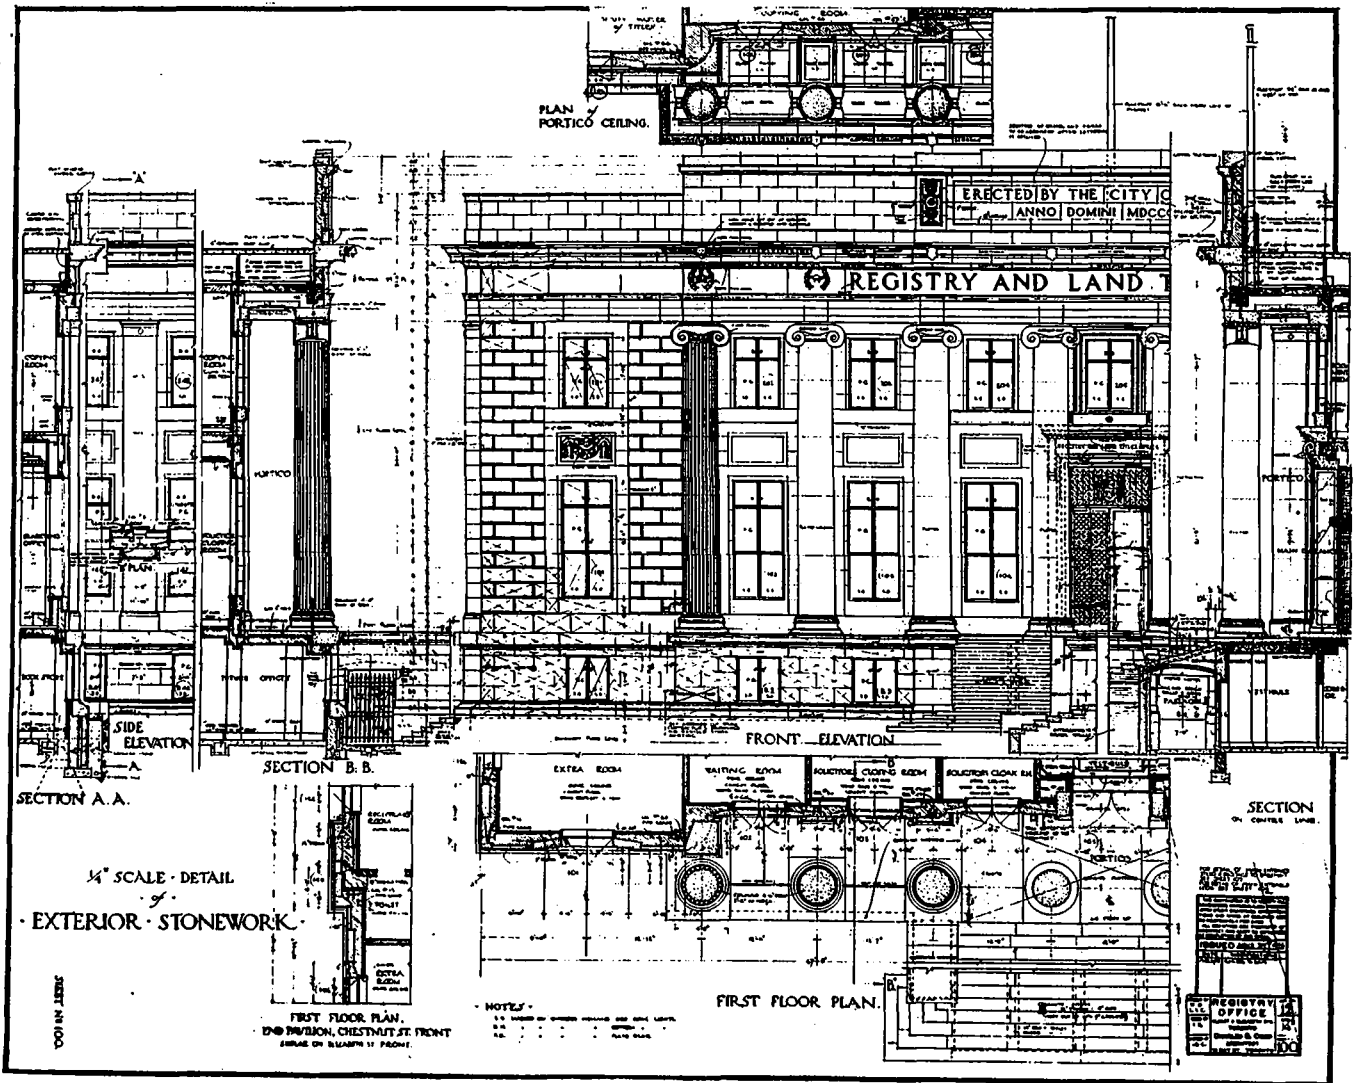

Opposite the receiving spaces and separated by glass partitions is the office of the Deputy Registrar, and adjacent to it is the abstracting room, which in turn is in easy access to the searching office, which occupies the entire rear of this floor of the building. The searching room, which constitutes a library of title abstracts taken from the original documents, is 53 feet by 73 feet in size, abundantly lighted from three sides. Telephone booths are here provided for easy communication of law clerks, while making searches.

A rear service hall, staff stair, and entrance

with book lifts and ladies toilet room complete the accommodation of this floor.

*Second Floor.*—On the Albert street frontage is housed the "Land Titles" section of the Registry Office. This department takes care of that part of title registry when same are guaranteed under the Torrens system. A searching office with top and side light directly accessible from the main stairs and elevator corridor is provided. Grouped around this are the document room, abstracting and comparing room, and private office suites of the Master of Titles and his deputy, lavatories, etc., for public and staff, complete the arrangement of this department.

*Basement.*—In the basement are storage
