

# Students-What About Vacation?

Do you have to earn money?

If so and if you are a good convincing talker, we may be able to help you.

We are interested in a high class real estate proposition in Ontario which is good enough for you to interest your best friends in.

You can earn according to your ability as a salesman, but if you can't make \$10.00 per day with us, then you are not a good salesman.

We want a few reliable, conscientious hustlers who are good talkers and who have confidence in themselves and who can win the confidence of others. The writer of this has been in your shoes and this is why we make this offer to you.

A good man can easily save \$1,000 with us during the coming summer.

If you want to, then drop me a line and I will make you a proposition. You can work during the summer either in your home neighborhood or elsewhere if you prefer.

Remember, I belong to the same Alma Mater as you do.
