Canadians can help as Angola rebuilds

n response to Canada's efforts on the U.N. Security Council to bring an end to Angola's civil war in 2002, the Angolan government is seeking greater Canadian involvement in the development of its economy. This vast country on the southwestern coast of Africa is endowed with considerable natural resources including oil, diamonds and other mineral products, fertile highlands and abundant water resources.

A recent visit to Ottawa by senior Angolan officials resulted in the signing of the Canada-Angola Joint Declaration of Intent on Strengthened

Bilateral Relations, committing both governments to continue political dialogue in areas such as electoral, judicial and parliamentary reform while promoting trade and investment.

The best opportunities for Canadian companies lie in the supply of technology, equipment and consultancy services. Those that offer technical assistance and technology transfer are preferred to companies interested solely in selling goods. As Angola is in the process of rebuilding, there are business opportunities in almost all sectors.
