I respectfully suggest, in view of evidence that the Solicitor General (Mr. Allmand), the RCMP and Montreal police have placed before us, there is need for controlled and limited wiretapping in this country. Therefore my party and I are in the position of having to oppose the grouping of amendments as put forward by the hon. member. That does not in any way detract from the position we have taken on other amendments before the House or on amendments which have yet to be debated. There are important principles relating to the nature, scope and extent of control which must be considered. I would not want my remarks today to be construed in any way as a diminution of or withdrawal from earlier positions taken, positions which were forcefully put by some colleagues.
