

London, May 11th, 1923.

Sir A.W. Currie, L.L.D.
Principal McGill University,
Montreal, Que.

Dear Sir :

The position of Graduate Manager under the Governing Body is still open, I believe, and I am writing to you to bring before your attention the name of Charles Fraser who is at present the Graduate Secretary of the Students Council. Mr. Fraser has been connected with the Students Council for over two years and is thoroughly conversant with the work as at present being done and also what will be required from the Graduate Manager in the new position.

Dr. Lamb is a great friend of Mr. Fraser's and for that reason I do not think he would press his name for the position but I know that he would like to have Mr. Fraser as Graduate Manager, as would Frank Shaughnessy. It is very important in this position, I should imagine, that the head of the Physical Education Department and coach of the Athletic teams should be able to work in close connection with the Graduate Manager and this is one of the reasons why, in my opinion, the name of Mr. Fraser should be considered.
